

# WATERLOO NEWS RECORD

## ANOTHER CHANGE MADE IN LOCATION OF CATTLE YARDS

Short But Busy Session of Town Council Last Night.

The regular monthly meeting of the town council was held last evening at 8 o'clock, being present and all members being present and adjournment being made at 10 o'clock, a great deal of business was transacted.

**Request For Hydrant**  
Mr. C.W. Schiedel, manager of the Water and Light Commission was present stating that a request had come in for a water service in Allan street near Charles street. It required 450 feet of main to make this connection and the outlay would not be sufficient to pay the interest on the investment. As there are no hydrants near this proposed residence and as there is a possibility that the greater number of the proposed new houses would be built in the section it would be advisable to place a hydrant now. With the revenue derived from the rent of same the commission could go ahead. There was some discussion and finally they to the Fire Committee they to set as they fit.

**Offer of G.R.R. of 3 Acres Discussed**  
The offer of the G.R.R. to deed over to the town the 3 acres lying between the G.T.R. track and mill pond was discussed at some length. There was some objection to the wording of the offer namely that pertaining to the using of same for Municipal Park purposes. Mr. Foster explained that he had interviewed Mr. Kirkwood on the above clause and he said that the main idea was to make provision so that if a factory were built there it would not be fair to give other railway companies the privilege of placing sidings. While the idea in the first place was to give the land for park purposes Mr. Kirkwood thought there was no difficulty in having the word Park struck out and a resolution was passed by the Council that the offer be accepted providing the land can be used for municipal purposes.

**Exemption of Taxes for G.W.V.A. Veterans**  
A communication was received from the G.W.V.A. of Kitchener and Waterloo asking that a resolution be passed by the favoring of exemption of taxes, except school, for a period of 10 years on houses assessed not more than \$3,000 owned by returned soldiers. This was a matter for the finance committee to deal with it was referred to that body for consideration. The Hydro Electric Railway Commission wrote asking the co-operation of the Council in the work they are doing in having them schemes put through. They also asked that the annual fee amounting to \$18.00 be forwarded as membership fee. No action was taken on above.

**Fire Committee to Deal With Fire Prevention**  
The request of the Dept. of Insurance at Ottawa that full recognition be given fire prevention work entirely in the hands of the fire committee.

**Discussion on Cattle Yards Again**  
Before the passing of the Finance report Mr. Meyer, Chairman of town property asked what was to be done with the account of Mr. Jacob amounting to \$375.62 for material and work already done on the old cattle yards.

The account has been hanging for a considerable length of time and the contractor has paid for the material some part of the account will be paid and the balance later. The mention of the above account again introduced the cattle yards question. Deputy Reeve Strach did not favor the idea of having them removed to behind the fire hall. The place is too small and again the firemen would naturally object. Mr. Postersplan to have the yards erected behind the market building looking the least reasonable and he moved that the former motion be rescinded. Mr. Foster who like the Deputy Reeve was not present when the motion was carried to place the yards behind the fire hall, said that the C.P.R. would in time erect their own scales and yards on their own property. This would not be their own property. This would not be their own property. This would not be their own property.

**Case settled out of court.**  
The case of assault laid against a former employee which was to have come up in police court yesterday afternoon was settled out of court. There were several cases of spending and infractions of the traffic bylaw the offenders pleading guilty and paying their fines.

**Bride-elect showered.**  
The home of Mr. and Mrs. W. Housh, King Street was the scene of a jolly gathering last night when their daughter, Gertrude, was the recipient of a miscellaneous shower from a number of her friends in view of her forthcoming nuptial event which will take place shortly. The bride-elect was completely taken by surprise and thanked the donors heartily for the mark of affection. The evening was most enjoyable spent in games and music after which dainty refreshments were served.

**A PETAL ON THE CURRENT**  
The popular "Imperial" are showing only pictures this week and the change did not in anyway detract from the large audience who are in the habit of packing the movie playhouse to capacity. Last night two full shows were given. The feature "A Petal on the Current" is a most beautiful story and with Mary Laren in the leading role correct interpretation of the shy little country girl who tasted wine for the first time and as a result was sentenced to a term of imprisonment the struggle to get along alone and the outcast side the story one of the sweetest and truest to life possible. The serial "Red Glove" still continues to thrill and the many patrons last night enjoyed the entire bill to the fullest extent.

Mrs. Jacob Hett and Mrs. Shih are spending a couple of days in Toronto.

Mr. J. C. Jaimet is a business visitor to Hamilton today.

## CATARH COLDS BRONCHITIS

Cured Without Drugs  
It is really impossible to treat Catarrh unless by inhaling the soothing germ-killing vapor of Catarhosone. Its rich fragrant essences are breathed from the inhaler to every sore, diseased spot in the breathing organs. Not a single germ can escape the healing fumes of Catarhosone which acts on the infected linings of the nose and throat just as an ointment would act on a cut finger. You see Catarhosone soothes, cleanses, heals. It cannot fail to reach and cure Catarrh; it's simply a wonder on weak throats, bronchitis, coughs, deafness, hoarseness and all other symptoms of Catarrhal cold. Get Catarhosone today. Complete outfit costs \$1.00 and is sufficient for three months' use. Smaller sizes 50c all dealers or the Catarhosone Co., Kingston, Ont., Canada.

## CRAFTSMEN CLUB HOLD STAG PARTY

EVENING OF FUN AND FROLIC ENJOYED BY MASONIC BRETHREN

Members of the Craftsmen's Club made merry in the club rooms last night in response to a formidable-looking "summons" sent out a few days previously commanding their presence at a "Stag Party" Monday night. The commodious and comfortable club rooms were filled with Masonic Brethren and their friends, who for the time being, left the cares and worries of business life and devoted themselves wholeheartedly to the enjoyment of an evening of fun and amusement provided in full measure by the Club Directors.

The fun commenced when Mr. N. M. Davidson called the gathering to order and invited Judge J.J. A. Weir to the platform to auction off certain belongings and appurtenances said to belong to Mr. W.A. Rollings. The bidding was sharp and spirited, and such articles as "The Last Straw" that broke the Camel's Back, and "The Lie that George Washington Told," were auctioned off in double-quick time. However one obstreperous member put in a bid so far beyond what anyone else could offer that he was given the balance of the offering.

Another feature of the evening which caused much amusement was an impromptu mock trial in which Mr. Debus was placed on trial for having been "persecuted" (or should we say "persecuted") by M. A.B. McClement demonstrated how a judge should perform his onerous task while Mr. W.P. Clement should be given cards as a clerk of the court. A jury was duly chosen and the trial, which was a continuous verbatim from start to finish, proceeded to the tragic finish, the jury bringing in the Scotch verdict of "Guilty but not proven."

Surprises and thrills were sprung on the audience all evening, and impromptu speeches, boxing bouts, etc. all added enjoyment and zest to the occasion.

The real treat of the evening, which was kept as a delightful surprise for the later part of the program, was a solo by Mr. Carlo Bemer who sang in splendid voice "Dear Old Pal of Mine," and generously responded with several encores. Mr. Bemer's solos are always appreciated, and last night coming, as an entire surprise was, if anything, even more so than usual.

Mr. A.C. Bender played the accompaniment.

Among others who contributed to the evening's entertainment were Messrs. Geo. De Klenhans, N.M. Davidson, H. Nyberg, D.W. Henson, J.D. Claude Forsyth, D. Koepfel, J. Wood, E. Bates, and a number of others.

The evening's entertainment was concluded with one of the most effective moving pictures ever produced in any show moving the lunch tables from the window into the hall. It was great and greater still when the boys surrounded the tables.

A delightful buffet luncheon was served before midnight after which the guests enjoyed themselves at the pool tables, with cards or in an informal sing-song. It was a most enjoyable evening from start to finish and the directors are to be congratulated on the success of their efforts.

## WAITING FOR THE CO'S PRICE

GRAND RIVER RAILWAY FRANCHISE EXPIRES TOMORROW  
The report of the joint committee on the offer of the Waterloo and Wellington Railway to lease the line to the city was submitted to the City Council last evening. Ald. Greb presented the same. The recommendation of the committee as stated in the Record some time ago is that no action be taken on the offer until the city has been informed that Mr. Brethaupt is looking for a price in accordance with the earning power of the railway.

Ald. Greb informed the Council that he understood that Mr. Brethaupt would be quite ready to consider an offer by the city to purchase the line. He added that he had also been informed that Mr. Brethaupt is looking towards some relief from the present circumstances under which he has to operate the road. The president of the railway has pointed out that the company is to be charged more for power, the ten year contract having expired.

The company with the present fare to and from the depot cannot afford to pay more for power. They would sooner close the line for the winter months than operate under such circumstances. In fact this would be done if the increase cost of power had to be borne by the company under the present fares. If this were done the company points out the city would also lose track rental. Besides increased passenger rates an alternative had been mentioned by the president of the railway, exemption of taxes or partial exemption.

Ald. Greb wondered what the charter and the by-law governing the railway contained regarding fares on the line; he will be learned.

The committee of opinion was that Mr. Brethaupt should put his suggestions in writing for future consideration.

Ald. Reid asked about what has been done with the framing of a new agreement with the Grand River Railway company whose franchise expires on October 8th. He said that the agreement should be hurried along by the day of expiration of the franchise being at hand.

Ald. Greb remarked that the committee is still waiting for the price that the Grand River Railway will ask for the line on East King street. No word has as yet been received from them.

Ald. Bitzer thought that any agreement that might be made should be submitted to the Council. He was of the opinion that a temporary agreement pending the framing of a permanent one should be made.

Major Gross decided to ascertain from the city solicitors what course of action is to be followed upon the expiration of the company's franchise on October 8th. If necessary he will call a special meeting of the Council to carry any agreement that might be framed.

Enquiry of Superintendent V. S. McIntyre of the city street railway for a copy of the statement that pending the completion of the agreement the Grand River Railway would continue to run its cars over King street under the existing agreement.

The fact that the city and the company have not completed the new agreement does not weaken the city's case in the eyes of the law.

## TRAVERSE AND MOREY AT STAR

Two Feature Films and Vaudeville on Screen as Extra Attraction  
That money can't buy love was convincingly shown by Madeline Traverse at the first presentation here of the new Fox photoplay, "When Fate Decides" at the star yesterday. The most striking character of this play is Miss Traverse's keen portrayal of the emotions of a life long unhappiness, then torn between love and duty, later in terrible fear for the safety of the man she loves, and finally finding complete happiness.

The action is rapid and thrilling throughout conveying a story of wide appeal to both men and women. Veiling with this film for popular favor is a dramatic story of the north country with Harry T. Morley in the stellar role. Morley takes the part of Philip Steele, a member of the Northwest Police who is somewhat enigma to his companions and has been nicknamed "Beauty-Proof" owing to the fact that he seems to be immune to the attractions of any woman. It develops during the trial of the story of the film that Mr. Steele lost his wife through the treachery of a man whom he had befriended and his one aim and object in life now is to secure vengeance. The betrayer of his wife finally falls into Steele's hands, and the working out of the crisis is a most skillful piece of screen art and logic. It will be a warm favorite with all who admire western stories.

In addition to a Mutt & Jeff comedy an extra attraction commenced yesterday and will be a feature each week for the first three days. This is nothing more nor less than three or four high-class vaudeville acts of the first order, acts which do not appear outside of the larger metropolitan centres. The feature was well received yesterday and will be a welcome addition to a program which already is big value.

## BOWLING LEAGUES FOR KITCHENER

Fourteen Teams Entered now and Many More to Come.  
A meeting of all bowling enthusiasts in Kitchener has been called for Friday night in Kap's Bowling Alley to complete the formation of the Kitchener Bowling League. There will be three leagues all told, the Dominion Tire Co. Bowling League, the formation of a league in the factory and office, but will also put one or more teams in the Manufacturers' League. The Manufacturers' League will be composed of teams from the different factories in the city while the City League will be composed of teams from the retailers, bankers, garagemen, commercial travellers, and others not included in the other two leagues, with only a few teams entered from the Dominion Tire and the Manufacturers.

All interested should turn up promptly at eight o'clock Friday night and all applications for membership to the league will have to be in by Friday. Fourteen teams are entered now and the indications are that there will be almost more teams that the league will accommodate. Every night will probably be taken up by the league, so to be sure of a share of bowling it will be well to organize a team and enter. The place is Kap's Bowling Alley.

## WINDSOR RACING MAY BE CONTINUED

AS RESULT OF INQUIRY INTO PRACTICE  
Windsor, Oct. 7.—Sportsmen here anticipate a return of the racing with one, probably two and a remote chance of all three tracks, the Windsor Driving Park, Kenilworth and Devonshire tracks all in operation next spring, as the result of the sitting of Dr. J.G. Rutherford, royal commissioner, whose hearing was brought to an abrupt conclusion Monday, when Dr. R. H. Roney, counsel for the Social Service Council of Canada, failed to summon any witnesses to give evidence against the support of racing and its effects.

JAMAICANS OPPOSE PLAN OF ANNEXATION TO CANADA.  
Kingston, Jamaica, Oct. 6  
Public opinion is growing against the suggestion that Jamaica should be annexed for commercial and political purposes to Canada. The author of the suggestion, John Crowe a Newfoundland millionaire, is referred to in an article in the Gleaner as follows:

"Mr. Crowe's object in not the improvement of Jamaica's local conditions and the strengthening of our producers a most important matter but some pernicious political change, to be brought about for a purpose inimical to the true welfare of the island."

ANY WOMAN'S STRUGGLE FOR GOOD HEALTH QUICKLY REWARDED.  
A Simple Home Treatment Now Advocated that Gives Fine Results.

When a woman's face grows haggard and pale, when she is tired all day and ready to cry when night comes, the ought to know something is wrong.

Putting off only make matters worse. The best advice we can give any sickly woman is to test out the following treatment.

At the close of every meal, with a sip of two or water, take two chocolate-coated Ferronze Tablets. This seems to be the best thing going for folks that are tired out, run-down and in need of a strengthening, building-up medicine.

Ferronze's action aids the three principal functions of the body—digestion, assimilation, elimination. By strengthening digestion it furnishes an abundance of rich, red blood—this gives good color.

By perfecting assimilation, Ferronze supplies nutriment—this gives strength, vim, stability.

Elimination is assured because Ferronze quickens the action of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health.

Ferronze puts you on the right road—the one that leads to health.

Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferronze!

Is a Good and Restorative, as a health-bringer and body-builder. Ferronze is unrivalled. It cures because it feeds and nourishes. Because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in 50-cent boxes (three for \$2.25) or by mail from "The Co-Exchange Co., Kingston, Ont."

George Zimmerman wrote enclosing an application for the position of sanitary inspector.

Mr. John F. McKay wrote applying for the position of sanitary inspector. Referred to Finance.

American Federation of Labor Secretary John Hammond of the American Federation of Labor wrote as follows: "At our meeting of October 2, the following resolution was unanimously passed: 'That Federal Union 61649 respectfully recommends George Zimmerman for the position of plumbing inspector for the city of Kitchener. Trusting that this request will be favorably acted upon.' Referred to Finance.

Local Union 527, the plumbers' union, heartily endorsed the same application. Referred to Finance.

The Kitchener and Waterloo branch of the Great War Veterans Association wrote enclosing a resolution passed some weeks ago by the association asking that the municipal council of the two towns pass bylaws exempting from taxation except for school and local improvements for a period not exceeding ten years the properties of men who served overseas for Great Britain or her allies which are occupied by the owners. Referred to Finance.

The Trades and Labor Council wrote asking that the pre-war lighting system on the streets be restored. Referred to Fire and Light.

A petition signed by eight property owners asked that the building bylaw on Walter street between Dan and Agnes streets be fixed at thirty feet from the property line. Referred to Board of Works.

Eight residents on Schulte street petitioned for street lights on Schulte street. Referred to Fire and Light Committee.

A petition for street lights on Zeller street was received from eight residents. Referred to Fire and Light Committee.

The Four Wheel Drive Auto Company asked for permission to use ground of Royal street for filling in purposes for their new factory. They further asked to be allowed to dump the ashes on their property during the coming winter and to have a sewer connection between the factory and Royal street.

The first two parts were referred to the City Engineer and the chairman of the Board of works for approval or non-approval. The third was referred to the Board of Works.

J.H. Greve Smith, Dominion Fire Commissioner wrote enclosing the Royal Proclamation for Fire Prevention, October 9th and urged the city authorities to bring to the attention of citizens all regulations applicable to the true welfare of the island.

IF YOU WANT EXTRA GOOD VALUE in the SHOE LINE come to Weseloh's BIG SHOE STOCK 3 doors from Postoffice Phone 671.

feeling fire safety. Action already taken. Filed.

Fifteen residents on Elgin street, north side between Scott and Cedar, petitioned to pass a bylaw fixing the building bylaw on that portion of Scott street at 30 feet from the property line. Referred to Board of works.

Six residents on Onward street petitioned for a water main on the street from King street 400 feet south. They further asked for a sewer connection. Referred to Finance.

Mr. J. Hainsworth wrote applying for the position of sanitary and plumbing inspector. Referred to Finance.

Inspector J.D. Briddick of the Hydro Electric Department wrote drawing the Councils attention to work done at Freeport Military Hospital in electric connections and alterations specifying apparatus and No. 16 gauge wiring, which he claims is against the Hydro Commissions regulations. The institution being under military control the Commission has no jurisdiction. Since the city owns the property he drew attention to the breach of the regulations in the hope that the practice would be stopped. Referred to Finance.

Ten residents on Grenville and Nelson streets wrote stating that whereas the domestic current is in operation street lights have not been installed. Referred to Fire and Light.

The Westmont Improvement company wrote asking the Council to inform them as soon as possible on proposed petition on their request for permission to lay a railway siding on Charles street and for sewer and town drain connection. Referred to Finance.

The Hydro Electric Railway Association wrote requesting payment of the annual fee by the city as a member of the Association. Referred to Finance.

The Board of Health wrote recommending the Council to appoint a temporary sanitary inspector. Referred to Finance Committee.

A petition from property owners was received asking that Wilnot street between Factory Road and Dufferin Avenue be widened. Referred to Board of Works.

## SOME PEOPLE YOU KNOW

Mrs. Aug Ligas is spending a few days with friends in Hamilton and Vice and this week.

Miss Una M. Saunders National General Secretary of the Y.W.C.A. is a guest at the local association and will speak at their Rally to-night. Members and friends of the Association will be made welcome.

To-night is your only chance to hear Mon. R. N. Holmpe of Iowa speak. Don't miss it.

## NORMA TALMADGE IN HEART OF VETONA

Norma Talmadge the movie star who can now be acted Finest Norma, this latter title having been bestowed upon her on an Indian reservation called Idyllwild in California where her latest select picture "The Heart of Vetona" was filmed. Made, Huff realized that they had a big field open to them.

It was found that Mrs. Maude Ibsen, head of the department of music in reconstruction hospitals for the American Red Cross and that by co-ordinating music with living Yank heroes were being made "well, happy and wise."

Her methods were studied and then the Huff establishment ran advertisements which took the breath of patrons. They read like drug store copy. For instance one leader line on a page spread was, "Safe, Sane and Satisfactory. Compounding of Prescribed Music."

Another stated that "well-trained and experienced clerks and most modern facilities make possible the giving of an unusual personal service. Then followed an explanation of the work done by Mrs. Ibsen in co-operation with doctors.

Music for Medicine Proves Popular Idea. Approaching the problem of opening new sales channels for photographs and records with accomplished success last summer by working up interest in phonograph music among the sick and bedridden of the population of Bethlehem Allentown, Hellertown, Coplay, Easton and a score of Lehigh Valley towns. The inspiration came to the management through circulation of that story of the Yankee doughboy whose memory after shell shock was revived by "The Little Gray Home in the West," played in a neurotrophic hospital of the Red Cross in France and when investigation into the music-therapy theory was made, Huff realized that they had a big field open to them.

It was found that Mrs. Maude Ibsen, head of the department of music in reconstruction hospitals for the American Red Cross and that by co-ordinating music with living Yank heroes were being made "well, happy and wise."

## Women Must Read

The extension of the franchise to women was the fulfillment of a policy consistently advocated by The Globe in season and out of season.

But this is only the beginning. Womanhood must serve as well as vote. They must advocate reforms that are badly needed.

There must be legislation for the aged, as well as for the young, pensions for mothers, educational improvements, unemployment and sickness insurance.

These are some of the questions on which the womanhood of Canada will now have to take sides. Therefore, in this respect, The Globe has a

What The Globe has been of what it will be in the future and its Editor is to take advantage of its disposal—to make it in every Canadian home.

## The Merchants' Column

Edited by Mansfield F. House

In this column, which appears every Monday, Wednesday and Friday, news and short articles of special interest to merchants, business men and women in general, are presented. All phases of store, business, advertising and retail salesmanship will be treated, but by descriptions of methods actually in use by successful

ation with doctors all kinds of snafus with the pun gent, a book of Samus hair to dress see of t was "refreshed and played the harp. F to take seriously. Holy Writ, the Hu claiming that Doctor is the first authentic therapeutic use of ing bodily ailments."

Now, Huff's run bi ments which they t the lists are taken f used in Red Cross those which Mrs. I work.

A PETAL ON THE CURRENT The popular "Imperial" are showing only pictures this week and the change did not in anyway detract from the large audience who are in the habit of packing the movie playhouse to capacity. Last night two full shows were given. The feature "A Petal on the Current" is a most beautiful story and with Mary Laren in the leading role correct interpretation of the shy little country girl who tasted wine for the first time and as a result was sentenced to a term of imprisonment the struggle to get along alone and the outcast side the story one of the sweetest and truest to life possible. The serial "Red Glove" still continues to thrill and the many patrons last night enjoyed the entire bill to the fullest extent.

ECZEMA ENDED Madame A. Lariviere of Fall River, Mass., suffered with eczema for three years, and had treatment from several doctors, all of whom gave up the case. "Finally," she says, "I went to a specialist, which cost me another \$50, but I was no better. A friend advised me to try Zam-Buk, which I did, and for which I have ever since been thankful. I very soon felt some relief, and perseverance with Zam-Buk completely rid me of the disease."

SEVERE CUT HEALED Mr. C. Oakley of Saskatoon, who sustained a terrible cut on his leg, says: "I had I know of Zam-Buk when the accident occurred, I could have saved myself a \$40 doctor's bill! A doctor sewed up the cut and attended me for five weeks, but the wound did not heal, and he advised me to go into a hospital. I objected, however, and used Zam-Buk instead, and in two weeks' time was back at work."

SAVED OPERATION "Father developed a painful sore on his face," writes Miss N. Lewis of Silver Lake, Oregon. "Numerous remedies and treatment from several doctors failed to heal it, and the doctor advised an operation. Someone advised him to first try Zam-Buk. A few applications brought relief, and continued use of Zam-Buk entirely healed the sore, saving father from an operation."
