"WHAT O' TO MORROW?"

to think—you will find it a profitable pastime.

ambition of our city is but the sum of the individual
ambition of our many analysis of our many analysis of our many analysis of the individual ambitions of the i

Resolve to think—you will that it a promissis passime.

The industrial ambition of our city is but the sum of the individual ambitions of our people encouraging the individual ambitions of our manufacturers.

What progress will our city make, to what degree of prosperity will it attain in ten years—in they years. Every loyal citizen who has the interest of his community at heart, who is sufficiently far sighted to plan for the future of his children, should give this question first consideration.

The foundation of our industrial supremacy has been laid. Our many natural advantages give promise of better things. The rest lies with us—the future is in our hands. If we show our appreciation of the opportunities offered us—if we encourage the pioneers of industry who showed confidence in us by investing their money here and thru perseverance and industry have built up establishments that merit our recognition and support, by properly patronizing them the biggest step toward our industrial supremacy and greatness will have been taken.

The "Buy Home Producte" rule is the wisest rule for you to follow.

NATURE CURES IN NATURE'S WAY

Old Mother Nature knows what is best for us. This is why her fields and forests are full of healing herbs. When a man has been working too hard—when stomach and liver get out of order—when Indigestion or Constipction bother him—then he ought to go back to Nature and take

Burdock, Dandelion, Mandrake and other purifying, healing herbs go in this famous Tonic and Blood Purifier, which has been making people well for more than half a century. Get a bottle today.

Ex-King Constantine Leaves Greece-Discussion on Situation in House of Com-

Athens, June 14, via London—Entente forces are now landing at the Piraeus and Castelle. Some of the troops are occupying the heights near Phalerum Bay, while others are marching to Athens. The ex-king left Athens today.

The Hague, Netherlands, June 14-A Cologne despatch says that the news of King Constantine's abdication cre-ated a painful impression at German headquarters. The Kaiser expressed great chagrin and sent his brother-in-law and Queen Sophia a message of sympathy

MODERN METHODS USED
BY STUDEBAKER INSURE
ABSOLUTE ACCURACY.

"I believe it is now a generally known fact that the manufacture of automobiles has been revolutionized," is asys J. E. Grady, sales manager of the Canadian Studebaker factory, Walkerville, Ontario, "and nowhere are the changed methods more in evidence than in the system of inspection which is employed by some of the industry's largest producers.

"Take our factory, for instance. The biggest beneft of the thorough inspection methods in vogue at the great Studebaker plants is that they eliminate waste—or, to put it another way, they permit of greater manufacturing the scrap heaps at the waste—or, to put it another way, they permit of greater manufacturing the scrap heaps at the various factories contained many parts in an advanced stage of construction. To other words, there was no inspection of these parts in the earlier stages, which enabled a defective part to go from one department to another, only to have the finished part discarded in the final stage.

"By contrast with this inefficient method, the system employed at the specifications from passing a single operation."

Deal's Sucil Value Hair.

St. John, N. B.

made in the House of Commons by Andrew Bonar Law, chancellor of the exchequer, was received with cheers, but a less favorable reception was statement tast remove alexander had succeeded his father.

Mr. Law replied, "What we hope to gain is a constitutional government representing the whole of Greece."

John Gordon Swift MacNeill, member for South Donegal, asked if in fact is perpetuating the same abuses under another name."

The changello, "What we hope to gain is a constitutional government representing the whole of Greece."

The changel methods more in evidence, the fact that he had practically been expelled from the throne, he should be allowed to nominate his successor.

The chancellor replied that it would not abuse the fact that he had practically been expelled

Don't Spoil Your Hair
By Washing It

When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else, that contains too much alkall, for this is very cheap, and set he hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pleces. The point of the standard wannamaker, who "paid the price" on April, 12th.

Sergeant, Wannamaker was 20 years of age and was born in this very cheap, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Special to The Standard.

Apohafui, June 14— Among the numerous messages of sorrow which are daily being received by anxious relatives and ritends, comes still another, when relatives here, were informed of the "death in Wannamaker, who "paid the price" on April, 12th.

Sergeant, Wannamaker was 20 years of age and was born in this village, where he spent his boyhood, being the youngest son of the late John H. Wannamaker and Mrs. Wannamaker were both Kings county born, and resided here until about ten years ago, when they removed to Claresholm, Alberta, being attracted to the West, since their two elder sons were in business there.

Shortly after taking up their residence there, Mrs. Wannamaker fell ill and died, and about 3 years ago with the price of dust, dirt and dandruff.

there.

Shortly after taking up their residence there, Mrs. Wannamaker fell ill and died, and about 3 years ago Mr. Wannamake too, passed away. The second son Ia Lee Wannamaker, also succumbed to disease within brief time of his mothers remise. Sergt. Wannamaker when still in his teens was thus deprived of his parents and one brother and is survived by just one sister (Winona) Mrs. Stanley Ferguson of Charesholm Alberta, and one brother Herbert L. Wannamaker of Medincine Hat, with whom the more remote relatives and many friends in this vicinity sincerly morn.

many friends in this vicinity sincerly morn.

The young hero enlisted with the Univesity Bastalion of Claresholm, Alta and went overseas some 8 months ago. Corp. Ira Asbell son of Wilmot Asbell of Sussex, who is a Nephew of young Wannamaker, went to visit his company and was one day too late, he having been killed on the day before he visited him.

Corp. Asbell was informed that he had been shot through the head and death was instantaneous.

Sergt. Wannamaker was a young man of exemplary character, and a brilliant student, whose life gave promise of a very successful career, and his untimely death is deeply mourned by many in his native county as well as by many friends in his adopted home in the west.

How You Can Remove Every Trace of Hair

(Toilet Talks)

A stiff paste made with some poudered delatone and water and spread on a hairy surface about two minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed.
