

4. The port by which it is intended that nursery stock subject to fumigation or inspection shall enter Canada shall be clearly stated on each car, box, bale or other container, which shall also bear a declaration of the nature of the contents. All shipments made in accordance with these regulations will be entirely at the risk of the shippers or consignees, the Government assuming no responsibility whatever.

5. All persons importing nursery stock subject to inspection, except such as is exempt under section 3 of the regulations shall give notice to the Dominion Entomologist, Department of Agriculture, Ottawa, within five days of despatching the order for the same. This notice shall include a detailed statement of the nature, quantity and the points of origin and destination of the stock, the name of the consignor and of the consignee, and the name of the transportation company or companies carrying the stock. A second notification shall be sent to the Dominion Entomologist by the importer immediately on the arrival of the stock at its final destination. Notice shall also be given by all transportation companies, custom house brokers and other persons importing or bringing into Canada nursery stock that is subject to inspection, as hereinafter provided, immediately such a consignment is received by them.

This regulation shall not apply to nursery stock imported into the province of British Columbia by residents of that province.

6. Nursery stock, not including such stock as is exempt under section 3 of these regulations, originating in Europe shall be imported only through the ports and, with the exception of St. John, N.B., during the periods specified under section 3 for stock requiring fumigation, with the addition of the ports of Halifax, N.S., Sherbrooke, P.Q., and Montreal, P.Q., through which ports, and also the port of St. John, N.B., such European stock may enter from September 15 to May 15. Such European nursery stock, and such other imported vegetation as the Minister may determine, entering Canada, shall be exempt from fumigation, but shall be inspected, either at the port of entry or at its destination to which it may be allowed to proceed, but in the latter case it must not be unpacked except in the presence of an inspector.

7. The importation into Canada of the following is prohibited:—

- (a) Potatoes from Europe, Newfoundland, the islands of St. Pierre and Miquelon and the State of California.
- (b) All non-canned fruits, plants or portions of plants or other vegetation or vegetable matter from the Hawaiian Islands.
- (c) Coniferous trees such as spruce, fir, hemlock, pine, juniper (cedar) and arbor-vite (white cedar) or the foliage thereof, and decorative plants such as holly and laurel known and described as "Christmas greens or greenery," from the states of Maine, Massachusetts, New Hampshire, Connecticut and Rhode Island.
- (d) The following species of the genus *Pinus* and their horticultural varieties namely: White pine (*Pinus strobus* L.); Western white pine (*Pinus monticola* Dougl.); Sugar pine (*Pinus lambertiana* Dougl.); Stone or Cembrian pine (*Pinus cembra* L.); and all other five-leaved species of the genus *Pinus*.
- (e) Chestnut (*Castanea dentata* Borkh.) and Chinquapin (*Castanea pumila* Mill.) from the United States.
- (f) All species and varieties of currants, and gooseberries (*Ribes* and *Grossularia*).

8. The importation of all nursery stock including trees, shrubs, plants, vines, grafts, scions, cuttings or buds through the mails is prohibited, except greenhouse-grown florists' stock, cut flowers, herbaceous perennials and bedding plants, which will be admitted provided that a certified declaration of the contents is attached to such parcels.
