

NEWS FROM IRELAND.

DUBLIN.

The Inspector-General of Irish Constabulary has issued another circular to the force in reference to Ireland meetings. In this he enjoins that, except in cases of absolute necessity, armed policemen are to be kept out of the view at such meetings.

QUEEN'S COUNTY.

On Oct. 24, James Morris, who resides near Rosellen, reported that he was driving home, two men, one of whom was armed with a gun, stepped out from a ditch and seized his horse. On looking into his face one said, "That's not Delany," and he was allowed to drive on. Delaney is steward to Mr. Patterson, who holds a large property near Rosellen, and sometime since was engaged in an affray with poachers, in the course of which some of them were wounded. A man named Carroll was arrested on suspicion of stopping the horse, but discharged to-day, as he was not identified.

WESTMEATH.

A house belonging to a man named Heatherston, near Mullingar, was, on Oct. 5th, burnt to the ground. The reason assigned for the outrage is that Heatherston some time ago evicted a tenant from the holding. The house was unoccupied at the time.

LOUTH.

A posse of the Drogheda police, acting under the inspiration of "information received," recently proceeded to Drogheda railway station, on the arrival of the up-train for Dublin, and made a search for fire-arms. The object of their suspicions was some barrels of herrings which arrived from Drogheda, that they suspected contained contraband weapons. They were fished among the herrings without getting a "take." It is needless to say that their errand was fruitless.

CORK.

At Bandon, on October 7th, the tenants on the property of the late Colonel Chatterton refused to pay the agent who attended for the purpose of collecting the rents more than a half-year's rent, based upon Griffith's valuation. The agent, Mr. Armstrong, of Lincolnton, declined the offer, and threatened to take summary proceedings in the event of the tenants not paying up. The rents are stated to be one-sixth more than Griffith's valuation.

A number of armed men, who were disguised, recently entered the house of a farmer named Brown, residing at Scarligh, near Kanturk, and having ejected him and removed his furniture to the roadside, it is alleged they beat him severely and cut off one of his ears. Brown appears to have made himself obnoxious by taking a house and lands from which it is stated, a tenant had been evicted.

On Oct. 24, a man named Evely, and his family, consisting of a wife and six children, living near Cooladown, within two miles Kanturk, who were evicted for a debt at the suit of the St. Patrick's Loan Society, was forcibly reinstated in his holding by a body of armed men. The party lit fires, placed new locks on the doors, and then left.

KERRY.

Circulars have been issued to the tenants on the estate of Sir Edward Denny, including the town of Tralee and country for miles around, that leases forever will be granted to occupying tenants at rents fixed in 1829. Tenants under middlemen will be placed on the same footing with the direct tenants. A fine of six years' rental will be imposed. The proposal is favorably regarded by the tenants.

The first public meeting of the Tralee branch of the Land League was held on Oct. 24, Mr. T. Harrington, Kerry Socialist, presiding. The Chairman, Mr. Harrington, of a lengthy speech, said that if torches were to be applied to the houses of the poor the landlords might not know but that some time they would see the fires at their own doors.

On Oct. 7th, Mr. Arthur O'Connor, M. P., accompanied by Mr. Harrington, visited the scene of the eviction of Patrick Kennedy and his family from their house at Ballinagrane, near Dingle. The weather was anything but pleasant, a heavy down-pour having set in at an early hour, and continued without ceasing until evening. Ballinagrane is a black spot situated at the foot of Listoran Mountain, and the people there seem to be in anything but comfortable circumstances. Considerable impudence has been attached to the eviction of Kennedy, because after possession being obtained his house was set fire to and consumed, lest, as has been conjectured, he would be put back into it, as was the case in several similar instances in this county recently. The house belonged for Queen's County, who is interested in that part of Kerry by family ties, having visited the Kingdom of Kerry, thought well to avail himself of the opportunity for seeing for himself the evicted house at Ballinagrane. He appointed one o'clock. At that time, notwithstanding the disagreeableness of the weather, large numbers were seen repairing to the scene of the eviction. The police, too, found out that a meeting would be held, and accordingly members of the force were drafted into Dingle from the outlying stations, and despatched to Ballinagrane. Notes of the meeting were taken by two members of the constabulary. The meeting took the following pledge, with uplifted hands:—"We promise, in the presence of each other, that we will never on any account, for ground or for fear, nor under what threats or intimidations, be brought against us, take any farm or land from which another man has been wrongfully evicted."

LIMERICK.

At the Limerick Market, on Oct. 6th, a farmer who had taken possession of a farm from which another had been evicted, offered some butter and oats for sale. The merchants and brokers alike refused to purchase from him. The man, whose name was Fawley, was obliged to take the produce with him, and on leaving the market he was booed by the large crowd of farmers present.

One of the series of Land League meetings to extend the ramifications of that body was held at Arleigh, on Sunday, Oct. 24, about twenty miles from Limerick.

a small one, but possesses some historic interest as containing the mausoleum of William Smith O'Brien, which was in view of the platform. 5,000 persons were present, and also three bands. Over 100 mounted men arrived from Castle-mahon and Newcastle West, headed by the Very Rev. Dean O'Brien. They were all decorated with scarfs of green and orange. The various banners borne in the procession to the platform indicated a wish that orange and green blended into one should, as Davis said, carry the day. A force of some fifty or sixty police were on the ground, but their services were not required. At three o'clock, the Rev. Mr. McCarthy, P. P. of Knockaderry, was called to the chair, amid great applause. Resolutions of the usual character were adopted. Some landlords came in for a general satirization of their conduct to wards their tenants. A vote of thanks to the rev. chairman closed the proceedings.

CLARE.

The tenancy on the property of Dr. Ryan, Clonahilly, near Killysart, county Clare, being called on to pay the September rent, has refused to pay more than the Government valuation. Dr. Ryan's son, his agent, accepted the money, but only gave acknowledgments instead of the ordinary receipts, saying that his father would settle with the tenants. An important land meeting was held at Killysart, on Sunday, Oct. 3d. The number of people who attended was 5,000. The resolutions were firm and within the bounds of moderation, demanding a sweeping land remedial measure. The Rev. John Hayes, P. P., Killysart, was called to the chair, amid vehement cheering, and made an excellent address. Twenty-three tenants on the Marquis of Conyngham's property in the townland of Clonahore East, parish of Kilmacanogue, have resolved to purchase their holdings. They have made an offer which has been favorably received, and will, in all probability, be accepted.

TIPPERARY.

As Captain R. W. Gason was travelling on Oct. 6th from the residence of his uncle, Colonel Gason, near Droineer, to Borrisokane, he was fired at on the road near Coolbawn. The shot not taking effect he proceeded rapidly to Borrisokane, where he applied the sub-inspector of what had happened. Captain Gason, who is brother to the Rev. Freeman Gason, of Borrisokane, came over from England, it is said, for the purpose of getting his rents from some property he owns near Puck-kawn, a few miles from Nenagh. Mr. Gason says himself that his belief is that there was no intention to either kill or wound him, but merely to scare him.

WATERFORD.

A lad named Thomas O'Hea, a carpenter's apprentice, was accidentally drowned at Fiddown, on Oct. 6th. It appeared that he was at work on some repairs at the railway bridge there, and on his return from breakfast, he stepped on a plank which had been taken up, and it giving way with him, he was precipitated into the river and drowned.

DOWN.

On Sunday, October 3d, an enthusiastic meeting in support of the Land League was held in the townland of Clolge, parish of Killybeg, at noon. A most interesting session, accompanied by bands and two large banners, marched from Newry to Clolge, where a platform was erected in a field. On the way a contingent from Dundalk, accompanied by the Emmet Band, met the procession, the whole party numbering about seven thousand. Dr. McKeon, a landlord, residing at Newtownhamilton, occupied the chair. He said he was a small landed proprietor himself, but he never had a tenant out of his ground, and with God's help, he never would. He alluded to the evictions of some very rough handling. A policeman who was passing by the house went to Daly's assistance. The attacking party were brought before a local magistrate, when Daly stated he would be unable to do his duty if such offences were not punished. After a long hearing of the case, the parties were remanded.

GALWAY.

An attack was recently made on a bailiff named Daly, while collecting rent on Mrs. J. Hensworth's property, near Lougheira. It appears that Daly entered a tenant's house, and after notifying the tenant to pay the rent he was attacked by the man and his son. The bailiff received some very rough handling. A policeman who was passing by the house went to Daly's assistance. The attacking party were brought before a local magistrate, when Daly stated he would be unable to do his duty if such offences were not punished. After a long hearing of the case, the parties were remanded.

ROSCOMMON.

The town of Boyle was, on Sunday, Oct. 3d, the scene of a monster land demonstration, in which it is computed some 40,000 persons took part. The remedy that has had the most remarkable success in the cure of diarrhoea, dysentery, cholera morbus, and indeed, every kind of summer complaint, brought on by eating improper food, such as raw vegetables, unripe or sour fruits; bad milk, impure water, etc.—the remedy that is the most pleasant, rapid, reliable, and effectual, is Dr. Fowler's Extract of Wild Strawberry. It is the finest remedy for summer complaints known. For sale by all dealers.

NOT A BEVERAGE.

"They are not a beverage, but a medicine, with curative properties of the highest degree, containing no poisonous drugs. They do not tear down an already debilitated system, but build it up. One bottle contains more hops, that is, more real hop strength, than a barrel of ordinary beer. Every druggist in Rochester sells them, and physicians prescribe them." Rochester Evening Express on Hop Bitters.

Consumption Cured.

An old physician, retired from practice, having laid place in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French, or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. W. SHERAR, 149 Powers' Block, Rochester, N. Y.

The most pleasant, reliable and effectual remedy yet discovered for diarrhoea, dysentery, cholera morbus, cholera infantum, and all summer complaints, is Dr. Fowler's Extract of Wild Strawberry. It is unsurpassed as a reliable specific in the above diseases, is well known as a great remedial agent, and is more highly valued the longer it is known. Travellers and tourists should carry a supply in their havacsack. For sale by all dealers in Medicines.

The manufacturers of the "Myrtle Navy" tobacco invite the very choicest scrutiny of its quality. The expert whose trained senses teach him to recognise the exact quality of tobacco, and the smoker who judges by his experience in smoking it, will both concur in the same conclusion that it is of the very highest quality and where to be found. It is made of the very finest Virginia leaf and is manufactured with the greatest possible care.

Thousands of children are lost annually from cholera infantum, diarrhoea and the summer complaints, whose lives might be preserved by using Extract of Wild Strawberry. Physicians recommend and use it constantly. It is a remedy well known, and more highly valued the longer known. It is for sale at all drug stores, and is within reach of every one. See advertisement in other column.

MISCELLANEOUS.

Yer's Sarsaparilla. Is a compound of the virtues of sarsaparilla, stinging, manrake, yellow dock, with the iodide of potassium, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and most effectual alterative medicine known or available to the public. The science of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Boils, Sores, St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Holes, Tumors, Fetter, Humors, Salt Rheum, Swelling, Ulcers, Sores, Rheumatism, Mercury Disease, Neuralgia, Female Weaknesses and Irregularities, Jaundice, Affections of the Liver, Dropsy, Emaciation, and General Debility.

By its searching and cleansing qualities it purges out the foul corruption which contaminates the blood and causes derangement and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair who will give AYER'S SARSAPARILLA A TRIAL.

It is folly to experiment with the numerous low-priced mixtures of cheap materials, and without medicinal virtues, offered as blood-purifiers, while disease becomes more firmly seated. AYER'S SARSAPARILLA is a medicine of such concentrated curative power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and prescribe it. It has been widely used for forty years, and has won the unqualified confidence of millions who have benefited.
