"For Years,"

Says **CARRIE E. STOCKWELL**, of Chester-
field, N. H., "I was afflicted with an
extremely severe pain in the lower part of
the chest. The feeling was as if a ton
weight was laid on a spot the size of
my hand. During the attacks, the
perspiration would stand in drops on
my face, and it was agony for me to
make sufficient effort even to whisper.
They came suddenly, at any
hour of the day or night, lasting from
thirty minutes to
half a day, leaving as suddenly; but, for
several days after, I was quite prostrated
and sore. Sometimes the attacks
were almost daily, then less frequent. After
about four years of this suffering, I was
taken down with bilious typhoid fever, and
when I began to recover, I had the worst
attack of my old trouble I ever experienced.
At the first of the fever, my mother gave
me Ayer's Pills, my doctor recommending
them as being better than anything he
could prepare. I continued taking these
Pills, and so great was the benefit derived
that during nearly thirty years I have had
but one attack of my former trouble, which
yielded readily to the same remedy."

HOME COMFORT RANGE.
The following are a few of the many testi-

Mohawk, March 29th, 1894.
Wrought Iron Range Co., Toronto, Ont.:
Gentlemen,—We purchased of your sales-
man, Mr. H. L. White, on the 26th day of
February, 1894, a "Home Comfort" Range, and
are pleased to say it gives entire satisfaction,
as we are consuming only about one-third the
fuel by formerly did, and in all respects find
the Home Comfort as recommended by your
salesman, to a letter.
Respectfully,

Gentlemen,—We purchased of your sales-
man, Mr. J. Burns, on the 8th day of February,
1894, a "Home Comfort" Range, and are
pleased to say it gives entire satisfaction, but it
perfectly heats up quickly and requires less
wood by one-half than any stove or range we
ever used.

Gork, March 31st, 1894, Guelph Township,
Wellington County, Ont.:
Wrought Iron Range Co., Toronto, Ont.:
After a two weeks use of a "Home Comfort"
Range in our houses we can truthfully say that
it is all and everything Mr. Robinson, the
salesman, claimed for it before it was put in
operation. It certainly saves half in fuel, and
gives much more heat than our stove. It is
also a most complete baker, and is very con-
venient to work over. The money paid for it
would not remove it from our homes if we
could not obtain another like it.

NOTICES.

Read the advertisement of Stanley, Mills
& Co. in this issue.

In this issue will be found an advertisement
of the Leader Churn. It is very highly spoken
of. We would advise our readers to procure it.

The attention of our readers is especially
directed to the advertisement of Messrs.
Good, Shapley & Muir, Brantford, whose
Ideal Spraying Pump will be found an effec-
tive addition to the appliances needed now on
every farm and garden. They also build steel
wind-mills and furnish bee supplies.

Messrs. R. Rivers & Son, Springhill Stock
Farm, Walkerton, report that their Shorthorns
have wintered well, and that their cows,
twelve in number, have all dropped calves—
six of each sex—all good, straight ones with
lots of hair. They have yet one fine young
bull for sale, to which reference is made in
their advertisement.

AGRICULTURAL COLLEGE, MICH., Nov. 24, '93.

J. W. Buchanan, Smithville, Ohio.

Dear Sir:—We are very much pleased with
the Buchanan Fence. Its efficiency and low
cost cannot fail to commend it to all stock
farmers. We are preparing to build more next
year. Your fence combines more good quali-
ties, with fewer bad ones, than any fence with
which I am acquainted. I am very truly
yours, F. B. MUMFORD.

ANSWERS TO CORRESPONDENTS.

FARMER.—Yes, South Dakota furnishes an
excellent field for diversified farming. Wheat,
Corn, Barley and Flax are produced in abun-
dant quantities and find a ready market at
good prices, while the cost of production is
much less than in the Eastern States. Stock
raising and wool growing have become suc-
cessful industries in South Dakota, where
thousands of acres of the finest land in the
United States can be secured at reasonable
figures and upon long time for deferred pay-
ments. Further information will be cheerfully
furnished free of expense by addressing A.
J. TAYLOR, Canadian Passenger Agent, 87
York St., Toronto, Ontario.

THE LEWIS COMBINATION SPRAYER.

We have made a careful test of the Lewis
Combination Spray Pump, which is offered
for sale by Mr. W. H. Van Tassel, of Belleville.
It is all made of brass, excepting three or four
feet of strong hose, and the parts all screw to-
gether. It is handy, strong, simple, and will
serve half-a-dozen different purposes. It throws
a solid stream twenty-five or thirty feet high,
large or small, which can be changed instantly,
without stopping, to a fine or coarse spray.
There is a special nozzle for spraying low
bushes, such as roses, currants, etc., and can be
used to apply an emulsion to cattle. As a
veterinary syringe it is also very useful. Prac-
tically, there is nothing about it to get out of
order, and Mr. Van Tassel will express them to
any one cheaply. We can heartily recommend
the Lewis Sprayer.

The Ontario Wind Engine and Pump Com-
pany, of Toronto, have purchased the stock
and plant of the Ontario Pump Company, of
Toronto, so well and favorably known all over
Canada. They state that they will not only
continue to manufacture all the best lines
which were made by the old company, but
that they are adding many new features, among
others are steel windmills and towers. They
have secured the services of Mr. S. H. Clam-
pman, late manager of the Ontario Pump Co.,
who will, as in the past, have charge of the
business. The new company will make it their
aim, by the employment of skilled workmen,
and the selection and manufacture of the best
lines, to merit a continuance of the confidence
and patronage so liberally accorded to their
predecessors. Farmers requiring anything in
the way of windmills, force or spray pumps,
etc., should consult their catalogue before pur-
chasing elsewhere. See advertisement in this
paper.
