

Chaffing.

The talent of turning men into ridicule, and exposing to laughter those one converses with, is the qualification of little minds and ungenerous tempers. A young man with this cast of mind cuts himself off from all manner of improvement.

PILES—ITCHING, BLIND AND BLEEDING—CURED in three to six nights. Dr. Agnew's Ointment is peerless in curing. One application gives instant relief. It cures all itching and irritating skin diseases, Chafing, Eczema, etc. 35 cents.

—Some people speak as if hypocrites were confined to religion; but they are everywhere: people pretending to wealth when they have not a sixpence, assuming knowledge of which they are ignorant, shamming a culture they are far removed from, adopting opinions they do not hold.

HEAD RELIEF IN 10 MINUTES.—Dr. Agnew's Catarrhal Powder gives almost instant relief and permanently cures Catarrh, Hay Fever, Colds, Headache, Sore Throat, Tonsillitis, and Catarrhal Deafness. One short puff of the powder clears and cleanses the nasal passages. It is painless and delightful to use.

—In the sight of God, greatness does not depend on the extent of our sphere, or on the effect produced, but on the power of virtue in the soul, in the energy with which God's will is performed, the spirit in which trials are borne, and the earnestness with which goodness is loved and pursued.

THE CITIZENS' SUNDAY CAR ASSOCIATION

W. R. BROCK, Chairman. GEO. H. BERTRAM, Vice-President. H. F. WYATT, Secretary.

MANIFESTO.

TORONTO, April 28th, 1897.

As the voters of Toronto will be called upon shortly to decide whether a Sunday Car Service shall be permitted or not, the undersigned desire, with all respect for the opinions of others who regard the question differently, to bring to the notice of their fellow-citizens some of the reasons which induce them to favor the proposed Sunday Service. They believe: 1. That the changed conditions of modern life, which have increased the population of cities and spread them over large areas, make easy and cheap transportation for the people of large towns on Sundays, as well as week days, an important social and moral consideration. 2. That it will tend to place the poor in the crowded parts of the city on something like an equality with those who can afford carriages or bicycles in maintaining intercourse with their friends, or in getting access with their children to open air and public spaces on the only day on which many families, and especially those working men, can enjoy them together. 3. That while the convenience to the public, and particularly to the poor, will be infinitely improved, less labor will be required proportionately for communication throughout the city by a Sunday Car Service than is at present entailed on coachmen, cabmen and others. 4. That, as the employees of the Street Railway Company are prevented by special by-law from working more than six days in the week, and as the enforcement of this by-law is under heavy penalties in the hands of the Civic Authorities, it is evident that, in this respect, working men are thoroughly protected. 5. That a Sunday Car Service will add to the influence and usefulness of Churches and Sunday Schools by enabling people to attend places of worship for which they have a personal preference, or with which circumstances have given them a strong personal association. 6. That, in the opportunities which it gives for Church attendance, for social and family intercourse, and for healthy and natural recreation, a Sunday Car Service will tend to strengthen rather than weaken the moral tone of the community. 7. That, as, in a total vote of 27,311 polled in 1893, over 13,000 residents of Toronto voted for a Sunday Car Service and 11,000 have again lately petitioned for it, it seems arbitrary on the part of those opposed to such a service, to impose, by so small a majority, a restriction on the freedom of others, as to how they will travel from one part of the city to another, especially as all opponents of Sunday Cars are left free to use them or not, as they think fit. The undersigned will be glad if those who sympathize with these views will, by their vote at the polls, try to give them effect.
