IMPORTER OF
CLYDESDALE, PERCHERON AND HACKNEY STALLIONS.

"I now have my Brandon barn full of the best shipment of Clydesdale, Percheron and Hackney Stallions, and Clydesdale fillies that I have ever imported. The most of the Clydesdales are sired by that great breeding horse "Hiawatha." Stallions range from two to four years. I have no pony Clydes, they are all draft Clydes. I invite lovers of good horses to see them. You will see the best lot you ever saw in Canada. I can sell them so cheap you will wonder how I can buy them and sell them at the price. I sell them cheaper than any other importer for these reasons:—(1) I select my horses personally in the Old Country. (2) I purchase for cash. (3) I do my own selling at the barns. (4) I have no partners to divide profits with; therefore any reasonable business man will understand why I can sell cheaper than any importer in the business. I would be pleased to have you come and see my stock and get prices before you buy. A reasonable guarantee given with every horse sold and a quarter million dollars behind the guarantee.

WHAT OTHERS SAY

Gentlemen:— Straw Stove last winter and found it would do all that is required of it. I had a good coal cook stove, but it would not heat my house. After putting in the Straw Stove I had no more trouble. I only used the coal stove for cooking and then let it go out; and used the Straw Stove altogether for heating. By filling the cylinder night and morning, which took me from five to ten minutes I had a steady heat night and day at a cost of getting a load or two of straw during the winter.

Yours truly,
(Signed) GEO. C. CARRUTHERS.

Gentlemen:— I purchased one of your Sterling Heaters last fall and found that it proved a success. Our kitchen was always cold before I got one of your heaters, especially in the morning, but after I got one of your heaters it seemed a new kitchen. My expense was nothing with it, whereas if I had burned coal in a stove all winter it would have taken three tons of coal and a cord of wood.

My advice is for everybody to get a Sterling Heater for the winter months.

Yours truly,
(Signed) PEARD M. COLE

Gentlemen:— I used your Sterling Straw Heater in my shop last winter. I have a large and very cold building and finding a coal stove insufficient, substituted it with your stove for the very cold weather.

Finding it a better heater than the coal stove, I used it entirely the balance of the winter and found it gave better and even heat, with no attention for twelve hours at a stretch. My fuel bill was \$1.25 for a load of straw and \$2.50 for coal. Saved the price of the stove in three weeks.

Yours truly,
