Mrs. F. Roberts had a very pleasant evening party on Monday last, and two small dinners were also given. But there was nothing large enough to explain the small audiences on Wednesday and Thursday when Sonna's band played at the academy, except that a Halifax public is a very uncertain thing. Scusa conducted with all his old magnetism, and some of his selections were a joy indeed. The great trouble was that the academy was too small for the volume of sound produced.

On Wednesday evening there was a smart little supper after the performance.

On Tuesday afternoon Mrs. F. Phelan had a very pleasant little tea, for Miss Shea, of St. John's, Newfoundland, who is staying with her sister, Mrs. W. Tobin.

On Thursday there was a cricket match on the Garrison ground, at which there were a good many spectators, chiefly garrison people, and the usual tea.

This week Mrs. Charles Archibald has a reception for the members of the Woman's Council, to whom the week has been practically devoted. Mrs. Montgomery Moore and party arrived just in time for the reception of this evening.

Mrs. Hartley has arrived from Barbados and will spend the summer with Mr. and Mrs. Slater, to the very great pleasure of her many friends. Mrs. Wood is shortly expected from England, and will make a long visit to her mother, Mrs. James Dallas.

Mrs. Leach, who has been spending a short time in the country, has returned to Oaklands.

Mrs. Evans Gordon and Miss Henry have also returned to Halifax, the latter to take up the onerous duties of secretary to the Woman's Council, which will be heavy indeed this week.

Prince Victor Duple Singh, who was for some time a familiar figure in Halifax society, is to have a prominent place in the Queen's jubilee procession. He is the highest in rank of the princes representing India, and his carriage will precede all those of his fellow countrymen and come next to royalty. Prince Victor, who is now the Maharajah, will be accompanied by his brother, Prince Frederick.

The Princess of Wales' fund for the entertainment of the poor has prospered better than ours, which grows very slowly. The Indian famine fund seems to have exhausted Halifax purses, with a few exceptions; it is curious how much more popular are extraneous charities than local ones.

Captain and Mrs. Humphreys have taken Mr. A. Wiswell's house for the summer. Mrs. Humphreys is a sister of Mrs. Frothero, who was so very much liked here last year, and is quite as charming.

Mrs. Nelson, wife of Lieut. Nelson of the Pallias, is established at the Grosvenor.

The vital craze this summer in society will be golf, as last year it was bicycling. This is cheerful news for such people as do not care for wheeling and are gifted with infinite patience, since one may say, for the benefit of the ignorant, that golf has been described lately as "chasing a pill round a pasture." The only links here are those belonging to the Studley Golf club, and it is very hard to find others; the common would be an excellent place but is of course unavailable, as golf balls are dangerous missiles. A golf outfit, by the way, is a very expensive thing, unless one is contented with ordinary golf sticks.

Invitations are out for a garden party at Admiralty house on Saturday next, which will be the first such gathering of the season. There will be tennis, as usual, and the first appearance also of many smart summer toilettes, provided that the rain does not arrive and necessitate tweeds and sailor hats.

The reception given in the provincial building on Monday evening was a very brilliant affair. The invitations were issued in the name of the Countess of Aberdeen, and the event was in honor of the delegates to the annual meeting of the National Council of Women of Canada. The building was brilliantly lighted and decorated with palms and plants. On the throne on the west side of the room Lord and Lady Aberdeen supported by their aide camp and Governor Daly received the guests who were announced by Colonel Curran. The countess was seated in a handsome black satin en-train, with trimmings of cherry satin and wore ornaments of diamonds and pearls. She wore a magnificent tiara of diamonds and large ear rings making a very dazzling effect. Her large bouquet was of lilies of the valley. The governor general wore the vice regal distinctions. The evening was a delightfully pleasant one and it was after eleven before the leave takings began. Many beautiful gowns were worn among them being the following:

Mrs. Charles Archibald, president of the Local Council, looked particularly well in a magnificent dress of silver gray brocade silk with pale pink trimmings.

Mrs. May Wright Sewall, of Indianapolis Ind., wore a handsome dress of cream silk, elaborately embroidered.

Mrs. Willoughby Cummings, corresponding secretary of the National Council, was in black satin, trimmed with jet.

Mrs. J. C. Mackintosh, black grenadine over yellow silk.

Mrs. Col. Anstruther-Duncan, pale blue brocade silk with blue chiffon.

C. C. RICHARDS & CO.

DEAR SIR.—For several years I suffered so severely from neuralgia that my hair came out and I was entirely bald. I used MINARD'S LINIMENT freely, which entirely cured the neuralgia, and to my astonishment I found my hair growing rapidly, and I now have a good head of hair.

We hear a great deal about purifying the blood. The way to purify it is to enrich it. Blood is not a simple fluid like water. It is made up of minute bodies and when these are deficient, the blood lacks the life-giving principle. Scott's Emulsion is not a mere blood purifier. It actually increases the number of the red corpuscles in the blood and changes unhealthy action into health.

If you want to learn more of it we have a book, which tells the story in simple words.

## A Row in the Choir

Henry Ward Beecher used to say that the evangelization of the world could never be accomplished until the church choir was dispensed with. It is proverbial that choirs are given to internal dissension. We do not pose as missionaries. We are selling Throat Kumforts for the money there is to be made out of it. But it has been shown time and again that where we have introduced Throat Kumforts into choirs the enthusiasm they have created has spread oil on the troubled waters. They make the voice clear as a bell for speaking and singing, and the choir that has once used them will never thereafter be without them. Put up in neat tablet form, convenient to carry and use. Invaluable for smokers' sore throat. Try a box for next Sunday.
