GRADUATION RECITAL OF TALENTED GIRL.

Miss Grace Hanna, of Middle Musquodoboit, Gives an Artistic Program in Remarkably Good Style at the Halifax Conservatory.

Halifax, June 8—The pianoforte graduation recital of Miss Grace Hanna, of Middle Musquodoboit, took place at the Halifax Conservatory of Music last evening. The rain fell heavily and made the attendance smaller than it otherwise would have been. Platform and piano were radiant in flowers, attesting to the popularity of the brilliant young graduate, who is a real musician. It will not be without interest to mention as showing the determination and perseverance of Miss Hanna in her musical studies, that in order to take her lessons at the conservatory she travelled over 14,000 miles to and fro from Middle Musquodoboit to Halifax during the past two years coming in twice each week, summer and winter, rain or shine. This probably makes a "record". In her playing last evening Miss Hanna showed much musicianly feeling and displayed remarkable technique and mastery of the piano. She is a player of whom the conservatory may well be proud.
