

The Bowser Safe Self-Measuring Oil Tank Can Be Kept in a Convenient Part of the Store

because it is clean and there is no dripping of oil to stain the floor or spoil other articles of food. The old style oil tank must be kept in the shed or cellar, which necessitates leaving the store to draw oil. The BOWSER is equipped with an automatic cut-off that checks the flow of oil as soon as pumping ceases, and prevents dripping; it does away with the nasty, oily measure and funnel. The Computer shows how much to charge for, and the Float Gauge shows how much oil is left in your tank. In fact, to sell oil in a cleanly and profitable way you need a BOWSER.
