TEMPERANCE MEN REGRET DELAY IN PROHIBITION MOVE

Ask Why Earlier Date Is Not Set.

FAIR, SAYS SILVERWOOD

Committee Chairman Thinks Government Has Settled Question Satisfactorily.

The announcement of the Government that prohibition will be brought into effect as a war measure without a referendum has met with the approval of some of the members of the local committee of 100, who on their return from Toronto following the demonstration of a couple of weeks ago expressed some disappointment that, in view of the strong expression of opinion in favor of prohibition, the Government evidently did not deem it advisable to bring the question before the people by direct legislation.

While direct legislation has caused gratification, the postponing of the date bringing the measure into effect until August or September is somewhat of a surprise and a disappointment to several members of the committee.

Professor J. H. Bowman, who has taken an active part in all temperance movements in the city for many years, says that he is glad to see the fight, and the expense of the referendum in wartime. At the same time, I cannot see when this is to be a war measure, it is not to be brought into effect at an earlier date. The earlier the better if it is to do good. When the central committee of 100, in the beginning of the province-wide campaign held July 1 as the date at which it would ask for a "dry Ontario";

considering the announcement under consideration, A. E. Silverwood considers it a very fair way of dealing with the question. However, I have no doubt that if the measure were brought into effect at the beginning of August before the measure could be brought into effect, notwithstanding the fact we asked for a referendum in July, 1915.

"From the reports I have seen, I gather that the Government proposes to give the license holders three months to get rid of their stock and adjust themselves to new conditions. My impression has been that this is rather a special privilege than an extension of license."

"It will be for the people to say after the war whether they want to continue to give the license holders three months to get rid of their stock and adjust themselves to new conditions. My impression has been that this is rather a special privilege than an extension of license."

ANTI-WAR RIOTING IN GERMAN EMPIRE OVER SLAUGHTER

Soldiers Called Out To Suppress Demonstration.

VERDUN POINTS TO END Deputies Protesting Against Prolongation of the Struggle.

(Canadian Press.) New York, March 22.—The London correspondent of the New York Herald cables this morning:

All the newspapers this morning publish prominently cable dispatches from New York announcing that as a result of a general peace talk in the United States, American industrialists have suffered a severe depression.

Fail in stocks. The consensus, however, is that the fact that the stock market has failed is a conviction that the failure of the superhuman efforts of the Germans at Verdun foreshadow their collapse.

Demoralization. This view is corroborated by the latest dispatches from Berlin, which report that not only the deputies of the Reichstag are protesting against the prolongation of the wholesale slaughter of the manhood of the fatherland, but that in the capital and other sides of the empire, peace and anti-war demonstrations are being held.

So far as Britain is concerned, the only subjects of discussion here are the measures to be adopted to increase the ever-growing army in order to insure a certain victory.

TO CHOKO DISCUSSION.

Berlin, March 21.—Via London, March 21.—In connection with the resolutions of the Congress of the League of Nations, the Reichstag, after a long discussion, has decided to support the chancellor in his desire to avoid discussion of the resolution of the League of Nations.

The chancellor will deliver an address before the Reichstag at the end of this week or early next week, but it is considered doubtful whether he will take up the submarine question.

DEATHS AND FUNERALS.

DEATH OF ELI GRIFFITH. The death of Eli Griffith, a well-known hotel proprietor in this district, occurred on Tuesday evening at the home of his brother, William Griffith, Byron. Mr. Griffith, who was 72 years of age, was born on Brick street, just outside the city limits. For some years he ran a woolen mill at Wondersland, later moving to Strathroy, where he was proprietor of the hotel. Some years ago he came into this city and became proprietor of the C. P. R. Hotel, which he ran for several years.

For the past two years Mr. Griffith had been living with his wife at the concession, London Township. A few weeks ago he moved to Byron and made his home with his brother. He had been in poor health for some time and his death was not altogether unexpected.

Mr. Griffith is survived by his wife, Mrs. Rebecca Ann Griffith, and four children: Oliver and John of this city; William of Byron, and Matthew of Lambeth. One sister, Mrs. John Norton of Brick street, also survives. N. G. Griffith, undertaker, of this city, is a cousin.

The funeral will be held on Friday afternoon from the home of his brother at Byron to Woodland Cemetery at 3 o'clock. Rev. Mr. Dunford of Hyde Park will conduct the services at 2:30 o'clock.

TWO MORE ENGINEERS.

The 7th Field Engineers got two more recruits today, bringing the number up to seventeen of the fifty required for the next draft. The men who joined today are H. Roycroft of Guelph, wireman, and P. L. G. Stinson, who transferred from the 70th Battalion.

TRAFFIC EARNINGS.

G. T. R. traffic earnings for the week of March 14 to 19, 1916, are reported to be \$357,542. For the same period in 1915 they were \$357,147. This is an increase of \$395 for the current year.

TEACHERS ENTERTAINED.

The teachers and officers of the Talbot Street Baptist Sunday School were the guests of Superintendent A. J. Clark and P. L. G. Stinson at a very enjoyable banquet held in the Sunday school on Tuesday evening.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

There was no change in prices on the local market today. Hay and straw were the only goods brought in, and sales were slow. Eggs are firm, and the demand is fair. Chickens continue to be scarce, and the demand for them is brisk.

Table with columns: Com. Per Cwt., Oats, per cwt., Barley, per cwt., Wheat, per bu., Potatoes, wholesale, etc.

Commodore Barrys Now Leading in A.B.C. Tournament

Chicago Team Takes the Top Position at Toledo From Riehls of Columbus.

TOLEDO, March 21.—Teams from Toledo, the Mason and Dixon line will be centre of attraction tonight in the American Bowling Congress tournament, which now has less than a week to go.

Foremost in interest will be the club from Chattanooga, Tenn., team being the one from the farthest southern point ever reached by the A. B. C. Knoxville, Tenn., Lexington, Ky., and Louisville, also have clubs entered. The star scores, however, are expected from seven Hoosier clubs from Fort Wayne. Fort Huron has also been eliminated. The others in the present meet, Wallie Pierce, the national champion, now registered from Indianapolis, will also roll today.

The great finishing spurt showed by the individual players of the Commodore Barry team, of the Knights of Columbus League of Chicago, will give them the preference in the earlier rolling in the minor events, although Indianapolis will put the full strength of its delegation on the line in the doubles and singles contests. Ed Kelly, the star of the K. C. team, has already rolled his minor events with little effort, and he is eliminated. The others being watched closely by the fans, however, as it took great work on their part to pass the big mark.

Standings: Commodore Barry, Chicago, 2,200; Riehls, Columbus, 2,288; Williams, Rochester, 2,288; Johnson, Detroit, 2,288; Jose Gomez, Chicago, 2,288.
