## MONDAY

Several members of the stranded Nannary and Rennie company, as well as the proprietors, are still in Fredericton. They are awaiting the price of railway transportation home. Miss Gale, the leading lady of the troupe, said in a letter to a reporter that Mr. Rennie led her to believe that he and his partner had \$1,000 with which to finance the venture, but she found that he had overstated the extent of their resources.

At the last meeting of the Temperance Federation the question of the formation of a men's club was discussed and the plan was favorably considered. The plan was to meet at Waterloo street for this purpose. A committee was appointed to look into the matter and to make arrangements. The committee met last night and decided that there would be no difficulty in raising sufficient funds and decided to lease the hall. The new club may open its doors on New Year's Day. The Every Day Club, which has been doing good work along somewhat similar lines, are willing to merge with the new organization. The hall will be supplied with magazines to make it more attractive. There will be a meeting every night.

Alphonse Wauger seems likely to cause as many complications as the dejected Greek who was sent back to his home in Greece. Dr. Christie, the jail physician, has recommended that he be placed in the Provincial Hospital, Sheriff Ritchie, however, has received word that it is the intention of the authorities hereafter to rigidly enforce the law, which provides for the deporting of insane who have not been resident in Canada for two years. Sheriff Ritchie will see Attorney General Pugsley in regard to the matter.

Rev. Mr. Worden, who has accepted a call to the Hopewell Baptist Church, preached his initial sermon as pastor today. His discourse treating of the subject, The Doctrine of Man—his make up, purpose and end. Rev. Mr. Worden's remarks were vigorous and at times eloquent, and were well received. Before his sermon the speaker referred to his position as the new pastor of the church, and hoped that with the prayers and co-operation of the members, his pastorate might be greatly blessed.

William Horley, who was taken to the hospital some time ago from the steamer Empress of Britain, suffering from pneumonia, died on Saturday afternoon. Mr. Horley was an Englishman, being one of the stewards on the Empress. His mother, Mrs. J. H. Kuhring will officiate. Friends of the sailors and the men from the winter port steamers are invited to attend the funeral. The body will be buried in the Marine lot, Fernhill cemetery.

It is so easy to select a gift for a man or boy, one he will appreciate, too, if you'll only consult the right stores. A list of these is given in the suggestions offered in the advertisements of J. N. Harvey on pages 1 and 6 of today's issue. Read them.

A meeting of the Provincial Hockey League will be held here this evening. The Fredericton delegates will be Harry E. McLeod, J. D. Black and C. E. Allen. ## WEDNESDAY

American capitalists are realizing more and more the possibilities of the Maritime Provinces as a field for investment. A new enterprise being started at Smith's Cove, a small village six miles from Digby, shows that John F. Gildred and G. F. Metzger, two wealthy citizens of Cleveland, O., are building a factory for the extraction of fish oil and the manufacture of fertilizer. It is understood that the capital stock of the company is very large.—Yarmouth Times.

Charles Ward, proprietor of the One Mile House, has been reported to Inspector J. E. Jones for selling liquor last Sunday morning. He denies the charge and his engaged counsel to defend him. Ward alleges that the report has been made by a member of the Driving Club, who blames him for giving the information that brought about the suspension of Belfry Chimes and a couple of local horsemen. The case is likely to prove interesting before it is finished.

The resignation of Rev. D. Henderson, pastor of St. Andrew's church of Chatham, was read from the pulpit of the church last Sunday morning. A meeting of the presbytery will be held on Friday night to consider the matter.

Dr. B. S. Price has accepted the chair of physiology and clinical surgery in the Kansas City Medical College. He returned yesterday after having lectured for a few weeks in the institution and satisfied himself that the surroundings would be congenial. Dr. Price will leave in about a week to resume work in his new field of labor, but his family will remain in the city for probably another month. He says the college is as large as McGill, and modern in every respect. The climate and conditions of that part of the west were excellent, and, although there is an air of business about the people, he does not think they work any harder than in the east. The population of the city is between 400,000 and 500,000, and is rapidly growing.

The freehold property belonging to the estate of the late Thomas Patton, on Prince William, Canterbury, Duke and Queen streets which was sold about a month ago through John F. Gleason, real estate agent, was purchased for T. L. Morrisey and G. O. D. Otty, the price being \$6,000. The purchase includes the small wooden building at the corner of Duke and Prince Wm. streets. It has been stated that in the near future a large hotel and business blocks will be erected here, but Mr. Otty said last night that the new owners didn't make their purchase with any such idea.

There was practically no change in the situation at Union street, west end, yesterday. The C.P.R. and city workmen are engaged in rebuilding the roadway. The destruction of the C. P. R. track is being keenly felt by a number of West side interests. The St. John Milling Co., has since the slide had one hundred cars of grain arrive, the contents of which had to be carted from Sand Point.

If you are looking for the most acceptable gift for men and boys and have not been at J. N. Harvey's stores for the Opera House block you are missing out on the display of very acceptable gifts. She was Miss Rutland, a daughter of the late James Rutland, of that place. Her husband predeceased her a number of years. There are no children. Two sisters survive—Mrs. Carney, of Bloomfield, Kings county, and Mrs. Wm. Kelly, at whose house she died.

### CHARLES TAYLOR.

Charles Taylor, one of the best known residents of Rothesay and also very well known in St. John, died very suddenly Friday morning at his home in Rothesay. Mr. Taylor, who had always been in the best of health, was feeling as usual this morning when he got up. He had breakfast, and later went to the yard, where he assisted his brother, John R. Taylor, and one of the hired men in getting some cattle ready to be driven to the St. John market. Shortly afterwards John Taylor returned to the house, and a little later he was found to be exceedingly chilled to inquire where his brother

was. Nobody seemed to know, and a search was made. Mr. Taylor was not in the yard, but in a few minutes he was found lying in the front vestibule of the house. He was found by Dr. Fairweather who was hurriedly summoned, but Mr. Taylor never recovered consciousness. Death was due to heart failure. It is thought that in the work in the yard he became excited and over-heated and that this brought on a collapse.

The late Charles Taylor was the senior partner of the firm of Taylor Bros., who for many years conducted an extensive business in St. John as contractors for shipping and also as shippers. They had no yard of their own, but made contracts for the construction of many vessels. Quite a few years ago they retired from active business, and have since been taking life rather easy. Mr. John Taylor is the owner of a large farm at Rothesay, and with him Mr. Charles Taylor, his wife and sister lived. ## FORMER SACKVILLE MAN

### Senator Briggs Again Nominated by His Party

The Hartford Daily Courant of October 17th last contains a cut of D. Luther Briggs, now Senator Briggs, of Middletown, Conn., and the following: "Ex-Mayor D. Luther Briggs was nominated for senator from the Third legislative district in the Republican ticket at the senatorial convention held at the town hall this morning. The meeting was presided over by Charles W. Warner of this city and Councilman Frank I. Hall, acted as secretary. All the delegates were present, and upon an informal ballot Mr. Briggs received the nomination. The ballot was then declared formal and the nomination made unanimous."

Mr. Briggs made a brief speech of acceptance, in which he expressed the hopes that the election would be "fair and honest." He invited the delegates to take dinner with him at the Hotel Cafe, which was accepted. Besides the delegates, Andrew N. Shepard of Portland, George I. Allen, Leo B. Santogale, Jas. ## FAVOR MUNICIPAL TELEPHONE SYSTEM

### Moncton City Council Endorses Action of Legislation Committee but Unanimously

MONCTON, Dec. 19.—By a majority of one vote the city council tonight endorsed the action of the legislation committee in deciding to make application to the legislature for power to install a municipal telephone system. There was a good deal of discussion over the proposal, the vote finally standing four to three. Ald. Fryers, McLean, Purdy and Edgett voting yea, Welch, Bourque and Masters nay. The discussion preceding the vote was rather interesting, three aldermen who voted nay expressing themselves strongly against the city taking on any more municipal franchises, the water and light department now under the city control being instanced as a case in which the city was not benefited by municipal control.

Mayor Steeves favored more municipal franchises and claimed that the water and light department had saved money for the city rather than being a loss.

Ald. Welch, in opposition movement, claimed that there were only five hundred telephone subscribers in this city, and if these desired a new system they should go down into their pockets and organize themselves rather than burden the taxpayers with the cost of a municipal system.

The intimation was thrown out that after the next year a number of business men would protest against the disagreeable rates of the New Brunswick Telephone Company, have their telephones taken out.

### WIRELESS TEST WAS VERY SATISFACTORY

#### Empress of Britain was in Constant Communication With the Land

From St. John to Halifax

Cecil Doure of Ottawa, dominion commissioner of wireless telegraphy, who went from this port to Halifax on the steamer Empress of Britain to test the wireless telegraphy system along the route, returned to the city yesterday. He said he was greatly pleased with the test, and that from the time of leaving this port, on Friday night at 8:30, until the steamer arrived in Halifax on Saturday afternoon at 2:30 o'clock he was in constant communication with the land. As soon as the steamer pulled out of the harbor he connected with Cape Sable—a feat which had been considered doubtful heretofore—and afterwards sent and received messages from the stations at Partridge Island, Campdown and Sable Island. He said that some hours before they arrived at Halifax harbor the authorities were made aware of their approach by means of the wireless system and this was lucky, as there was a very heavy snow storm falling.

In connection with the wireless station at Partridge Island, Mr. Doure said a telephone had been installed there and any persons having friends on board, or those having official business, can learn of the approach of the steamships equipped with the wireless system, five hours before they come in sight. The operator on the island will be glad to furnish the public with this information.
