LAD TO REST

The funeral of the late Mrs. Maria Wilson took place on Monday afternoon from her late residence, 107th Front St., to Belleville cemetery, the Rev. W. Elliott officiating.

TALK OF THE TOWN AND OF THE COUNTRY

INCREASE FISH STOCK IN ONTARIO WATERS.

The Department of Game and Fisheries has this year made a greater effort than ever before to increase the fish stock in Ontario waters. Three times more spawn than in previous years have been placed in the lakes and rivers.

Following is the number of fry taken from the various hatcheries—whitfish: Fort Arthur, 11,943,900; Normandale, 31,382,000; pickerel—Fort Frances, 26,180,000; Port Carling, 4,850,000; Salmon trout—Port Arthur, 1,134,000; Herring—Normandale, 320,000. Speckled trout—Mouth Pleasant, 276,700; Normandale, 10,000. Black bass—Mount Pleasant, 427,660. Total from provincial hatcheries, 77,183,300, and from the Dominion hatchery at Thurlow 650,000.

The waters that received the main portions of spawn are—Whitefish—Lake Erie and Nipigon; salmon and Lake Shebandawan; herring—Lake Erie; pickerel—Rainy River and Muskoka districts; speckled trout—scores of streams through the province.

LITTLE BOY BADLY HURT.

On Saturday last, Mr. and Mrs. Chas. Huff's little two year old boy was hurt by a passing auto, while he was playing in front of his home, at Brighton. Owing to the work that is being done on the main road through Brighton, it is almost impassable in places, and touring cars have been going around by the lake road to avoid certain stretches just west of Brighton. The road past Mr. Huff's having always been a quiet one, the children were quite safe in playing out on the roadside, and it is because of not being used to cars passing that the little fellow was hurt. He saw the car coming and attempted to run across the road to his brother, when he was struck. He was immediately hurried to a hospital and it is earnestly hoped that he may recover. Mr. and Mrs. Huff have much sympathy in their trouble.

(We regret to add, that, since the above was written, the little boy passed away at Wellesley Hospital, Toronto.)

MICE IN PACKING CASE.

Quite a sensation was caused at Delta a few days ago, on the arrival of a shipment of goods from a Kingston firm, by freight. When it was found that a whole family of mice had made a nest in the packing case. The mice had made a most comfortable home, and they were not at all pleased over being disturbed. Whether the mice made the packing case their headquarters before leaving Kingston, or while on the way to Delta, is unknown, but it is stated that when the packing case was opened and the find made, there was a furry of excitement in one of the village stores.

POWER FOR BURNSTOWN.

The Calabogie Light and Power Company will build a transmission line to Burnstown from their present line in Renfrew. The flourishing little community will soon be in possession of the modern advantages of light and power. The same poles now in use by the company will be used to carry the extra line that will be required from the Calabogie plant to Burntown. The branch line to Burnstown will pass through one of the finest farm districts in the community and it is expected that a number of up-to-date farmers will avail themselves of the opportunity to install electric lights in their

homes.

BADLY BURNED.

The four-months-old baby of Mr. and Mrs. Renaud, Tweed, was badly burned on the face and eyes on Saturday last, by falling from a high chair on the stove. Dr. Kindred was called and found the baby taken to a specialist in Belleville who pronounced that it would retain its sight.

NO TRACE FOUND OF STOLEN MAIL BAGS.

The police of Brockville are investigating the disappearance of three mail bags from the Canadian Pacific Railway wharf where they had been left to be taken across the York Central train. The carrier deposited the bags on the wharf, and as the approaching boat was in sight, he left thinking they would be safe, but before the boat touched the wharf the bags were stolen.

One of them, containing a valuable registered package of bonds consigned to Morristown, N.Y., was later found in the Canadian Pacific Railway yard near the wharf. It had been slit open, but its contents apparently did not interest the thief, as the bonds were intact.

There is as yet no trace of the thief or of the other two bags.

WEED HARVESTER AT TWEED FAIR.

The Weed Harvester made its initial appearance in the Tweed district on Friday last at Mr. M. Graham's exhibit on the Exhibition grounds. The harvester consists of a pair of square steel links and weighs about four hundred pounds. It is especially suitable for removing quick grass, and also makes an excellent harrow. It is manufactured by the Weed Harvester Co., Belleville.

LEFT FOR GUELPH.

Mr. and Mrs. S. J. Clarke of Marmora, left on Tuesday morning for Guelph where they will reside. They had been residents of the village for about twenty-five years. At the service in the Methodist church on Sunday evening Rev. W. P. Woodger expressed the appreciation of the congregation for Mr. Clarke's services as choir leader for several years. Mr. Clarke had also been recorder of the Chosen Friends and it is largely due to his efforts the membership was retained. Their friends in Marmora and vicinity will wish them success in their new home.

WOLVES HOWLING NEAR ALMONTE.

Wolves are roaming within six miles of the town of Almonte. Their howls are heard of a night by farmers living in Huntley on the other side of the Burnt Lands. Some sheep have been interkilled with but there has been no depredations such as occurred in Lasark township some time ago. However, there are serious inroads upon game. There is some talk of organizing a wolf hunt.

TRACTOR DEMONSTRATION.

A great deal of interest centered in the tractor demonstration at Tweed Fair on Friday last. In addition to the Fordson, which has been referred to before in these columns, and which is handled by Mr. Felix Rashotte, Mr. Sim McCrea had on exhibition for the first time the Sampson tractor, which is now manufactured in Oshawa. This sturdy little machine, as its name implies,

is built for strength, and the construction is simplicity itself. A child can operate it. With one of these tractors a man can plough four acres in a day, and on an ordinary farm the whole ploughable land could be turned over in about fifteen days. In these days when help is scarce the advantage of owning such a machine must be at once apparent to the farmer, and we expect in the course of a few years to see and iron horse on every farm.

A TICKLISH JOB.

Mr. Robert Dobberman, construction foreman on the Hydro system at Norwood, performed a rather daring feat last week that few would care to attempt, when he scaled the steel tower of the Norwood Presbyterian Church and put on a new cap, replacing the old metal spire which was badly bent. We understand "Bob's" compensation was \$100. At that figure we have not heard any would-be competitors state they cared to take the job. Some of our older residents recall a previous time when the steeple was being dismantled that the late James McLachlan, who was a sailor, and Mr. Adam Patterson came down a rope tied from the top of the steeple to a post near the creek. They made the descent hand over hand. Although Mr. Patterson has long since relinquished his acrobatic feats he is still sporty enough to hang onto a (trawling) line if there is any chance of a lunge, says the Norwood Register.

MADE MANAGER OF BANK.

Harry C. Bowerman, son of the late C. E. Bowerman of Wellington, who for the past three years has been manager of the Royal Bank of Canada at Schomberg, York county, has been promoted to the position of manager of the Royal branch at Burford, Brant county. Burford is a prosperous and picturesque village near Brantford and is surrounded by a rich farming community. Mr. Bowerman has entered upon his new duties. During his residence in Schomberg Mr. Bowerman made many warm friends. He is the president of the Prince Edward County Old Boys' Association of Toronto and has been in the service of the Royal Bank for some fifteen years. At Schomberg he built up a splendid business for the bank and took an active part in every movement for the progress and welfare of the community and in his removal from that centre carries with him the very best wishes of all for his future success and prosperity.

CROW CARRIED OFF MONEY.

A very amusing incident occurred in the vestibule of St. Vincent de Paul's Catholic church, Cape Vincent, N.Y., on Sunday morning, when a pet crow, owned by Forest Keough, which had followed the Keough family to church, entered the vestibule of the church. On a small table were several coins, the result of the sale of the Sunday Visitor, a weekly publication. The crow being attracted by the bright coins, took each one separately in its bill and carried them out, and placed them in Mr. Keough's car. He had taken all the money but three pennies when he was interrupted by the usher, James O'Neill.

SEEDS DID NOT PRODUCE THEIR OWN KIND.

Twenty years ago this summer Mrs. Wm. Elliott, of Winchester, planted a number of seeds taken from a McIntosh Red apple that had been given her. Eight of the seeds grew, the young saplings being planted in her garden, and each year for some years past, were bearing fruit. Dr. McLaughlin was down to Mrs. Elliott's home last week and was given a sample from some of the trees. Not one of the trees is a McIntosh Red, and each tree bears a different apple, no two being alike. This is one of the peculiar tricks of nature that fruits will not propagate their kind from seed, and although all eight apple trees were from the seeds of a McIntosh Red apple, not one produced a McIntosh Red apple.

GRAIN MOVES ON G.T.H.

There is a movement in western grain from Tiffin over the Grand Trunk and the men who have been laid off for a month or so are beginning to rub their hands in anticipation of busy conditions until Jack Frost closes the lake ports. Three vessels, it is reported have arrived at Tiffin, during the past few days and more are on their way. The grain movement is a month or so behind last year, and no one knows that better than the railroad men who are hoping that the season on the lakes will remain favorable for grain for some weeks yet.

HINES UNDER CLOSE GUARD.

Hines, the self-confessed murderer of his two-year-old son, is kept under close guard day and night at the Counties jail. Hines' home be-

Deacon SHIRT For Your Husband

"My wife always buys me Deacon Shirts," said a farmer the other day. They are both well suited. They are both sure of a good fit, with plenty of room for arm freedom. The wife is proud of the neat appearance and the freedom from mending and patching, and the eternal sewing on of buttons. The wear is there.

Ask your dealer. Deacon Shirt Company BELLEVILLE, CANADA

ENGINEER AT THE "PEN"

The Civil Service Commission has announced the appointment of William C. Kay, Ottawa, as assistant steam plant power engineer at the Portsmouth penitentiary.

GOING FOR TWO YEARS.

John Marz, who escaped from the Jail Farm on September 28, and who at Toronto first pleaded not guilty to escaping from custody, changed his plea yesterday, and was sentenced to two years in the Portsmouth Penitentiary by Judge Coatsworth.

STRUCK BY AUTO.

George Karley, of North Augusta was severely injured by being struck by an auto, which pinned him to a wire fence. Karley was standing by the fence when the driver lost control of the car by a dog running out on the road in front of it.

ATTEMPTED TO ROB STORE.

Burglars, who made a bold attempt to rob the grocery store of H. Watts, at the corner of University avenue and King street, Kingston, late on Thursday night, were frightened away by the coughing of a woman living next door to the store, who had been disturbed by hearing a noise in the basement, and who was preparing to give an alarm.

BANCROFT

Mr. Prose of the High School staff spent his holiday in Toronto. Mr. and Mrs. Chas. Plumley, spent the holiday in Belleville. They motored out returning home Tuesday.

SEEDS DID NOT PRODUCE THEIR OWN KIND.

Twenty years ago this summer Mrs. Wm. Elliott, of Winchester, planted a number of seeds taken from a McIntosh Red apple that had been given her. Eight of the seeds grew, the young saplings being planted in her garden, and each year for some years past, were bearing fruit. Dr. McLaughlin was down to Mrs. Elliott's home last week and was given a sample from some of the trees. Not one of the trees is a McIntosh Red, and each tree bears a different apple, no two being alike. This is one of the peculiar tricks of nature that fruits will not propagate their kind from seed, and although all eight apple trees were from the seeds of a McIntosh Red apple, not one produced a McIntosh Red apple.

SERIOUS SHOOTING ACCIDENT.

Mr. Roy Rutherford, son of Mr. and Mrs. Joel Rutherford, of Starpoint, met with a painful accident, while hunting with some friends a few days ago. It appears that he was standing with the end of the barrel of his gun resting on the top of his foot. In some way the gun was discharged, with the result that his great toe and third toe were partially amputated, and the second toe completely severed from the foot. Dr. O. C. Graham, of Fenelon Falls, was summoned and dressed the wound.

TRENTON.

Mr. Alfred Greaney has returned to town after spending the season in the northwest. Among those leaving town at present are the families of Mr. P. Sweet and Mr. R. Thompson, taking up their residence in Toronto. Mr. T. Burden who has been very ill, is able to be about again, although still unable to resume his duties. Mrs. L. Morton and Miss A. Wood of Toronto were recently guests of Mrs. C. Dolan.

EXPLANATION OF FOGGY WEATHER.

The weatherman says that the foggy weather is caused by air currents from east of the Mississippi

river, where the temperature is exceptionally high for this time of the year, passing over the lakes where the moisture is condensed and to the unprecedented absence of gales and winds.

Mr. Jack Kelly of Deseronto was in town over Sunday. Mrs. Yorkes and family spent last week with her relatives in Prince Edward County.

Mr. and Mrs. F. McColl attended the funeral of Mr. McColl's mother at Wooler last week.

Rev. Father Connolly was out of town all last week.

Mr. S. Waldron was obliged to go to Toronto again, to consult specialists concerning the serious injury of one of his eyes, sustained some time ago.

R. A. Spencer was in Napanee last week.

Mr. W. H. Pinkle has returned from a trip to New York in the interest of the Trenton Dairy Co.

Rev. Dr. Wilson, B.A., of Toronto spent last week in town with his daughter Mrs. (Rev.) Frost.

The price of bread was at last reduced to 22c in Trenton.

Mrs. G. L. Grande and children, of Detroit, are in town visiting her parents, Mr. and Mrs. Chas. Driscoll, Queen St.

Mr. J. Pepper of Montreal spent a few days in town this week.

Miss Carroll of the D. and D. Institute, Belleville, is indisposed at her home here.

Mr. Sullivan and Ella were in Kingston last week.

Mrs. Russell Wellar of Pleasant Bay is the guest of relatives in town.

MARMORA Mr. Hubert Jones, of Belleville, spent Thanksgiving Day in Marmora, with his parents.

Forrest Dennis, who is attending Technical School in Toronto was home for Thanksgiving.

Mrs. Enoch-Merriam, of Harwood, is visiting relatives in town.

Mr. Ernest Narria visited his parents over the holidays.

Mr. and Mrs. Pezay Fitzgibbon spent Sunday in Eldorado.

Mrs. H. M. Jones is visiting in Belleville, with Miss Gene Caldwell.

Bernard Hughes returned to St. Michael's College, Toronto, this week after spending a few holidays at his home here.

Mr. Ray Jones, who went out West on the harvester's excursion returned to his home here last week. He spent a few weeks in Toronto before returning to Marmora.

Mr. Thos. R. Warren motored from Ottawa and spent Sunday and Monday at his home here. He was accompanied by his sister-in-law, Mrs. Lane, of Toronto, and her little daughter.

Dr. and Mrs. T. B. Jebbs, of Orillia, motored to Marmora and were guests of their nephew, Mr. M. E. Grant, over Thanksgiving. They were also accompanied by the latter's mother and sister, Mrs. C. E. Grant and Miss Beatrice, of Orillia.—Marmora Herald.
