This hotel has been built on a commanding site, affording a magnificent view of the whole expanse of the Lake St. John. Almost in front of the hotel is the steamboat wharf, where tourists may embark on the passenger steamer *Peribonca*, making daily trips and excursions to all points on Lake St. John during the season of navigation. The Montagnais Indians, whose village is a short distance from the hotel, will be available as canoe men and guides; and their bark canoes and intimate knowledge of all the best sporting localities around the lake, will always be available to the guests of the hotel.
