WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World
—Known Only For The
Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

Fox Creek, N. B.—"I have always had pains in the abdomen and a weakness there and often after meals a soreness in my stomach. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better and I can work with ambition. I have encouraged many mothers of families to take it as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM S. BOURQUE, Fox Creek, N. B.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

A wedding of much interest to many in St. John, was that of Miss Kathleen C. Chandler, daughter of Mr. R. W. Hewson, K. C., of Moncton, to Mr. Frank C. Dickie, formerly of the Legislature of that island, is accurate, the people there are very much interested toward their present form of government. According to Mr. Col Cuchi, an overwhelming majority of the Porto Ricans is working for and demanding an autonomous form of government like that of Canada, and if Theodore Roosevelt should be elected President of the United States they are counting upon his granting their wish, withdrawing the United States revenue and other federal officers and sending them a Governor-General with the same circumscribed authority as restricts the office of the Duke of Connaught in Canada.

Americans who have come here from Porto Rico have given glowing pictures of the satisfaction of all the Porto Ricans with the existing order of things. They have represented the island as clamorous for statehood, and anxious to enjoy the full rights of American citizens. On the other hand Mr. Col Cuchi insists that the Porto Ricans do not want statehood, they want to govern themselves, he says. They don't want Woodrow Wilson to be elected because they believe the Democrats would make the island a territory. Mr. Col Cuchi asserts that this sentiment is shared by 110,000 out of the 190,000 voters of the island.

Mr. Col Cuchi is on his way to Spain to represent the Porto Rican government at the centennial of the Cortes of Cadiz in honor of the promulgation of the constitution of 1812 which begins Oct. 1. But Mr. Col Cuchi does not desire Spain as an

overlord. What Porto Rico wants, he maintains, is self-government, and no interference by the United States in its domestic affairs.
