## FIVE KILLED IN WRECK ON BOSTON AND MAINE RAILWAY

More Than a Score of People Injured—Special Military Train Ran Into Regular Express Near Troy, N. Y.—Scene of Wreck Was Terrible—Engineers of Special Placed Under Arrest—Will Hold Investigation

LANESBURG, N. Y., Oct. 4.—Five passengers were killed outright and a score were more or less seriously injured in a rear end collision between a regular passenger train and a military special on the Boston and Maine railway, three miles north of Troy, shortly before five o'clock today.

The wreck occurred directly in front of the Lanesburg station, three miles from Troy, and at a point where the grade is one of the steepest on the line of the road, which winds its way through the mountainous country to Boston. The elevation is about 20 feet with a steep embankment where the collision took place. The passenger train was one of the fastest on the road. It is a regular train, known as No. 5, and leaves Boston daily at 8:30 a. m. for Albany. It generally consists, as it did today, of five cars, a baggage car, smoker, day coach and two parlor cars.

As near as can be ascertained the train was about one hour late today when it pulled up in front of the Lanesburg station to wait for a chance to get into the Troy depot.

Some of the railroad men say that as soon as the train stopped a flagman was sent to the rear to signal approaching trains. Nothing was seen or learned on this point. There is a sharp curve a short distance above the scene of the collision. The noise of a locomotive just around the curve was the first intimation of the approaching special which came thundering along with 13 cars on the steep grade, and in the fraction of a second had crashed into the rear of the passenger train, smashing the last two cars, which were Pullmans, like eggshells.

Both these cars were swept from the track and rolled down the embankment into the back yards of tenement houses.

The engine of the special kept right on for a dozen yards and then turned turtle. The tender was thrown overboard and the engine and tender came to rest on the back and telescoped it. There was a sudden hush and then through the gathering dusk rose the cries of the injured and dying. The place where the wreck occurred is difficult of approach and it was some time before Lanesburgers realized the tragedy that had been enacted in their midst.

The special was drawing four troops of the 14th U. S. Cavalry from Fort Ethan Allen to Newport News, where they are to embark for Cuba. The soldiers quickly got to work to rescue the injured, who cried for help could be heard all about the line.

Many of the passengers on the ill-fated train had left the train when it came to a temporary standstill and were pacing up and down the track when the crash came. To this some of them probably owe their lives. One man's grief was pitiable. His name was J. W. Ducey, and he ran up and down the track crying for his wife. In a few minutes, when her lifeless form was identified by him, he collapsed completely and was taken to a nearby house.

There he told his listeners that he had been married last night at Arlington, Mass. The couple had planned an extended trip. Tonight he was making arrangements to take the body of his bride shortly to Arlington.

Engineer Thomas Holleran, of the special, who lives in Troy, immediately went to the police station in Lanesburg and surrendered himself. He was locked up and would make no statement. His fireman, whose name is said to be F. A. Brown, of Mechanicville, could not be found tonight.

It is said that the conductor of the special was J. Collins of Lanesburg. The special was made up of seven Pullman and eleven horse cars, the latter being in front of the train directly behind the wrecked engine. There were four troops of cavalry, about 350 men and 400 horses. The fact that the men were in the rear of the train saved many lives, it is believed. Two horses which were injured in the telescoped car directly back of the engine, were shot.

A private despatch received late tonight from Alfred L. Tarbox announced that he and his wife and their daughter Louise, who were on the wrecked train, were not injured. The despatch was sent from Albany.

All the Bath people who were on the train are members of prominent families here. Mrs. Charles Mason is the wife of a prominent Bath merchant. E. W. Hawthorne is a sister of James T. Morse, treasurer of the Eastern Steamship Co., and Mrs. Eliot's husband is captain of the Steamer S. S. C. Miss Virginia Manson and Miss Elizabeth Shaw, belonging to the Eastern S. S. C. Miss Virginia Manson and Miss Elizabeth Shaw, belonging to the Eastern S. S. C. Miss Virginia Manson and Miss Elizabeth Shaw, belonging to the Eastern S. S. C.

## CHRISTIAN SCIENCE LECTURE LAST NIGHT

Large and Interested Audience Heard

Bicknell Young, of Chicago, in the Opera House

Bicknell Young of Chicago, delivered a very interesting address on Christian Science in the Opera House last night. David Magee acted as chairman and introduced the speaker with a few well chosen remarks. There was a large audience present, the body of the house completely filled, and the address listened to with marked attention.

Young is a fluent and polished speaker and presented the claims of Christian Science in a most convincing manner. Mr. Young said in part:

"Christian Science may be defined as the science of all that relates to God, and is science not only in relation to healing, but as corrective in relation to all problems of existence. Accepted theories of religion and science have scoffed at the association of these words, but reason and logic show conclusively that science must relate to truth, and therefore to God, since God is the cause and basis of all that is true."

"Christian Science does not proclaim a new God or a new law, but comes declaring the same God, and the same law that Jesus declared, the one infinite eternal God, who is good, and His good and unchangeable law. Christian Science declares the omnipotence, omniscience and omnipresence of God as that basis shows that evil has no power, knowledge nor presence in evil words, that it is unreal."

"Christian Science never ascribes evil to God or makes Him in any way responsible for it, but shows that evil originates in a belief of material existence entirely apart from God, and unsupported by science or truth. Of all

people, Christian Scientists believe most absolutely in Christ. They accept the teachings of Christ Jesus without reservation. They declare that His command to love the sick is as binding as that to preach the gospel, and that there is no evidence that it was intended for His time only. It was scientific religion that healed the sick in the time of Jesus and His disciples, and it does the same work now, and must always do it, since His life and work were an example for all time, and His method was a universal and imperishable heritage of man.

"Christian Scientists are in no way arrayed against those who believe in material medicine. They were all believers in it themselves until they found in Christian Science a more efficacious way of healing. This way they believe to be the very best one, because it is God's way, as shown in the works of Jesus. Although charitably disposed towards those who practice material medicine, we, in common with all well informed people, recognize the fact that it is merely an experimental system. Surely after four thousand years it ought to be beyond this stage. Furthermore, it is a self-confessed condition of weakness that combinations of medical societies and the medical fraternity generally should come before our legislatures demanding special legislation; the tendency of which is almost invariably to shut out all other systems. Nor can any valid excuse be given, as far as Christian Science is concerned, on the ground of protection to the public, since Christian Scientists do not advertise nor sanction quackery, and they believe in obeying the regulations of health boards in relation to contagious and other diseases.

"Those who believe that mentality plays some part in disease and its cure generally look in the wrong direction, and say that the cures of Christian Science are effected by mental suggestion, hypnotism, will power, some other erroneous or material belief. Christian Scientists, however, do not relate to Christian Science, or through Christian Science, and they of all people know best."

The lecturer closed with a tribute to Mrs. Eddy, whose character was so high and pure that he would consider it presumptuous to eulogize her.

## CLASSIFIED ADS.

**SITUATIONS VACANT-FEMALE**  
WANTED—Good girl for general housework. Apply between 6 and 8 p. m. Apply MRS. W. A. LOCKHART, 133 Princess street. 5-10-6

**NEPTUNE CLUB GAVE  
SMOKER LAST NIGHT**  
Winter Season Opened Very Auspiciously  
—Large Attendance and Excellent Programme Given

The Neptune Rowing Club opened the winter season with a very successful smoking concert last night. There was a large attendance of the members and their friends, and the evening was spent very pleasantly.

G. Haber Vroom, the president of the club, presided.

The following programme was carried out during the evening: Opening address by the chairman; vocal solo, Eric Titus; step dance, Messrs. Murphy and Hargrave; vocal solo, E. A. March; vocal solo, Fred T. McKean; vocal quartette, Messrs. Bessell, Matthews and Gandy; whistling quartette, Messrs. Smith, Hoyt, Donald and Hoyt; vocal solo, Jack Matthews; J. S. Ford acted as accompanist for the various numbers in a most acceptable manner. During the evening several exhibitions of boxing were given by members of the club. At the close of the programme four very handsome silver cups which were offered by Messrs. Waterbury & Rising as trophies for the hand ball tournament last season, were presented to the winning teams by E. L. Rising. Frank White and A. R. Carlos, the winners of the senior league, and D. C. S. Emerson and H. J. C. McIntyre, who led in the intermediate league, received the trophies.

To cure Headache in ten minutes use Kumfort Headache Powders, 10 cents.

## PARALYZED AS A RESULT OF INJURY

George McKnight of Kierstead Mountain Brought Here From Stockholm and Taken to Hospital

George McKnight was brought from Stockholm, Maine, last evening on the Boston train and conveyed to the hospital in by Dr. McKnight. McKnight was brought on a stretcher and was in charge of Dr. E. M. Brundage of Millstreet, Kings county, the family physician who went to Stockholm for that purpose. Mr. McKnight, who is a blacksmith, belongs to Kierstead's mountain, Kings county, and went to Stockholm last April, where he owned a shop. Wishing to enlarge his building, he had a fulling mill erected, and engaged moving part of it, when accidentally they allowed one end of the building to fall, pinning Mr. McKnight to the ground. He was taken to his home, where he has been cared for until the present time.

The unfortunate man is in a critical condition, having been seriously injured in the spinal column. He is completely paralyzed in both legs from the hips down.

Mr. McKnight, who is a man about 35 years of age, is married and has a large family. Only a few months ago his father died. His mother is still living.

## DR. MURRAY WILL APPEAL CASE

Claims Wrong Admission of Evidence in Recent Scott Act Trial

RIVERSIDE, A. Co., Oct. 4.—Dr. S. Murray of Albert, who was fined \$25 and \$4 costs at Stipendiary Stuart's court here on Sept. 18th, for issuing prescriptions for liquor for other than strictly medicinal purposes, has given notice of appeal, and the case will be tried before Judge Wedderburn at the county court on Oct. 22nd. The grounds for appeal are: 1st, that the defendant is not guilty; 2nd, that the magistrate has no jurisdiction; and 3rd, wrong admission of evidence. The case, which attracted considerable interest, was brought by Scott Act Inspector Staines on August 28th, there being several adjournments. It was shown in the evidence to the court that during the period between March 20th and June 2nd, the defendant had issued 412 prescriptions for liquor. Six of the witnesses who, during the time, were attending to their daily avocations received prescriptions ranging in number from twelve to thirty-one each. When the matter is ventilated before the county court Judge an interesting case may be looked for.

## FOR SALE.

FOR SALE—Two pool tables. First class condition. Cheap for cash. Inquire 5074 Main street. 2-10-6  
FOR SALE—If any dealer in second hand clothing wishes to purchase ladies' clothing in good condition, they can obtain address by calling at the Star Office. 23-8-6

## GOT MOOSE IN RECORD TIME

Securing a fine moose within an hour after going into the woods is a record so far as this season's big game performances are concerned. On Thursday evening, Sept. 27, Charles Daney, proprietor of the Park Hotel, John McAllister and party left Saint John at 11:25 and in an hour Mr. McAllister had secured his moose. The animal measured 3-4 inches and the animal weighed 800 pounds. William Kierstead acted as guide. Mr. Daney and his friends are still in the woods, and it is quite probable that they have met with still greater success.

## English Oilcloth and Linoleum.

New Patterns for Fall Just Arrived.

George E. Smith, 18 King St.  
Furniture, Carpets and Oilcloths.

## ANOTHER CHARGE AGAINST PERRY

It Was Made by a Man Named Morrison —Chief Does Not Think it Very Serious

Chief Clark's investigation into the case preferred against Officers Sullivan and Perry was continued yesterday afternoon. It is understood that nothing further was gone into in the Cronin case, but that a charge was made against Officer Perry by a man named Morrison. The accusation borders on theft.

Chief Clark when seen last night did not wish to discuss the matter, saying that probably the affair was the outcome of a jest. It would seem that Morrison one had the notion of Perry, and the officer to get even with him secreted some possession of his. The investigation will be continued today.

Pending the chief's investigation, neither officer will discuss the matter or say what legal action they will take. Officer Perry with Mrs. Perry left yesterday on a short trip into the country, but they are expected back today.

## ACCUSED OF ROBBING

TORONTO UNIVERSITY

TORONTO, Oct. 4.—The News tonight published a long article accusing T.W. Holloway, real estate agent, who sold the old Upper Canada college grounds for the Toronto University, of robbing the university by buying large blocks of land in another man's name and selling them again at a profit of one hundred per cent. One block for which \$16,500 was paid, realized at the rate of \$25,500, leaving a profit of \$19,250.

Beach warrants were issued today for the arrest of Lillian and Gertrude Hudson, two sisters, connected with the York Loan case, in which Phillips is charged with theft.

STILL THEY COME.  
A London despatch of Sept. 28th says, "At Bow street a lad of sixteen, charged with embezzling his employer's money, was remanded in order that arrangements might be made by friends to send him to Canada."
