House Plans and Materials

EATON'S can aid YOU in New Building or the Making of Repairs

Get this EATON Catalogue of Modern Homes and Building Materials if you intend to build a house or barn or make extensive repairs.

It contains house plans, barn plans, lumber, millwork, hardware—in fact, a full range of building materials, all at EATON prices.

You can save money by purchasing your supplies from EATON'S. Why not investigate for yourself? Catalogue sent free on request.

We buy direct from the mills in great quantities for cash, thus getting the finest quality of lumber at the lowest prices. We sell direct to the purchaser for cash on a small margin of profit. That's the reason EATON prices are worth your consideration.

This is the time to buy Storm Sash. See General Catalogue
