WEEKLY WEATHER SYNOPSIS.

WEEKLY WEATHER SYNOPSIS.

Victoria Meteorological Office,
8th to 14th March, 1905.

During the first three days of this week the weather was remarkably fine and warm founce and the prevalence of dry northerly winds from Cassiar, accompanied by snow squalls along the northern coast and some snow upon the highlands, even extending to the Sooke hills. During the prevaling northerly winds here, which were only moderate to first in force, an easterly gale was reported at Cape Flattery, and on the night of the press from the prevalence of the home.

Seattle paper reports that five tons of eastern bonnets were included in the cargo of the steamer Dolphin on her last trip north. The millinery is mostly consigned to Dawson.

—L'Alliance Francaise wish to express thanks to the press for bringing to the prevalence of the public the French lecture given in Institute hall last evening, also to Messrs. Lombard and Abel for the assistance they rendered.

Wood Phosphodine

The Grat English was assisted by her state, large company of friends. The was assisted by her state, but have pressed and the good wishes of Canada and the groom by Mr. Jos. Law and the groom dry on the Mainland, only light showers on the Lower Fraser valley and no precipiation either in Kootenay or Cariboo.

oba the lowest daily temperature was bezero from the 9th to the 14th and from ternoon. e 10th to the 14th in Northern Ontario.

on 7th, 12th and 13th.

THEM AND CURED HER. THEM AND CURED HER.

For fifteen years Mrs. John A. James, of Wiarton, Ont., was a great sufferer from Heart Diseased For days at a time she was confined to bed, and it seemed as though every breath might be her last. Her physicians said that she might "drop off" any minute. With woman's tenacity in suffering, and believing that "while there's life there's hope," she started using Dr. Agnew's Cure for the Heart. Three bottles cured her.

This remedy relieves in thirty minutes and cures every form of heart disease and nervousness.
