

THE BEST THAT IS THINE.

What is it thou askest, dear heart of mine? Rest from the cares of the life that is thine? Rest from the tiller and the sorrow of sin?

Poets vagrant, in New York City, but what possible link of sympathy is there between this character and the young man of respectability and honor?

THE YOUNG MAN AND THE CHURCH.

BY EDWARD W. BOK. (Re-published by Request.) The pastor of the fashionable city church and the minister of the humblest country meeting-house are alike in one respect, it is dissimilar in many others.

For a period of two or three years past, having in view the writing of this article, I have conversed both among and outside the young men of my circle.

I have talked with stewards of the Methodist Church, with elders of the Presbyterian Church, with vestrymen of the Episcopal Church, and with churchmen and laymen in general.

It is a lamentable fact that the average young man of this country has a very shallow knowledge of the Bible and the principles of religion.

The modern pulpit is sluggish and slow. It is a fact, and it is a pity, that the average young man of this country has a very shallow knowledge of the Bible and the principles of religion.

The character of the "Cyclopedia of Current History" is fully indicated by its name. A glance at the contents of the present number (third volume, 1894) will prove it.

GRANGER CONDITION POWDER. The Hygiene Powder. For Immediate Relief after Eating Use E. B. C.

The fact of the matter is, that go into any of our large cities, and the minister who really interests young men are quickly discovered, and their churches are soon thronged with young men.

Why is it that men, old and young, always throng to hear Henry Ward Beecher? Because they felt that there was a man who was one of them, and could understand the man who was one of them.

It is a lamentable fact that the average young man of this country has a very shallow knowledge of the Bible and the principles of religion.

small city and has heard the ministers of all its churches. He tells me that now, on Sunday morning, he remains at home, takes down the Bible, reads it himself, and extracts from actual help from one chapter of Proverbs than his experience with the ministers of his city has taught him he can expect from their expositions.

The minister of today must remember that he is not the only one of intellectual or moral instruction for the community, as was true a hundred years ago. He talks today to a far more intelligent and broad-minded audience than did his predecessors.

Some will argue that the real difficulty is not with the minister; that it is fundamental and concerns the church. It has been asserted that church members are the cause of the trouble, for it is often from them that the minister naturally touches the intelligent young man who has been taught that Christ does not teach dogma, but life.

The oldest church in the United States is the church of St. Michael, at St. Paul, N. B. It was erected seven or eight years before the founding of the Pilgrims on Plymouth Rock, twenty years before the founding of St. Augustine, Fla., and fifty-three years after the landing of Columbus.

A German military journal publishes statistics of the shells discharged by the Germans against French fortresses in the war of 1870. The statistics show that the Germans discharged 119,600 shells.

The substitution of camels as working animals for horses and oxen has been going on rapidly in many parts of Russia recently. In some provinces the draft horse is almost entirely superseded, and the only horses in use are for riding or driving to light vehicles.

Blood Poison THE BANE OF HUMAN LIFE, Driven Out of the System by the Use of Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any help whatsoever. Hoping that a change of climate would benefit me, I went to Cuba, to Florida, and then to Saratoga Springs, where I remained some time, making the waters. But all was in vain. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifested. To-day I can boast of myself a perfectly healthy man, with a good appetite and the least trace of my former complaint. To all my friends, I especially recommend Ayer's Sarsaparilla, if in need of a perfectly reliable blood-purifier."

THE SEASON OF COUGHS and COLDS. We See Sallow and Bloodless Faces and Attenuated and Lank Bodies.

Mothers Not Sufficiently on the Alert to Guide and Counsel Their Daughters. Paine's Celery Compound and The Great Brain Food and Flesh-builder for all Young Girls.

Overstudy in school and in the home, confinement for hours each day in badly ventilated buildings, and a too rapid growth of body, very often promote disease and suffering. Thousands of young girls are suffering to-day. They may be seen going and coming from school, their pallid, bloodless faces, their attenuated or lank forms indicate disease.

Mothers are to blame for the unhappy and dangerous condition of their girls. They strongly encourage their daughters in over-study—drugging the brain, but neglect to warn them of the rocks and quicksands on which many precious lives are wrecked. The results are often terrible. Headache, nervous prostration, debility, irregularities of the system, dyspepsia, liver trouble, and other forms of disease bring quite an army of young girls to the grave every year.

Wise and prudent mothers, when any symptoms of danger attend their girls, invariably use this great brain food and flesh-builder, Paine's Celery Compound. This wonderful medicine enriches the blood and gives it a free and healthy circulation; it braces the nerves, gives physical strength, promotes good digestion, and gives sweet natural sleep.

No other medicine in the world can give the satisfactory results that flow from the use of Paine's Celery Compound. It should be the chosen remedy for every young girl who is delicate, weak, and sickly. Mrs. A. R. Stinchcombe, 19 William St., London, Ont., writes as follows: "DEAR SIR:—I think it a duty to write you for the benefit of all who are delicate children, and to make known what Paine's Celery Compound has done for my girl. She has been delicate all her life. I have tried many medicines, and have had her under allopathic and homoeopathic treatment, but with little benefit. Almost in despair, and as a last resort, I tried Paine's Celery Compound, and after using three bottles she is now perfectly well and strong. I have also used your medicine myself for complications arising from over-work and loss of rest, and am greatly benefited thereby. I would strongly urge all who are in any way afflicted to do as I have done, 'try Paine's Celery Compound,' and be convinced of its wonderful curative power."

A Cure for Headache. DEAR SIR:—I have been troubled with Headache for a number of years. I started to take B. B. B. and now I am completely cured. It is an excellent remedy for Headache and Distress. MRS. MATHIAS MARTIN, Boston, Ont.
