The Fairs' Association.

Hamilton, Ont., March 13.—The Candian Fairs' Association met here yesterday. The annual report shows the affairs of the association to be in a satisfactory financial condition. A paper contributed by G. Moberly, of Collingwood, was read. Mr. Moberly thought there were too many small fairs throughout the country, and that there should be a guarantee fund to relieve directors from loss through bad weather. Mr. Jackson favored abolition of the township shows. The prevailing opinion appeared that special attractions were necessary to make fairs a financial success, and a resolution to this effect tions were necessary to make the cial success, and a resolution to this effect cial success, and a resolution will meet

Too Much Marrying. Too Much Marrying.

Halifax, March 13.—Up to within a month ago a man named Jos. Rogers has been working in the cotton factory under an assumed name. He came here from England, giving the name of White. He soon became acquainted with a woman named Mary Anderson, whom he subsequently married. It now transpires that he has a wife and family in England. Upon learning that certain persons in Halifax knew about his English connections, Rogers, with his second wite, left for the land of the free. It is said also that the Anderson girl was married to a soldier of the York and Lancaster regiment.

To the purification of your blood, for at no season is the body so susceptible to the benefits to be derived from a good medicine as in March, April and May. Hood's Sarsaparilla is the people's favorite spring medicine. It stands unequaled for purifying the blood, curing scrofula, salt rheam, etc., regulating the kidneys and liver, repairing nerve tissues, strengthening and invigorating the whole body, as well as checking the progress of acute and chronic disease, and restoring the afflicted parts to natural, healthy condition. If you have never tried Hood's Sarsaparilla for your "spring medicine," do so this season.
