Wager \$500.

To Whom it May Concern.

During the thunderstorm in August, the County of Middlesex alone suffered to the extent of from \$50,000 to \$85,000 in the destruction of dwellings, barns and outbuildings. Not one of the structures consumed was furnished with rods from the Globe Lightning Rod Company of London, although there are thousands and thousands of feet of our Rods erected upon the farm houses and barns in Middlesex Co., and over \$10,000 being erected within the city limits alone during the past two years, the statements of a few wise-aces to the contrary notwithstanding. The Globe Company, in order to show their confidence in the goods manufactured and sold by them, are prepared to place the sum of \$500 in the hands of His Worship Mayor Campbell (or any other responsible citizen), against a similar amount deposited by any person or persons who can prove, or claim to be possessed of any knowledge tending to prove, that a building provided with suitable rods from the Globe Company has been struck during either of the recent thunderstorms which have visited Western Ontario. The money to be divided between the different charitable institutions in the city.

Manager Globe Lightning Rod Co., London, Ontario.
