CHAPTER V.

The day after his introduction to the Kenby's, Larcher went with Murray Davenport on one of those exp-ditions incidental to their colloboration as writer and illustrator. Larcher had observed an increase of the strange indifference which had ap peared through all the artist's loquacity at their first interview. This loquacity was sometimes repeated, but more often Davenport's way was of silence. His apathy, or it might have been abstraction, usually wore

the outer look of dreaminess. 'Your friend seems to go about in a trance,' Barry Tompkins said of him one day, after a chance meeting in which Larcher had made the two
