the Indian Council in front of them of the same

Dear Sir

66528

Judicial Office
Strathroy March 8th 1886

Wherewith send you a
letter received from Mr. W. H. Wade,
making enquiry if he could get
sand from the Canada Judicial
Reserve for brick making and
if so upon what terms. His
brick kiln is only a short distance
from a part of the Reserve, where
he says there is very good sand
for brick manufacture. If the
Department will consent to allow him
the liberty to take the sand from
the Reserve I would have to be
instructed as to the value of it for
cordy (and dues if any) estimated
to him that the matter would have
to be submitted to the Council and
then if agreed to, also to the
Department for approval. And as the
Council may not meet for sometime
send the letter of Mr. Wade to the
Department for consideration and
advice

I have the honor to be
Dear Sir
Your obedient servant
James Gordon
Judicial Agent
