GUIZOT'S HISTORY OF FRANCE. With 426 Fine illustrations, Eight beautiful volumes, small octave, cloth, gilt tops. Price reduced from \$49.50 to \$8.00,

postage \$1.20. THE BEST. plete American edition of this work, which is known as the best popular history of France."

— Journal, Indianapolis, Ind.

MACAULAY'S Peer "Guizot is the Ma-caulay of the history of France. His narrative is full of emotion, like a quick stream; his characters rise before us as in the Aesh; they are men and women, not historic lay figures. It is as charming as any romance. There is only one draw-back . . . it seen s more like getting a present than making a purchase." - Dominion Churchman, Toronto.

CIPHERED OVER. "From the pen of a master. How Mr. Alden can give the eight volumes, and this on good paper, and clear type, including the multitude of illustrations, is -a thing we have ciphered over, but we fail to understand it."—Christian Leader, Boston. sent free. The Cleveland Herald says the first and only auger ever manufactured that will bore a square hole is now in the shops of the Cleveland Machine Company. This auger bores a two inch square hole, the size used in ordinary rame buildings and barns, but they can be made on the same principle to bore square holes of any size. Its application is ordinary and works on the same principle as round hole augers. It send, instead of having a screw or bit, has a cam motion which oscillates a cutter mounted on a steel rocking knife which cuts on both sides. In order to prevent the splintering of wood the ends of the cutter are provided with small semi-circular shaped saws, which help in cutting out perfectly square corners. It is estimated be made on the same principle to bore square holes of any size. Its application is ordinary and works on the same principle as round hole augers. Its end, instead of having a screw or bit, has a cam motion which oscillates a cutter mounted on a steel rocking knife which cuts on both sides. In order to prevent the splintering of wood the ends of the cutter are provided with small semi-circular chaped saws, which help in cutting out perfectly square corners. It is estimated that this new process will save the labor of three men who work with chisels, as one man can conveniently cut at two indimentation in the same length of time he can bore a round hole.

Where to Keep !t.

Keep it in your family. The best re-medy for accidents and emergencies, for Burns, Scalds, Bruises Soreness, Sore Throat, Croup, Rhedmatism, Chilblains and Pain or soreness of all kinds, is that narvellous healing remedy, Hagyard's Vellaw Oil.

How to Make Yourself Enkappy. In the first place, if you want to be miserable, be selfish. Think all the time of your own things. Don't care for anybody else. Have no feelings for any one but yourself. Never think of enjoying the satisfaction of seeing others happy; but rather, if you see a smiling face, be jealous, lest another should enjoy what you have not Envy every one who is better off in any respec than yourself; think unkindly towards, and speak unkindly of them. Be constantly afraid lest some one would en-croach upon your rights; be watchful against it, and if any one should come ear your things snap at him like a mad dog. Contend carnestly for everything that is your own, though it may not be worth a pin; for your "rights" are just as much concerned as if it were a pound of gold. Never yield a point. Do very easitive, and take everything that is said to you in playfulness in the most is itself radiant.—[Dr. E. A. Park.

Usually the eyes of the Christian should be directed forward; it is foolish should seem to neglect you, put the worst construction you can upon their

Bors AND GIRLS who are growing rap-Temperance puts coal on the fire, meal Twelfth-Accustom them to make idly, should, (to ensure strong and healthy constitutions) be given regular-Thirteenth-Never allow tale bearing. Ip Robinson's Phosphorized Emulsion, Fourteenth-Teach them self-denial, to kee up the waste, that is continually going on in the system during the growing period. 25

The same that of the seed who never saw the harvest, just as many another brought home ripe sheaves on which he bestowed no labor save that of the side. The worker for Christ, therefore, is to work in faith, expecting the divine hand to secure the result. He has abundant reason to believe that good is done of which he has no knowledge, and will have none until the great day.—[J.W. Chambers.

The speed of the Arab

The popular notion about the speed of the Arab courser is, I think, erroneous Great speed is not his strong goint; the chances are that on any ordinary race course the best Arab in the world would be beaten by a second-rate English race horse. When I was at Thebessa, the commandant showed me an English thoroughbred which, he said, had easily run way from every I rab le had ever tried him against. But what was far more remarkable about this horse was that once acclimatized and accustomed to the hard life and hard fare of the Arab horses he quite equalled them in hardiness and endurance, as has been proved in the many expeditions and tours of interest.

WARREN LELAND

manager of the Largost Hotel Enterprises

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to Cal-ifornia, he learned that one of the officers of the ressel had cured himself, during the voyage, of an obstinute disease by the use of

Aver's Sarsaparilla. Since then Mr. LELAND has recommended AVER'S SARSAPARILLA in many similar cases, and he has never yet heard of its fail-

ure to effect a radical cure.

Some years ago one of Mr. LELAND's farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Hor-rible itching of the skin, with burning and darting palus through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed. industry enlarged, and running utcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. Lelasto's direction, was supplied with Aver's Sarsara-RILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use. Mr. LELAND has personally used

Ayer's Sarsaparilla

for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, falt Rheum, Sores, Eruptions, and all the

warious forms of blood diseases.
We have Mr. LELAND's permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AVER'S SARSAPARILLA to see him person ally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York. Mr. LELAND's extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers much valuable information.

PREPARED BY Dr.J.C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5.

1885. Harper's Magazine ILLUSTRATED.

With the new volume, beginning in December, Harper's Madazine will conclude its thirty-fifth year. The oldest periodical of its type, it is yet, is each new volume, a new magazine, not simply because it presents fresh subjects and new pictures, but also, and shiefly, because it stendily advances in the method itself of magazine-making. In a word, the Madazine becomes more and more the faithful mirror of current life and movement. Leading features is the attractive programms for 1856 are: new serial novels by Constrance Fennmore Woolson and W. e Howells; a new novel entitled "At thy Red Glove;" descriptive illustrated papers D. F. D. Miller, R. Swain Sifford, E. A. Asber, H. Girson, and others; Goldsmith's "She Stoops to Conquer," illustrated by Aber; important papers on Art, Science, etc.
