EQUIPPED WITH OUR NEW RAKE.

When we tell you the Imperial Harvester is the most perfect reaping machine made, we also lay before you the facts in order that you can judge for yourselves. Not only does this machine possess more valuable patented improvements than any other machine made, but in construction it is the simplest; in strength, and durability, combined with lightness, compactness, symetry of design, convenience in handling and capacity for performing extraordinary ranges of work with ease and perfection, it has no equal. It is adapted to work on any farm field, in any kind of grain, and it possesses advantages over all others, equipped as it is with both of the acknowledged perfect rakes now in use, either of which farmers can choose when purchasing.

Farmers, be not deceived by any statements made by agents anxious to sell you reapers of other makers. You now have the opportunity of purchasing the only per-

feet machine in the market, and do not let that opportunity slip from you.

The Imperial is sold under full guaranty that it is just as we represent it. You run no risk in buying it. It will do all we say, and more too. Therefore send in your orders at once. It costs no more to purchase now than it will at harvest time. By having your machine at house tefore you require to use it, you will become so familiar with its construction and operation that when you begin harvesting you will be able to go right through without a single delay. This to every farmer is a matter of great importance.

Our agents will have sample machines at different points for inspection during Our agents will have sample machines at different points for inspection during the winter and spring months, where you can see them and leave your orders. Or you can send your orders to us direct. We will ship you a machine, and if it does not fulfil every representation we make concerning it, when you receive it, send it back and we wil return your order. This is the way we do business. In dealing with us you run no risk whatever. You want value fryour money, and we want your custom, and if we would keep your custom we must give you the worth of your money. When you buy the Imperial you not only have the best machine madebut you likewise have the cheapest, for the best is always the cheapest.
