

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., MARCH 23, 1901.

CAMPAIGN BUTTON.

Army night. The air was full of the snow was wet, and the streets cars were well filled, as was usual on such stormy nights. A crowd of the shoppers had hurried earlier and so reduced the pressure on the hall floor of the day when the me-going crowd is the densest. But the seats were all taken and standing room was more or less in demand. In one of these cars an eastbound one, a sharp featured girl of perhaps fifteen years, was seated near the door. She was a bright-eyed girl with thick brown curls and a firm little mouth; a plainly dressed girl with an ancient black urban and a dingy golf cap that evidently had belonged in its palmyer days to an older and much larger person. Presently the car slackened speed and a stout man, dressed about as he had on a heavy coat with upturned collar and a silk handkerchief muffled his throat. He was pulled down low on his forehead and little of his face was to be seen. He stood for a moment in the aisle and then the girl in the golf cap caught his eye. "I think there is room here for you, sir," she said, and pushed up closer to her left-hand neighbor. The stout man looked down in amazed surprise. "Thank you," he said, and raising his hat politely, took the seat she indicated. The girl looked at him and smiled. "That was very nice of you," she said in a low voice, "to lift your hat like that. Nobody ever did it before." "Indeed," said the stout man, with an answering smile. "I'm surprised to hear you say so."

McKINNON CHOSEN.

Majority in East Queens Over Three Hundred.

Charlottetown, P. E. I., March 22.—(Special)—The election in East Queens today resulted in the return of D. A. McKinnon (Liberal), over Alexander Martin (Conservative), the same candidates as were in the contest at the general election. The contest was quite vigorous, the candidates holding joint meetings from the beginning to the end of the campaign. Sir Louis Davies took an active part, speaking at large meetings in the principal centres. From the outset Mr. McKinnon's success was confidently predicted by his friends. Great interest was felt in this city where the members of the legislature awaited the result. When the telephone brought the tidings from the first polls, they showed considerable Liberal gains. McKinnon returned with a majority of 371 of the 671 of a majority with nine polls to hear from. The aggregate vote of the nine polls at the general election gave McKinnon 481, Martin, 533. The voters who came to the city state that the McKinnon vote was increased considerably. Liberals contend that when the full returns are in, McKinnon will have 400 majority. Many of the polls not heard from are distant from the telephone offices. Owing to the election, little business was transacted in the legislative which opened at 4.30 p. m., and adjourned at 5 p. m. C. W. Simpson moved the address in reply to the speech from the throne. Ottawa, March 22.—(Special)—There was great satisfaction among the Liberals here over the election of Mr. McKinnon in East Queens. The returns from North Bruce are not complete. So far as heard from the center is apparently close.

MOB OF STRIKERS

Broke Through Cordon of Infantry at Marseilles.

Marseilles, March 22.—A conflict here today owing to strikers endeavoring to break through the cordon of the troops protecting the men working on the docks, resulted in three gendarmes and a soldier being injured with stones. A revolver was also fired on the side of the strikers, of whom 15 were arrested. The situation here is very disquieting owing to the very angry attitude of the strikers. During the disorders today the panic spread to the townspeople, and stores, restaurants and cafes were closed. The Line De La Cannebiere and the other leading thoroughfares of the city were deserted. It was feared that the mob, which was charged by mounted gendarmes and lancers, would attempt to pillage. A crowd numbering 2,000 burst through a cordon of infantry along the Quai de la Cavalerie and drove the strikers back. A volley of stones was then thrown in all directions and a brigadier, two gendarmes, a lances and several infantrymen were injured. One gendarme was stung, thrown from his horse and trampled upon by the cavalry. He was removed to the hospital where he lies in a critical condition. The strikers are irritated at the refusal of the premier to receive the Socialist mayor of Marseilles, M. Fleissieres, who sought to obtain government pressure to force the masters to negotiate. M. Fleissieres threatened that the Socialists will make reprisals for this refusal that he stood aloof from the Kruger demonstration at a moment when, as he puts it, by entering Mr. Kruger's house he might have won a popular triumph. Two hundred women, several with babies in their arms, took part in today's demonstrations in spite of the rain. With the exception of the Socialist organs, the press shows little sympathy with the strikers. The public generally recognizes the existing contracts, there is little interest in this proposal being accepted. Mayor Fleissieres exhorts the population to be calm. Marseilles, March 21.—The strike committee has informed the prefect that the strikers will resume work if the co-operative system, without contractors, is adopted. As the shipping companies are bound by existing contracts, there is little interest in this proposal being accepted. Mayor Fleissieres exhorts the population to be calm.

WOLFFVILLE NEWS, P. E. ISLAND NEWS, Legislature Opened Monday Afternoon.

Good Results of Evangelist Gale's Services--Forward Movement Success.

Wolffville, N. S., March 20.—The meetings conducted by Evangelist Gale in this town were productive of much good. Over 200 expressed a determination to follow Christ, while hundreds of professing Christians were strengthened. During these services many from the seminary, college and academy have been blessed. Sunday morning Dr. Trotter preached an able and instructive sermon in the Baptist church. In the evening 20 students from the college and academy were baptized by the pastor, H. R. Hatch. The many friends of Aecadia will be glad to learn that the president has announced the third annual installment, \$15,000, of the "forward movement fund" has been collected. This makes the third payment from Mr. Rockefeller's gift forthcoming. The students have been rather antipathetic to the base ball team. A match between two teams, Chipman Hallers and outsiders, was played last week on hockey skates, on the ice which covers the campus. It was an active as well as a novel game and was enjoyed by a large crowd of spectators—score 18 to 9 for Chip. Hallers.

Legislature Opened Monday Afternoon.

Charlottetown, P. E. I., March 19.—(Special)—The provincial legislature was opened this afternoon by the lieutenant governor, with the usual ceremonies. There was the largest attendance for years. After the presentation of the new speaker, S. E. Reid, his honor read his speech, which reviewed the abundant crops, good markets, made reference to the death of the queen and gave expression of loyalty to King Edward VII. The war in South Africa was reviewed and a states bill respecting agricultural matters will be introduced. The speech also intimates that the results of the delegation sent to Ottawa some time ago will be satisfactory and that a report from the delegates will be laid on the table of the house at an early date. After his honor's departure, Lieut. J. A. McDonald, of the South African contingent, was appointed chief clerk, A. B. McKenzie being ill. G. S. Enman was appointed law clerk. After appointing the standing committees, messenger and door-keeper, the house adjourned till tomorrow afternoon. It is understood the session will be short, as the opposition is weak. The election in East Queens tomorrow is conceded to McKinnon, by a majority of 371.

DOMINION ACCOUNTS.

Sir C. H. Tupper Examines Into Some Bills in Committee.

Ottawa, March 22.—(Special)—At a meeting of the public accounts committee today, Mr. James Smart, deputy minister of the interior, was examined by Sir C. H. Tupper in regard to some \$800 legal expenses paid in connection with the Dawson water front. Mr. Smart said that a contract was certified and marked to be paid out of federal funds. Mr. Gobeil, deputy minister of public works, said that J. B. Charlson had left for the Yukon on February 6. He was now on his way to Port Simpson and the north to reach a telegraph line at Hazelton. He was out of reach of mail papers. He did not know his papers were to be called for when he left. Sir C. H. Tupper—Then the department does not read Hansard. Mr. Gobeil—No, sir. Mr. B. Charlson who sold hardware to the government, was examined as to prices. He said he sold for as high a figure as he could get; that he had not the same price to everyone and that he looked after government orders himself. He was ordered to produce his books at the next meeting. The deputy minister said that Mr. J. B. Charlson was the officer to see whether or not the government was too high or not.

DOMINION IRON AND STEEL STOCK.

Manner of Allotting the Stock Sends the Price Up Nearly Six Points.

Montreal, March 22.—(Special)—The preferred stock of the Dominion Iron and Steel Company jumped to 93 soon after the opening of the stock exchange this morning. Yesterday the closing sale was at 89. The rise of 3 points is accounted for in the street by the anxiety of shorts to cover. It is said that a number of operators tempted by the premium which the stock was bringing in the market, sold more than they will get by way of covering. As the government has been greatly reduced on account of the over subscription of the issue. As the operators in question needed money to meet their contracts they were compelled to take the stock at the advanced prices. The results tend to indicate that had the steel company also indicated that they would in all probability have got it. The fact that there is now a premium of 10 per cent. on the issue price would tend to bear out that view.

THE CHIGNECTO RAILWAY SCHEME.

A. A. Provand, of Glasgow, Wants it Referred to Committee.

Ottawa, March 21.—A. A. Provand, of Glasgow, Scotland, has been here for some time in connection with the Chignecto railway scheme. Mr. Provand wants the government to have the question referred to a select committee of parliament. The government suggested for him him to do was to introduce a private bill to revise the company's charter the same as in 1893; but Provand refused to do this, because at that time the government had promised a subsidy and in this case there is no chance of any renewal of subsidy. Mr. Provand has issued a pamphlet in which he sets forth the above and other particulars concerning this project, which has a history.

MILITIA ORDERS.

Provision for Recruiting for Halifax Garrison Battalion.

Ottawa, March 19.—(Special)—The South Africa police will leave here on Sunday next and will sail from Halifax on the 23rd inst.

Militia orders issued today provide for recruiting for the Halifax garrison battalion. They are as follows: District officers commanding within their district on dates to be fixed by the district officer commanding for the purpose of recruiting men for the 3rd (special service) battalion Royal Canadian Regiment. Recruits will be sent to the headquarters of the district for final approval and enlistment and while there will be attached to the unit of the permanent corps for training and quarters until orders are given for them to proceed to Halifax. District officers commanding will make all necessary arrangements for the examination of recruits at the different towns where the recruiting is carried on; the fees to be paid for such medical examination will be as laid down in G. O. S. of the different towns where recruiting is to be carried on will be forwarded to district officers commanding. Authority is given to district officers commanding to use all necessary transport requisitions and the amount of subsistence fixed by the regulations. District officers commanding will be authorized to receive for another twelve months. The remainder of the company of 65 men which has been stationed in British Columbia only twelve men enlisted. The rest purchased their discharge. The twelve under command of Lieut. Col. McKay and Capt. Clark will return to headquarters at Halifax forthwith.

Mr. Mulock in London.

Montreal, March 21.—(Special)—The Star's special cable from London says: Hon. Mr. Mulock, Canadian postmaster general, interviewed Mr. Chamberlain, colonial secretary, this afternoon. Mr. Mulock has been invited by Lord Balfour, of Burleigh, to appear before the inter-departmental committee on the cable system of the empire, on Friday next. He will, in consequence, defer his departure till Wednesday, joining the Himalayas at Marseilles.

PAIN MUST GO. A despatch received this evening states that a disastrous fire occurred at Ellerslie, A. E. McCall's store and warehouse, Orange Hall, and a tailoring store being destroyed. The telephone office is in the building and communication is cut off.

THE REASON WHY "Shiloh" Cures Consumption.

Consumption is not merely a disease of the lungs, as so generally supposed, but before the lungs become affected the blood has—from various causes—been crowded with the bacillus of Consumption. These germs are deposited in the lungs by the blood, causing inflammation, coughing and the spitting up of diseased mucopurulent matter. Shiloh's Cure arrests the ravages of the germs by destroying them—it purifies the blood and enriches it—allays the inflammation and irritation and sets up a healing process, which causes the sore parts to get well and cicatrize. Shiloh's Consumption Cure strengthens and tones up the whole system and makes it particularly repellent to the dreaded germs of Consumption. It is guaranteed to accomplish this. If dissatisfied when 1/3 of a bottle has been used, return the remaining portion and the whole purchase money will be refunded.

J. H. Caldwell of Malta, Idaho, writes as follows to S. C. Wells & Co., Toronto: "I have used SHILOH'S CONSUMPTION CURE many different times, and always received great benefit from it. I believe it saved my life in a case of congestion of the lungs—and saved me from an attack of consumption, as many people said I had it." In Canada and United States, 25c., 50c. and \$1.00 a bottle. Great Britain, 15/6d., 25/6d. and 45/6d.

JUGULAR VEIN SEVERED.

Operation Was Performed to Save Patient's Life.

New York, March 20.—William A. Pothier, of No. 194 Quincy street, Brooklyn, is now on the high road to recovery from an operation in which his jugular vein was severed and the ends were tied up to avoid the flow of poisoned blood into his heart, which would have caused his death. Dr. Stephen A. Letz, of No. 508 Madison street, performed the operation, which was highly successful, last Sunday, being assisted by Dr. E. Sheppard, of No. 108 Pierrepont street. For some months past Mr. Pothier had been troubled with an abscess. A slight operation last week showed that the abscess was located behind Mr. Pothier's left ear and that it had broken, and there was fear that the poison from it would enter the patient's head, causing death. It was then determined that the jugular vein would have to be severed and the ends tied.
