The Daily Tribune.

VOL III SAINT JOHN, N. B., MONDAY EVENING, DECEMBER 7, 1874. No 296

MILLIONS

OF PEOPLE IN AGONY

Physicians Cornered!

I SUPPOSE there is not in the whole of a physician's experience, anything in human suffering which calls forth his sympathy, and pity, to such an extent, as to witness the excruciating pains of a poor mortal, suffering from that fearful disease.

RHEUMATISM!

Heretofore there has been a considerable diversity of opinion among medical men, as to the true character of this disease. Some locating it in the fibrous or muscular tissues of the system, and others viewing it as an acute nervous disease: but it is now generally admitted to be a disease arising from a poison circulating in the blood, and further it is admitted that Rheumatism can never be thoroughly cured without exterminating such poisonous matters from the blood, by a constitutional internal remedy. We feel confident that none will feel better satisfied, and rejoice more, than the conscientious physician, who has found out that a cure for this stubborn disease has been discovered. The following testimony from a gentleman of standing, and high respectability, and well known to the Canadian public, cannot fail to satisfy all that the

DIAMOND RHEUMATIC CURE!

is a wonderful medical discovery.

MR. ISAACSON'S ENDORSATION.

MONTREAL, 21st March, 1874.

MESSRS. DEVINS & BOLTON,

Dear Sirs,—I, with pleasure, concede to the agent's wish that I give my endorsation to the immediate relief I experienced from a few doses of the Diamond Rheumatic Cure, having been a sufferer from the effects of Rheumatism, for now, after taking two bottles of this medicine, entirely free from pain. You are at liberty to use this letter, if you deem it advisable to do so.

I am, sirs, yours respectfully,

JOHN HELDER ISAACSON, N. P.

FURTHER PROOF.

I AM ANOTHER MAN!

ST. JOHN, N. B., Sept. 29, 1874.

A. CHIPMAN SMITH,

Dear Sir,—I have suffered for fifteen months with Chronic Rheumatism, and could not find any relief, after trying every medicine that I saw advertised to cure it, until I was told about the Diamond Rheumatic Cure. I have used three bottles of this valuable remedy, and now can say that I am another man to what I was. I would advise anybody suffering with this terrible disease to try it, and see if it does not do the same for them that it did for me.

Yours,

JAMES L. EAGLES, Indiantown.

BARNES' HOTEL,

ST. JOHN, N. B., Sept. 29 1874.

A. CHIPMAN SMITH,

Dear Sir,—I have great pleasure in stating that I put every confidence in your Diamond Rheumatic Cure. I have suffered for the last two years with Rheumatic Pains, during which time I have had the advice of some of the most prominent medical men in the Province, and experienced no relief, until I tried the Diamond Rheumatic Cure. I have now taken three bottles, and I feel greatly improved, and now am confident of a permanent cure.

Yours truly,

JAMES O'BRIEN.

There is no medicine which so promptly relieves the depressed vital action, restores the general and local circulation, allays the pain, dissipates the congestion, prevents inflammation, and restores the healthy action as the

DIAMOND RHEUMATIC CURE!!

This medicine is for sale at all the druggists through Canada. If it happens that your druggist has not got it in stock ask him to send for it to

VESTA.

BY J. G. WHITTIER.

O Christ of God! whose life and death
Our own have reconciled,
Most quietly, most tenderly
Take home thy star-named child!

Thy grace is in her patient eyes,
Thy words are on her tongue:
The very silence round her seems
As if the angels sung.

Her smile is as a listening child's
That hears its mother's call;
The lilies of thy perfect peace
About thy pillow fall.

She leans from out our clinging arms,
To rest herself in thine:
Alone to thee, dear Lord, even we
Our well-beloved resign.

O, less for her than for ourselves
We bow our hearts and pray:
Her setting star like Bethlehem's,
To thee shall lead the way.

THE KING OF NO-LAND. (See 4th page.)

NOTES AND NEWS.

Monsignor Capel has published a reply to Mr. Gladstone's Essays on Ritualism and the relations of Roman Catholics to the Civil Power.

At the sale of the Lick estate in San Francisco one lot brought $1000 per foot of frontage. An estate on Washington street, sold on Saturday, brought nearly $1800 per foot frontage.

Mr. Disraeli will soon be appointing his second bishop. A prominent English prelate is about to retire from ill health. Probably there will be a translation and two new men.

Some important movement appears to be going on in ecclesiastical circles in Rome. The continual arrivals and departures of cardinals, bishops, and other clerical personages attract public attention, and are regarded as evidence of some important measures being under consideration.

A London correspondent says the long vacation does not seem to have re-established Mr. Disraeli's health. At the Mansion House banquet he looked as careworn as at the close of the session, and though he spoke with that jaunty and confident air which rarely falls him, it manifestly cost him a great effort to do so.

The New York critics note that a remarkably large proportion of the Black Crook audiences consist of very old men; solid men, men of standing and position, and the nearer the stage one looks the more numerous the bald heads become! This is as it should be. They are no doubt there to crowd "Young America" out.

Additional particulars of the disorders on the Oxus show that the Khan of Khiva represents himself as quite powerless to govern his own subjects, that the treaty he made with General Kaufmann is a dead letter, and that the slave trade continues. Under these circumstances it is suggested that Russia should either administer the Government of Khiva in the name of the Khan or annex the county, and it is considered probable that the latter course will be adopted.

At a service held in East Brent Church, England, recently, the Rev. Henry Denison, the nephew of the Archdeacon of Taunton, said he could not recognize Wesleyan teachers as Gospel ministers unless they could show by working a miracle they had been sent from God. He cautioned members of the Church against attending the preaching houses of Wesleyans or Baptists, as by so doing they encouraged men who called themselves ministers, which was not true, and partook of a sin called "schism."

The Roman clerical journals publish violent articles against Mr. Gladstone's pamphlet. The *Unita Catollica* says it is not Catholic Rome which alarms Mr. Gladstone, but Anglican London, which is about to return to the bosom of the Holy Father, which it has abandoned for three centuries. The pamphlet is a solemn confirmation of the Catholic movement manifesting itself in England. The Sacre Cœur, at Turin, has commenced a *novena* for the conversion of the English nation.

Starving Miners.

A correspondent writing from the Pennsylvania coal regions pictures some of the horrible scenes of destitution and wretchedness that are now to be seen there. One of the cabins visited was literally falling to pieces. The apartment was small and it was cold. It was lighted partly by a dim, fluttering lamp and partly by the moonshine, which glided in through the chinks and openings of the thin and leaky roof. A woman with her four small children were all nestled together in one corner. The woman was shocless and stockingless, while the only garment she possessed was so tattered and worn that through it could be traced every curve and outline of her form. The clothes of the children were like those of the mother, while her babe had nothing but a shawl to keep it warm. They were all suffering for want of the necessaries of life and cried for assistance when their visitors appeared. Any one visiting these rookeries, in which thousands of poor families are compelled to live, can see for themselves. Down in the ravine below one can see the dusky chimneys of the furnaces and mills, which all summer long were idle, and are so still. It was upon these that these people depended, and now everything threatens that during the entire winter they will run only upon half time. There reside the men who for months and months have been idle, and there the abodes or many who, unless aided before Spring, must starve and die. There are seen grovelling in filth and every condition of debased or debauched manhood thousands of people who in their despair are ready at all moments to indulge in any outrage that will give them bread. Hunger makes them desperate and at once destroys the virtue of law and the sacredness of human life. Briefly, these poor people must be discovered, protected and fed, otherwise they will feed themselves over burning homes and mutilated bodies.
