# **VOTE FOR THE**

Wednesday, Sept. 2nd.

The city needs better sewerage to improve its sanitary condition and make it the cleanest and healthiest city in the Dominion.

The city is compelled to improve its sewerage by the civil courts, which have pronounced judgment, and ferbid us emptying sewage into the river.

The plan proposed is the work of three of the best sanitary engineers in Canada and the United States, and has the approval of the Provincial Board of Health.

Should the future requirements o the city demand other means of sewage disposal, the proposed system will simply have to be extended further, and the proposed works utilized as far as they go. Not a dollar of the present expenditure will be wasted.

Under the act, which provides the most just and equitable methods of meeting the cost, the annual rate of taxation will only be increased half a mill only have to pay 25 cents more.

Let every ratepayer who desires to improve the city, and who wishes to save it from serious annoyance, as well as law costs and fines that will eventually amount to more than the expense of sewer construction, vote for the bylaw of Wednesday, the 2nd September, and then take a neighbor to the polls and see that the votes.
