Ottawa, Ont. June 28th. 1923.

Dear Arthur:

I want to congratulate you in the warmest possible way on the immense success achieved in Western Ontario by the Conservative Party in the late contest. It was, I know, better than you expected, but on the whole your forecast was sound; all that happened was that each place was a little better than you figured.

Everyone joining in the belief that the result was due more to the "LONDON FREE PRESS" than to any other single factor. Of course, we all agree that in large measure it was a personal triumph for the Honourable Howard Ferguson, and right well he deserves his success. You have yourself, however, attained a standing which perhaps you scarcely comprehend, and no one is more pleased than myself. All I desire for you is that you march right on - a stern resolve will take you very far.

Yours very truly,

Arthur R. Ford, Esq.,
"LONDON FREE PRESS,"
London,
Ontario.
