36 cents a pound. Roan Jasper, the Gardhouse steer that was defeated for grand championship, and the winner of the Boys' Steer Feeding Competition, sold for 40 cents per pound. Among the sheep and lambs the highest price received was for a pen of ten short-wooled lambs, wethers or ewes under 100 pounds. These were exhibited by C. E. Meggs, Paris, and sold for 41 cents per pound to the Swift Canadian Company. The next highest price was 36 cents per pound for a pen of six lambs, wethers or ewes under 90 pounds, while the third prize pen of wethers or ewes under one year, shown by Hampton Bros., of Fergus, sold for 35 cents a pound. The prices for hogs at the auction sale on Friday varied from 26 to 50 cents per pound. J. E. Brethour & Nephews sold 5,140 pounds of hogs, live weight, for an average of 41 cents per pound, one lot of ten bacon hogs, 170 to 275 pounds in weight, selling for 49½ cents per pound. These hogs averaged 216 pounds each. The high price in swine was secured for a litter of eight hogs, weighing 1,630 pounds in competition for the United Farmers' Co-operative Company Special. This litter brought J. K. Featherstone, of Streetsville, the handsome price of 50 cents a pound.

The exhibitors and awards in cattle, sheep and swine are given below, the weight and selling price at the auction sale of each prize-winning entry being given in brackets immediately after the name of the owner:

Conference about the Scrub Bull.

The matter of a scrub-bull campaign was the subject of a conference between officials of the Dominion and Provincial Departments of Agriculture at the Ontario Provincial Winter Fair last week. Among those present were Hon. Dr. F. S. Tolmie, Minister of Agriculture, Ottawa; Dr. J. H. Grisdale, Deputy Minister of Agriculture, Ottawa; E. S. Archibald, Director Experimental Farms, Ottawa; H. S. Arkell, Live-Stock Commissioner, Ottawa; W. R. Reek, Assistant Live-Stock Commissioner, Ottawa; Hon. Manning W. Doherty, Minister of Agriculture, Toronto; C. F. Bailey, Agricultural Commissioner, Toronto; Professor Wade Toole, O.A.C., Guelph; R. W. Wade, Director Live-Stock Branch, Toronto; John Gardhouse, President Ontario Cattle Breeders' Association, Weston. A plan was presented which would require the appointment of a special field man to direct a campaign for the elimination of the scrub bull in a few specified districts wherein the work would be concentrated. This special officer of the Provincial Department would work under the direction of the Ontario Cattle Breeders' Association, of which R. W. Wade is Secretary. It was planned that the agricultural representatives would play a very prominent part in the campaign, and it was estimated that \$12,000 would be the amount required from the Provincial Government for the first year. Quite a number of those present, especially from the Federal Department, had different ideas on the subject, with the result that no agreement was reached, except to appoint a further small committee consisting of one representative from the Ontario Cattle Breeders' Association, one from the Ontario Department of Agriculture, and a third representative from the Dominion Department of Agriculture. This committee, it is expected, will meet soon and bring in recommendations to both Federal and Provincial Governments.

Stockmen Meet Premier Drury.

On Friday, December 12, a large and representative delegation of stockmen and others interested in the proposed Eastern Canada Live-Stock Show, to be conducted at Toronto under the name of the Royal Canadian Winter Fair Association, waited on Premier Drury and several members of his Cabinet with respect to the grant of \$30,000 for ten years, which is asked of the Provincial Government for the prize money of the new Show. The delegation was received by the Honorable Messrs. Drury, Biggs, Doherty, Raney and Nixon, the Honorable Manning W. Doherty introducing the delegation and reading a letter from the Winter Fair Association setting forth their requests. This letter asked for a reply by December 15, in order that the by-law for \$1,000,000 to be submitted to the people of Toronto might be fully understood and backed by the support of the Provincial Government. W. A. Dryden, Brooklin, who headed the delegation, presented the need for a large live-stock and agricultural winter fair, after first making some congratulatory remarks, both with reference to Mr. Drury and his Government and also with reference to the appointment as Minister of Agriculture of the Honorable Manning W. Doherty. The financial aspect of the matter was presented by George Pepper, Toronto, who stated that the money would be used altogether for prize money, and that it was anticipated that the new arena would be completed in time for the Canadian National Exhibition in 1920, and that a prize-list would be provided for the Winter Fair in November or December following, amounting to \$75,000. It was also stated by Mr. Pepper that the City of Toronto is giving \$600,000 toward the cost of the new arena, and that private citizens of Toronto are subscribing an amount equal to \$400,000 spread over the next ten years.

Premier Drury received the delegation very frankly and stated that personally he thought Toronto could be made the home of a much better show than Guelph, but that the grant asked for was a large one and needed careful consideration, because the finances of the Province were not in any too good shape. Personally he was in favor of assisting the show with prize money to any reasonable extent, and wondered if it would be satisfactory to the stockmen if the Government would guarantee assistance up to \$30,000 a year for ten years should this amount be needed. It was pointed out by the stockmen that such a reservation might possibly be detrimental to the start of the show, but that the charter of the Association prohibited a greater surplus than \$10,000 from being accumulated at any time, and that if a surplus was accumulated which was not necessary for prize money, the Association would be glad to distribute any excess among three or four feeder exhibitions which might be designated by the Minister of Agriculture as worthy of such assistance. The manner of the Premier and that of his colleagues was especially frank and worthy of praise. Premier Drury stated that a Cabinet meeting to give final answer was not possible before Tuesday, December 16, but that an answer would be given then, and as nearly as could be judged this answer when announced will be satisfactory to the stockmen.

U. F. O. Live-Stock Business.

Probably the most remarkable development in Eastern Canadian agriculture during the year 1919 has been the business done by the Live-Stock Department of the United Farmers' Co-operative Company, at the Union Stock Yards, Toronto. In the short space of ten months and a half this first big venture of the U. F. O. Co-operative in marketing farm products has piled up a business of \$7,445,000, a truly remarkable achievement, and certainly far in excess of the highest expectation. Speaking with F. J. Fulthorpe, Office Manager of the Live-Stock Department at the Union Stock Yards, a representative of "The Farmer's Advocate" learned that live stock has been received from 300 different shipping points in Ontario, that as near as can be estimated at least 20,000 farmers have been served by this branch of the U. F. O. Co-operative Company. Altogether, more than 3,600 carloads of live stock have been handled at a cost of about three-quarters of one per cent. One farmers' club at Meaford has shipped as much as 124 carloads of live-stock to be handled by the U. F. O.; the total live-stock business done for this club amounting to more than \$296,000. Quite a number of clubs have done business with the U. F. O. in live stock alone amounting to more than \$100,000, from the 17th of February, when the live-stock department was first opened, to the 30th of November.

U. F. O. President Now an M. P.

R. H. Halbert, President of the U. F. O., has been conceded the victory in the recent North Ontario by-election, defeating Neil D. MacKinnon by a majority of approximately 250. The recount of ballots on Monday, December 15, will probably settle the issue so far as the majority is concerned, and the results may be announced before this is read. Mr. MacKinnon is a miller by trade, and resides in Cannington. He contested the riding as an Independent Unionist. Mr. Halbert is a retired farmer, and now resides in Uxbridge. It is expected that he will be asked to be relieved of his duties as President of the U. F. O. when the convention assembles this week in Toronto. Hon. Mr. Drury, who is Vice-president, will also probably wish to be relieved of his U. F. O. office, in which case a President and Vice-President will have to be elected.
