On Monday and Tuesday, a stirring 2 Reel drama, A PURITAN EPISODE. A story of the early days of America.

**Obituary.**

**JOHN KIELLY.**

There died at Holyrood on Thursday, John Kielly, an old and respected resident of the South Side. He had been ailing for the past winter and his death was not unexpected. The deceased was born at Holyrood sixty-eight years ago and was possessed of very charitable and pious characteristics. From early boyhood days he prosecuted the Labrador fishery until within a few years ago he abandoned it and went into farming. He was a member of the Star of the Sea Association since its inception, and attended all its meetings and took a lively interest in its doings. He was for several years chairman of the South Side Cemetery Committee, and performed the duties of his office diligently and faithfully. His funeral took place on Saturday morning, the members of the Star of the Sea Association taking part as a body. After Requiem Mass at the Church of the Holy Cross, the Rev. W. P. Finn, P.P., officiating, the funeral procession proceeded to the South Side Cemetery where the remains of a good citizen, pious Catholic and an honored member of Society were interred. The deceased has three sons, James, John, and Phillip, who fill positions of trust and responsibility in the United States. To them and to his sorrowing wife and daughter the Telegram extends its sympathy.

**Here and There.**

**ON BOARD DIGBY.**—Mr. John E. Furness, who was in England on business, is on the s.s. Digby bound to Halifax.

**The stepping stone to success is your wife's economy in using GOLDEN PHEASANT.**  
—m9,s,m,w,t,f

**LOADING SALT BULK.**—The schr. J. R. Bradley is at St. Jacques, loading salt bulk codfish for the Gortou Pew Co. of Gloucester.

**We encourage competition, as it means larger sales for GOLDEN PHEASANT.**  
—m9,s,m,w,t,f

**ICE BOUND.**—The R.M.S. Sardinian now 9 days out from Philadelphia, has not yet arrived and will not be able to make port until the ice moves off.

**GOEY TOEY FISHING.**—About 50 young men left by the Stephano yesterday for New York, whence they will engage at goey fishing during the coming season.

**VESSELS DETAINED.**—Several vessels are now due here from Barbados with cargoes of molasses, and are likely detained off the coast by the ice blockade.

**Think of it, half a century on the market and still going strong, GOLDEN PHEASANT. Large shipment to arrive by the s.s. Shenandoah. Book your orders now.**  
—m9,s,m,w,t,f

**BOYS UNLOAD STEAMER.**—Owing to a meeting of Longshoremen, last night, no men could be had to discharge the s.s. Digby, and boys had to be engaged to do the work.

**DANGEROUS PRACTICE.**—Boys are seen daily trouting on the ice of Quidi Vidi Lake. We would advise them to stop this dangerous practice as the ice is honeycombed and an accident may occur.

**ALLAN SHIPS.**—The R.M.S. Mongolian is now a week out from Liverpool, but like the Sardinian and Pomoranian, it is not unlikely she will reach port for another day or two, owing to ice conditions.

**POLICE RESIGNING.**—We learn that a half dozen policemen have sent in their resignations and will look for more remunerative employment. Some of them will go to Grand Falls and others will take part in the cod-fishery.

**SPRING CLEAN** by going to **SPURRELL BROS.** and ordering that **Suit and Overcoat** you were thinking about. The fine weather is coming sure. Next door Parker & Monroe's.  
—m9,s,m,w,t,f

**THE CITY'S HEALTH.**—Only one case of typhoid fever was reported to the Health authorities during the past week. At present there are few persons in the city, suffering from infectious disease than for many months past.

**FOR SALE.**—Baby Chicks, R. I. Red; also Hatching Eggs, R. I. Red, White Wyandotte, Black Orpington and Silver Campines. G. W. GUSHUE, 216 LeMarchant Road.—apr15,eod,1m

**VESSEL REFUSES TOW.**—The Fogota returned to port at 7.30 p.m. yesterday, having been out to the schooner, reported in the ice at Cape Spear, as referred to in yesterday's Telegram. The schooner proved to be the Annie S. Warren bound here from Barbados with a cargo of molasses. The Fogota offered to tow the vessel to port, but the offer was not accepted, as the captain considered his vessel was in no danger.

**MINARD'S LINIMENT CO. LIMITED.**  
I was very sick with Quinsy and thought I would strangle. I used MINARD'S LINIMENT and it cured me at once.  
I am never without it now.  
Yours gratefully,  
MRS. C. D. PRINCE.  
Nauwigowauk, Oct. 21st.

**RAFTING ICE DAMAGES PIER.**—Quite recently a large quantity of rafting ice damaged the Reid Co.'s pier at Clarendville, and repairs to the same will entail a considerable amount of time and expense. Nearly two hundred feet of the breastwork of the pier was carried away, and a shed that was built on the wharf was thrown out of position. A number of men are now employed making repairs, which will likely be completed towards the end of next week.

**More Fires.**  
Fires provoke immediate sympathy for the sufferers and also thankfulness for personal escape. Another thought should be whether one is personally and sufficiently protected? An insurance policy with Liberty Johnson would provide for you the desired security and at small expense. Have you enough insurance?

**In Memoriam.**

Mrs. Grace Mullooney died at Holyrood last week. Her demise was rather sudden, being in fairly good health the day before. In her dying moments she had the consolation of having the priest at her bedside. Her funeral which was well attended from all parts of the parish, took place from her late home on Friday, to the Church of Holy Cross, where High Mass of Requiem was chanted for the repose of her soul by Rev. Fr. Finn, P.P., thence to the central cemetery where the remains of a good and pious woman were laid to rest. Deceased leaves behind her to mourn, a sorrowing husband and large family, including four nuns—one in Indiana, U.S.A., two in Carbonear Convent and one in St. Jacques, Margaret at home, Mrs. Foley, St. John's, and Richard, engineer at Grand Falls, to all of whom we extend our deep sympathy. Requiescat in pace. Amen.

**Directions and Suggestion for easy House Cleaning.**

**Old Dutch Cleanser**

Wet the article to be cleaned and sprinkle lightly with Old Dutch Cleanser. Scrub with brush or cloth and rinse clean. For general kitchen use, sprinkle the floor or dining table or break. AVOID CAUSTIC AND ACIDS. Old Dutch Cleanser is more economical and convenient than scouring bricks; contains no caustic or acids, is harmless to the skin and will not scorch.

MADE ONLY BY CUDARY SOAP WORKS

**YOUNG LADIES!**
