but the greater attention given to of terraqueous phosphates into the woolly head that came planging sheep husbandry by English farmers sues. Now, at the time the seed viciously at him. The Nerro, missie undoabteely one of the causes.— *forms* vegetation is retarded and *American Cultivator.* •

American Cultivator. • The organs begin to dry. It is evi-his momentum carried a rod against a dent, then, that the superabundance of alkaline salts must favor the passage of terraqueous phosphates; therefore, the nearer the seed the consequent increase of terraqueous has the merit of an almost un-limited capacity to endure drought. limited capacity to endure drought. Cakes made from the meal have been described as better than corn cakes, and the grain has been pro-nounced by the chemists of the Savannah guano company superior in food qualities to wheat. —Calitvators are becoming more and more satisfied of the value of common manure for bearing or-than the crganic the chemists. Let us look, now, to the distribution of the organic ele-monts. Here a fact strikes us. These elements, four in number, re-present at least ninety-five per cent. of vegetable matter. Here let me say that although the minerals do not figure largely, we may not from that conclude they are less import-ant than the crganic elements. Common manure for bearing or-chards. Those which have been impossible; it would be languishing

plan, and so did a Justice of the peace, who, however, kindly informchards. Those which have been impossible; it would be languishing regularly top-dressed have borne and uncertain if the soji were not much better the past scarce season than neglected orchards. The their distribution through vegetation owner of an orchard of six acres, in a region where not one-tenth of a other contrast to the mineral eleed them that "it would be an easy matter to get married on this plan at Portland, provided they would wait five days.

in a region where not one-tenth of a chief contrast to the mineral ele-erop was raised the past season, sold over \$300 worth of fruit from it. He has regularly top-dressed it for several years, and two sheep to each tree have picked up the fallen for it if yeard with the coding worm. Important Changes. Important Unanges. There are two periods in the life of every female when the system undergoes great changes. First, the change from childhood to womanhood; next, that of womanhood to old age. These are the critical changes of life, and the system should be nourished and regulated by that matchless tonic, Burdock Blood Bitters. It is invaluable in all diseases peculiar to females. fruit infested with the codling worm. tities of these. Trees, shrubs, sim-

ple plants, roots, stems, barks, branches, leaves, fruits and seeds

Scrofula is so called from the Latin scroful, a pig, from the supposition that the increase from esting agine's flesh. It

What's in a Name.

Scrotus is from the supposition that the crofu, a pig, from the supposition that the lisease catae from eating swine's flesh. It is often inherited from parents, and leads to abseese, ulcerous' sores, debility. With azote it is different. We is no more reliable cure for deafness that be as of a solid of phosphoric acid and potash that flagard's Yellow Oil. It is also the best remedy for ear ache, sore throat, croup, rheumstism, and for pains and is then the other organs, because the Rev. Wm. Stout, of Wharton, who suffered 28 years from scrofulous abscess-es, is one of the most remarkable on re-cord. Burdock Blood Bitters cured him after the best medical skill had failed.

on the seed, and within its small circumference it must find azote as well as minerals. In vegetable

The secret of beauty has been at last revorts Without good health, pure blood and a fair clear skin none can possess good looks. What is more repul-sive than pinples, blotches and a sailow or pasty complexion? Burdock Blood Bitters reveal the fact that all can gain pure blood and freedom from the repulsive liseases of the skin that result from preceding data do so. Fraudulent Transactions. There are many frauds perpetrated in medicine, and many advertised remedics. Not so with Hag-bydrogen from 5 to 6 per cent. I have promised to define vege-table composition with exactness and preceding data do so. Fraudulent Transactions. There are many frauds perpetrated in medicine, and many advertised remedics. Not so with Hag-bodd from the repulsive preceding data do so. Fraudulent Transactions. There are many frauds perpetrated in medicine, and many advertised remedics. Not so with Hag-bodd from the repulsive preceding data do so. Fraudulent Transactions. There are many frauds perpetrated in medicine, and many advertised remedics. Not so with Hag-bodd from the repulsive preceding data do so. The Effects of Whiskey. The effects of Whiskey. The effects of whiskey are always evil, and these who feed apen alcoholic stimul-ants, simily endeavoring to cure coughs and consumption, but nurse a viper. Hagyard's Pectoral Balsam is a remedy that is always reliable for all, throat bronchial and lung troubles, and never does harm to any one.

and the state of the second second second

lous, mercurial, or blood disorders. Uniformly successful and certain, scrofula, Sores, Boils, Humors, Pipels, Eruptions, Skin Diseases and rders arising from impurity of disorders arising from impurity of the blood. By its invigorating cfleets it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent renewer of waning vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick. For sale by all druggists.

By Universal Accord, AYER'S CATHARTIC PILLS are the bes of all purgatives for family use. The are the product of long, laborious, an successful chemical investigation, an successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized na-tions, proves them tae best and most effectual purgative Pill that medical science can devise. Being purely veg-etable no harm can arise from their use, and being sugar-coated, they are pleasant to take. **Th** intrinsic value and coursive nowers no other Pills

use, and being sugar-coated, they are pleasant to take. In intrinsic value and curative powers no other Fills can be convared with them; and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are especially adapted to the needs of the discussive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to empley for children and weakened constitu-tions, where a mild bat effectual cathartic is required. For sale by all druggists.
