### Gallant Part by Deceased Aviator

THE LATE FLIGHT LT. J.R. GOW, FORMERLY OF THIS TOWN.

The following article taken from a Windsor paper, in connection with the death of the brave young son of Mr. John E. Gow, Inspector of Inland Revenue at Kingston, formerly of Waterloo, Ont., will give some little idea of the splendid part played by Clan Gow in the great war.

"Flight Lieut. J. E. E. Gow, died of wounds after his machine was shot down while attached to a flying squadron that was in an engagement near Zeebrugge. Six enemy planes were downed and three machines of the Royal Navy Air Service fell within German lines. This was on July 31st, and Lieut. Gow, one of the British flyers, succumbed on August 10th, although notification of his death did not reach his father, John E. Gow, Inspector of Inland Revenue at Kingston, but formerly of Windsor, until Dec. 28th. Lieut. Gow was only 19 years of age and had enlisted with the Grenadier Guards of Montreal, afterwards transferring to the 72nd battery, an Artillery unit, and later joining the R.N.A.S. He was a nephew of Col. Alex. Gow and Dr. James Gow of Windsor, Col. Walter Gow, deputy of Militia overseas, and Col. George Gow, who went to Salonica with Toronto University Hospital in a charge of the dental corps. This will also be of interest to numerous Waterloo friends to know that Flight Lieut. J. E. E. Gow was a cousin of the late Lieutenant-Colonel John McCrae, author of "In Flanders Field," a wonderfully inspiring message which will live in the memory of generations to come.

A UNIQUE SNOW HOUSE.

A unique snow house has been built by a number of children at the entrance to the park. The house stands between the main pillars and the ticket office and is large enough for a good sized child to stand up in. It will hold quite a number and the workers are guarding it jealously and hope the cold weather will get cold as they would like to preserve it as long as possible.

IN GOOD SHAPE.

The Fire Sleighs have been installed in the Fire hall, the truck and hose wagon having been changed over a day or so ago with runners and more serviceable just now than wheels. Driver Simpson had the teams out last night about 8.30 o'clock for a practice run up Albert Street testing the harness and sleighs and everything was O.K.

Mr. A. McClellan of Guelph was a visitor in town yesterday.

Mr. and Mrs. J. S. Sussar of Edmonton who have been visiting friends in town the past few weeks returned West this morning.

Miss E. Beamish of Brantford is visiting friends in town for a few days.

Miss Annie Foster of Stratford is spending the week end with friends in town.

MAY HAVE BEEN CAUGHT.

Chief Flynn received word from Toronto yesterday stating they believed they had arrested the party guilty of breaking into the store of Mr. W. Vavermick a few weeks ago and immediately an officer was sent down to bring the prisoner back. The case will be heard on Monday and it is fully expected it will be disposed of then.

The choir of the Methodist Church were hospitably entertained on Thursday Evening after choir practice at the personage by Rev. and Mrs. Harton. Needless to say an enjoyable time was spent in music and social intercourse after which a dainty lunch was served by the kind host and hostess.

SALE OF HOGS.

A car load of young hogs is being sold at the Grand Trunk Cattle Yards today. The hogs are principally young porkers and the prices we understand are reasonable.

### The Weekly Market

There was an unusually large crowd out at the regular weekly Market this morning the ideal weather no doubt having something to do with it. While the crowd of buyers was large there did not seem to be any increase in the quantity of produce offered and as a result the Market was a short snappy one. Fowl was very scarce only a few being on sale at 35 cents per lb. Butter remained at 52 cents per

lb. while Eggs were a little more plentiful and sold from 56 to 58 cents per dozen. All kinds of produce such as onions, carrots, beets, turnips etc. sold at the usual prices.

### Pure Religion and Undeified

Was the subject used by Mrs. Durham last night as she spoke from James 1:27 "Pure Religion and Undeified before God and the Father is this, to visit the fatherless and widows in their affliction, and to keep himself unspotted from the world." The Alma St. U.B. Church was crowded to the doors to listen to this excellent message. "People said the Evangelist demand practical Christianity. James was the exponent of such Christianity and Jesus was the example thereof. In Matt. 23:31-36 Christ puts the standard for the judgment on this practical basis. Yet their is also a number and the workers are guarding it jealously and hope the cold weather will get cold as they would like to preserve it as long as possible.

### Are Raising Fund For Reconstruction

NATIONAL LUTHERAN COUNCIL HAS TAKEN STEPS.

American Church Assuming Leadership.

The National Lutheran Council is organizing a campaign for \$500,000 to be used for directly reconstructing purposes. The date of the campaign are February 16th-20th. \$375,000 are to be used for overseas service, helping the Lutheran churches of France, Finland, Estonia and other parts of Europe. Apart from the destruction and dissolution of the churches of these countries is severely threatened by the growing chaos and Bolshevism. The campaign is significant. It practically means that the Lutherans of this country are assuming world-leadership for the Lutheran cause.

Campaign headquarters have been opened at 437 Fifth Avenue, New York City.

Dr. H.G. Stub, president of the National Lutheran Council, has published an appeal setting forth the objects of the campaign. It follows:

"With the close of the world war a new period has begun for the Lutheran Church of this country. Our Church is called upon today to assume leadership for the Lutheran cause throughout the world. Across the water, in war-torn Europe, there is chaos and disorder, uncertainty and fear. Men are doubtful of the future because they have no experience in the past to guide them and give them confidence.

"Millions of our fellow-Lutherans are to-day facing difficulties as great as those among which our church was born. The old social order is crumbling about them. Radicalism of the most anarchistic and Godless type is rousing the masses to fever heat. In their own past they have no guide to meet the present. Held under the utage of autocratic states they had no opportunity to develop that vigorous, courageous, resourceful self-reliance which is the life of a free church in a free state.

"Providence has given a peculiar opportunity to the Lutheran Church of this land. Tracing back its origin to man who came here because they valued freedom of conscience more than home and country, it has developed to the fullest measure its ideal of a free church in a free state. "Quietly and unobtrusively it has grown to strength as well in numbers and resources as in the conviction that spiritual democracy alone represents the Master's ideal for the church.

"Today the period of quiet preparation is coming to fruition. As our land is called upon to bring civic democracy, so our church is called upon to bring spiritual democracy to the Lutherans of the world. They seek it. We have it. It is our duty to share with them its blessings.

"The National Lutheran Council has been organized to meet the call. Representative of 1,500,000 confirmed Lutherans, it represents an agency that can and will effectively carry out the task.

"It is appealing for a free state. \$500,000 and has appointed Feb. 16th-20th as the time when it is to be gathered.

It is hardly necessary for me to request the whole-hearted sympathy of every Lutheran for this cause. It is so urgent. Its possibilities are so great. It challenges us to do our part in a manner that cannot be refused.

Decrease in domestic merchandise exported for the nine months, when compared with a similar period last year total over 310,000,000.

### A Retrospective on Tree Planting

In the quiet winter months tree planting may not appeal to the citizen. Yet there is occasion for thinking about it and consequently for making a decision to plant shade trees in front of one's property thereby improving the appearance of the property and the street.

In conversation this morning with Superintendent Koehler it was ascertained that the Park Board, as soon as the proper season returns will again plant trees for those citizens who put in their orders. Last fall quite a number were planted and more orders are on the books.

"One thing in tree planting that should not be lost sight of is the aim at uniformity on the street. Tree planting should be carried out on a plan which will harmonize with the surroundings," so Mr. Koehler said when he was asked what kind of trees are generally planted on streets. He stated that the best kind of trees for the street, including the kind of trees that are already on it, and also the number of the same. In planting the space between trees also must be considered he remarked.

In connection with tree planting and the fact that citizens may do to improve the street and the surroundings of their homes, it is worthy of note to look about here and there thus securing a retrospective of what has been done by some within the last year.

In several instances residents have had trees planted on the street and at the right place. The charge \$1.25 cents per tree, which includes planting and replacing until they have grown up, at the expense of the Park Board they consider no more than fair, being lower than the cost of the trees.

### Prominent Citizens Dead.

It is encouraging to notice that more citizens are becoming interested, not only in the hope of improving the appearance around their own homes and neighborhood, but also including others to do the same. A citizen named was set last fall by one of the city's prominent manufacturers, Mr. A.R. Kaufman, who provided the funds for several hundred trees which were planted here and there in the city. Since the placing of these trees, one who has taken note, regret that many years have passed and still many properties have no ornamental and natural decorations. But the day apparently has dawned when there will be a general response to add some of nature's attractiveness to the city streets.

Give "California Syrup of Figs"

If Cross, B'ious or Feverish.

No matter what ails your child, a

gentle, thorough laxative should al-

ways be the first treatment given.

If your little one is out-of-tune, hal-

sick, isn't resting, eating and setting

is coated. This is a sure sign that the

little stomach, liver and bowels are

clogged with waste. When cross, irri-

bad or has stomach-ache, diarrhoea,

sore throat, full of cold, give a tea-

spoonful of "California Syrup of Figs,"

and in a few hours all the constipated

poison, undigested food and sour bile

gently moves out of the little bowels

without griping, and you have a well,

Gooderham and Miss Church that the voluntary collection to be taken up, for a national gift to the Princess Patricia of Connaught, on the occasion of her marriage will be left entirely with the people. The ladies felt that owing to the heavy strain that many of the patriotic organizations have been under during the war, it was unfair to ask them to be responsible in raising this collection. The mayors and reeves throughout the Province will be responsible for the collection in their own communities. Hon. Mr. McGarry will take charge of the money. As to whether the Provinces will each send a gift, or whether it will be combined in one, is not decided. Lady Hendrie thought something possibly made from Cobalt Silver would be suitable for Ontario.
