MEETING CALLED

M'GILL'S LINE-UP

Oct. 28-London at Sarnia.

[Special to The Advertiser.] Petrolea, Oct. 9.—The schedule Group No. 1 of the O. R. F. U. was drawn up here last evening, when representatives from London and Sarnia selves as being satisfied with the schedule as drawn up. The last game will not be played until Nov. 16, but it is believed that the winner of the district will be known before that time. met the local officials. Dr. Fairbank, the convener of this district, presided, and the following schedule was drawn

### UHLAN BEATS ALL RECORDS FOR MILE

"Black Wonder" Broke World's ONLY N. H. A. TEAMS Trotting Record at Lexington Track.

#### MANRICO WON FUTURITY

nual trotting meeting and the twentieth annual renewal of the great

Manrico was returned the winner in the Kentucky trotting classic after six gruelling heats. In the last heat Baldy McGregor took the lead of Rythmell and Manrico for the first three-quarters. When the contestants turned into the stretch Manrico moved up with a rush and after a mile brush won the heat and race by beating Baldy McGregor to the wire The time in this heat was 2:07 14, which is a new world's mark for the sixth heat of a race. This also was the fastest six-heat race ever trot-

The "black wonder" Uhlan, was out for an effort to lower the track record for trotting, 1:59½. The track was in superb condition and the son of Bingen made the circle in 1:58 flat. This not only breaks the track record but also the world's record for a cord, but also the world's record for a trotter, which heretofore was held by the trotting queen, Lou Dillon, in 1:58½, made at Memphis, Tenn., seven years ago. Uhlan was driven by his

An Experiment. His plan is to breed the black variety for their fur, which has a high world. Trappers in this district say that interbreeding of the red and black foxes will gradually produce the pure black variety. The result of this experiment will be watched with in-Chicago, Oct. 8.—Prevented from playing today because of rain, the Chicago clubs of the American and National Leagues will meet tomorrow in the first game of the series to decide the baseball championship of Chicago.

Manager Callahan, of the American experiment will re watched with interest in the United States, Canada, and Europe, because of its possibilities.

The two foxes have had most unique experiences. They were transported

from the far northern wilds to civilization by every mode of travel ex-cept aeroplaning. The black fox was carried 900 miles, while the other animal in its trip from Great Bear Lake travelled fully 1,100 miles. Taken in Cances.

The animals were transported canoes and packed to Athabasca, 98 miles north of here, and from that point brought to Edmonton by rail. When finally landed at Tees they will only a walkover for the game little Interprovincial Rugby Union Will Hold have travelled more than 200 miles by rail. They are in good condition.
Professor Burwash, who has made long study of wild animal life, declares that while the experiment to be conducted by Mr. Hare is novel, Montreal, Oct. 9.—President W. C. Hagar, of the Interprovincial Rugby Football Union, has sent out a notice calling a meeting to be held at the M. A. A. on Saturday night, when the protest lodged by the Hamilton club will be taken up. The meeting is called for the red fox, he said. The should reproduce their kind. there is no reason why it should be otherwise than a success. The black fox is not a freak any more than is

#### be taken up. The meeting is called for Montreal because it is the headquarters of the union and more central to Ottawa, and the officials of the match as well. **BIG RIDGETOWN FAIR**

CHAS. E. READ, Esq. . . . OTTAWA President Read Timber Co. WALTER G. WHITE, Esq. - - NEW YORK Director Hull Lumber Co., Limited. CARL RIORDON, Esq. - - -

Director Hull Lumber Co., Limited. Managing Director. The Riordon Pulp & Paper Company, Limited, was formed of the Riordon Paper Mills, Limited (established 1859), and G. H. Perley & Co. (established 1899). The Company has 1,184 square miles of timber limits (valued at \$2,055,800) in the Province of Quebec on the Rouge River (a branch of the Ottawa River). The plants are located at Hawkesbury and Merritton, Ontario (pulp and paper), and Calumet, L'Annonciation and St. Faustine, Quebec (lumber). The total annual capacity is 37,500 tons

sulphite pulp, 6,000 tons ground wood pulp, 6,000 tons paper and 15,000,000 feet lumber (B.M.) Net earnings of the Company for the past three years average \$226,410, over two and one-half times interest on the present issue of bonds, despite the fact that the Calumet mill was not in operation during the greater part of 1911, as it was being rebuilt in steel and concrete. With the additions under way and the benefits to be derived from the new capital, the earnings for 1912, according to the estimate of the Managing Director, will amount to \$300,000, three and one-third times bond interest

The management of the Company has been practically continuous for the past 50 years. All the directors are either practical pulp and paper merchants or experienced lumbermen, ensuring the competent supervision of all affairs of the Company.

Of the \$2,500,000 Bonds authorized, \$1,000,000 are held in the treasury and can be issued only to the extent of two-thirds of the actual cost of extensions and additions to the fixed assets of the Company. The repayment of the entire issue, either before or at maturity, at 105, is an important feature, assuring an appreciation of five points to purchasers at par.
