WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SNICEBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound.

This famous remedy, the medicine ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Watch Your Turnips for the Zebra Caterpillar

A yellow and black striped naked caterpillar appeared last year in large numbers, attacking turnips and other garden crops in various parts of the country. These caterpillars feed in groups or bunches when young and when full grown measured two inches or more in length. There were two broods one feeding in the earlier the other in the later part of the summer. The second brood was most destructive, this insect is known as the "Zebra caterpillar."

Last fall the larvae of the second brood were very heavily parasitized and it was hoped that there would be no outbreak this year. Unfortunately, however, the caterpillars of the first brood are now beginning to appear at various points and in some cases may become numerous enough to do appreciable harm. Crops likely to be attacked should be examined, and if the insect is present the infested leaves should be removed and destroyed unless the field is too large to make this method practicable; otherwise dusting with Paris green or arsenate of lime as for potato beetles, will be necessary.

W. H. BRITAIN, Provincial Entomologist.

Halifax Herald of last week said—The full bench today case to ascertain if the evidence the King vs. Hilsley. Hilsley was convicted at the June term of the supreme court in Kentville of forging a cheque. Mr. Justice Ritchie, who presided, being asked to give a stated case to ascertain if the evidence warranted the conviction.

Minard's Liniment—Lumberman's Friend

Noted Canadian Explorer Dead

Dr. Robert Bell, F. R. S., F. R. C. S., is dead. The noted Canadian geologist and photographer died at his summer home near Rathwell, Man., recently as a result of a paralytic seizure. He was 76 years old.

Science has lost one of its most noted men in the death of Dr. Bell. His labors in the field of research have won for him the highest honors. The results of his researches from the basis of more than two hundred scientific works.

Dr. Bell was born in Toronto in 1841. He joined the Canadian geological survey as an assistant in 1856. From 1858 to 1861 he studied engineering and surveying in McGill University, receiving the degree of M. D. and C. M., having included medicine and surgery in his studies.

He was medical officer, naturalist and geologist of the Neptune expedition in 1884, and of the Alert expedition in 1885 to Hudson Strait and Bay. He was geologist of the Dina expedition in 1897 when he surveyed the south coast of Baffin land. He was royal commissioner of the mineral resources of Ontario in 1888.

Dr. Bell traversed so many unknown spots that he became known as the principal place name fath of Canada. He is said to have seen more game, fish, wild Indians and Eskimos than any other man. He collected much folk lore.

He won geographical distinction in regard to the Athabasca, Slave, Churchill, Nelson, Hayes, Winnipeg and Albany Rivers. Dr. Bell was one of the founders of the Royal Society of Canada.

Back to the Ground

No man who now tills the soil with energy need feel that he is a slacker. If he does not hold to his plough and cultivator, someone, untrained in their use must substitute for him while he learns a new job. Such trading a place is foolish and costly in a time of crisis. President Wilson coined a good phrase when he spoke of the farmer as the soldier of the commissary. He realized that times have changed since the embattled farmers at Concord fired the shot heard round the world. The armies that are put into the field under modern methods of warfare cannot be fed by foraging, and the individual cannot look out for himself. War is a specialized business, and the farmer has one of the most important lines to hold. This year follows a year of short yield, which means that there is a big push ahead for the man who makes the crops and tends the cattle. It takes good men in the field to keep good men in the field.—Country Gentlemen.

PHILO DODD GAVE LIFE ON TORPEDOED STEAMER.

Former Western Union Operator Killed on the Addah-Pte. Wm. Thomas Finally Dies of Wounds Received—Nova Scotia Officers Falling

(Special to the Telegraph) Fredericton, N. B. July 9—Word has been received to the effect that Phila Dodds, several years ago Western Union Telegraph operator here, was killed instantly on June 15 when the Elder-Dempster Addah was torpedoed by a Hun submarine. Deceased was wireless operator of the Addah. The deceased was aged twenty-six years. He is survived by his mother, Mrs. James Dodds, of St. George (N. B.), and two brothers Ralph Dodds, of the Bank of British North America, Fredericton, and James Victor Dodds, Bank of Commerce, Halifax.

Dies in Halifax Hospital. Tuesday, July 10.

The death of Private William Thomas, aged twenty years, occurred on Monday July 9, at Hazelwood Hospital, Halifax. Private Thomas came to St. John from Bristol, England, about twelve years ago, and was employed for several years by T. M. Davidson, Little River. Private Thomas was formerly a member of a New Brunswick battalion, and was wounded at the battle of Courcellette on September 15, 1916. He was then taken to the military hospital at Chichester and later to Shorncliffe. In February, 1917, he returned to Canada and entered Hazelwood Hospital for further treatment. He passed away on Sunday July 9, from the effects of his wounds. Private Thomas is survived by one brother, Frederick of East St. John, and one the body will be forwarded probably tomorrow. He went out into the harbor, which was perfectly calm at the time, in a canoe, no one seeing him leave. About 11 o'clock the upturned canoe was found floating on the water, and a short time afterwards the body was recovered.

Nothing further is known of the sad affair at present, though the military board examination into the happening will likely clear up what occurred. Lieut. B. A. Taylor Dies of Wounds. Halifax, July 9—The news has been received of the death of Lieut. Benjamin A. Taylor, reported a few days ago as having been dangerously wounded in action. The gallant young officer had just commenced his twenty-second year. It was a year ago this week that he went overseas with a draft from the 63rd.

725 RECRUITS OBTAINED IN BOSTON FOR C. E. F.

Boston, Mass., June 18—A total of 725 recruits to various branches of the Canadian Expeditionary Force have been obtained in this city during the past week, officers of the 236th Canadian Battalion announced last night. The battalion has been brought virtually to full strength by the campaign here which was assisted by the efforts of a kilted band of bagpipers. Canadians will leave this week for Fredericton, N. B., making stops at several points in Maine for further recruiting. The recruiting officers, which they have opened here, will be continued.

Two carloads containing 96 British recruits from New York and vicinity arrived at Aldershot on Friday last. They will remain here a short time before proceeding overseas to join a British Battalion.

We want more Eggs—A large quantity. Highest cash price paid for strictly fresh ones. Supplies Limited, Kentville.

NEW YORK REPORTS 700 GIRLS MISSING

Recently the body of a young girl, who had mysteriously disappeared some time before, was found buried under the cellar of a bicycle shop in New York. Following upon this discovery, the statement was made by the police authorities that between 700 and 800 girls had been reported missing from New York homes since Jan. 1. In the last month 115 girls were reported missing. Many of these are believed to be the victims of the "white slave" traffic.

I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best best Liniment made.

ARCHIE E. LAUNDRY, Edmonton.

WHEN MA IS SICK

When ma is sick she pegs a way; She's quiet though, not much t' say. She goes right on adoln' things, An' sometimes laughs, an' even sings. She says she don't feel extra well. But then it's just a kind o' spell. She'll be all right tomorrow, sure. A good old sleep will be the cure An' pa he sniffs an' makes no kicks. For women folks is always sick, An ma she smiles, let's on she's glad— Ma ma is sick, it ain't so bad.

WHEN PA IS SICK

When pa is sick he's scared to death, An' ma an' us just hold our breath. He crawls in bed an' puffs and grunts, And does all kinds of crazy stunts. He wants "Doe" Brown and mighty quick; For when pa's ill he's awful sick. He gasps and groans, an' sort o' sighs; He talks so queer, an' rolls his eyes; Ma jumps an' runs, an' all of us, An' all the house is in a fuss. An peace and joy in mighty skeerce— When pa is sick it's something fierce.

THE CORRECT WAY TO TREAT A COLD A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief. Penlar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle. CLARK'S KENTVILLE Tel. 51
