WEALTH

Desire for wealth is a strong and normal instinct. Only wealth can give position, luxury, independence.

Whatever wealth stands for to you — business development, means to travel, social position — it always means independence and security in after years.

The key to financial independence lies in a strong reserve of safe bonds. Most of us try for too high interest returns and neglect the basic element of safety.

We shall be glad to assist you in planning a systematic method of investing savings.
