Our Dumb Animals.

REPORT OF CHIEF AGENT FOR WEEK ENDING FEB. 9TH.

Called to Hamilton Street to humanly put to death a dog for Mr. F. Cornick; also a small dog at the East End Fire Hall. It had been wanderand Fire Hall. It had been wandering around for some time and I could not find an owner for it. The firemen have been looking after it for the past morth. I received two anonymous letters, one about a dog on Long Pond Road; the other about a white bulldog which follows the street cars on Water Street and causes done on Water Street and causes some trouble at the rink. No notice can be taken unless the correspondents sign their names, and all information received is confidential. I examined several cab and truck horses in the city and drivers on the whole seem to be getting more careful about keepcity and drivers on the whole seem to be getting more careful about keeping their horses covered. I don't see anything more cruel than clipping some of those horses in winter time. Several prominent ladies and rentlemen in the city have refused to hire a cab horse which is clipped. I hope this will be a warning and in another year we won't see any more of this clipping done. The Act says that whether the driver or owner causes any unnecessary suffering, shall be heavily fined or imprisoned. I spoke to several drivers for having lame horses or the street and they took them in for treatment. Saw a carload of horses shipped by Mr. Thos. Curran, who had every care taken of the animals, lots of feed put in the car and they went out in care of Veterinary Surgeon Smith. Another lot of pictures of "The Horses' Prayer," are now ready and will be delivered on Saturday and Monday. Anyone wishing to have one kindly 'phone 652, and they will have immediate delivery.

JONAS BARTER, Chief Agent.
