

BARNED ANXIOUS TO RETURN DECLARING HE CAN WIN CASE

WOMAN GIVEN TEN YEARS ON MANSLAUGHTER CHARGE

Canadian Press Despatch.
Edmonton, Nov. 6.—Sentence of 10 years with hard labor was imposed on Mrs. Koska Kominsky by Mr. Justice Ives in the criminal court this morning after the jury had brought in a verdict of manslaughter.

Mrs. Kominsky was tried for the self-confessed murder of her husband, Joseph Kominsky, with a heavy monkey wrench at Red Water on June 2 last.

After the sentence had been translated to the woman by one of her counsel, she collapsed.

QUART OF WATER CLEANS KIDNEYS

Take a Little Salts If Your Back Hurts or Bladder Is Troubling You.

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness, and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.—Adv.

It Has Healed Many of Eczema Why Not You?

If you are afflicted with skin disease, the kind that needs to be treated medically, investigate this discovery. Many skin specialists are recommending it in preference to their own prescriptions.

The formula is being published and physicians note that it contains the rare lime T.D.D.M.H.C.

How long have you had to endure disfigurements—humiliation—itching—redness—How many times have you looked into the mirror and wished you had an unblemished skin? How many times have you followed hopeful advice in vain?

You will not be disappointed in the action of this remedy. It works instantly on the inflamed and tortured skin. The rough, unhealthily surfaces assume that healthy look you have perhaps not known for years.

THE COACH'S JOB

Something of the taskmaster, the general and the diplomat, first of all the doctor must be hidden away in the man who would be the coach of a successful football or track team.

Emergencies of all kinds are his daily routine. A thorough knowledge of first aid is as essential as a knowledge of the game played by his men.

Bumps, bruises, strained ligaments and muscles are every day happenings, but the coach never becomes contemptuous of them. He knows that if neglected, they may result in anything.

Trainers everywhere keep Absorbine Jr. in their lockers. They use it not only for sprains, cuts and bruises, but for the skin and blood protection of its disinfecting properties. In one convenient container it combines the functions of a number of preparations.

It is the first of all the First Aid requisites in use in all of the leading athletic clubs.

And there are just as many everyday uses for Absorbine Jr. in the homes of Canada as there are in the training camps. Always keep it in the home where you can "jump to it" in case of emergency. \$1.25 at your druggist.

RETURNS IN 2 WEEKS

Special to The Advertiser.
New Orleans, La., Nov. 6.—Unless he alters his announced intention to waive extradition, Frank Barned, alias Vanstone, Canadian cripple wanted on a charge of murder, probably will be sent back within two weeks.

A hearing before United States Commissioner Browne is scheduled within a few days. Vincent Henry St. John Hucksing, British consul-general for the south with headquarters in New Orleans, will be represented by Attorney John E. Jackson. In view of the fact that Barned has announced he will waive extradition, the hearing will be a mere formality, and Commissioner Browne will sign the extradition papers.

Barned is in historic Parish prison. He is occupying the most pleasant quarters the prison affords, known as the "marble hall." He sleeps in a comfortable bed and his food is better than the average prison fare. He spends most of his time reading, save for an hour or two each day when he exercises in the prison yard. Barned has told his story of the death of Shirley Muirhead. He says it was an accident. That the car he was driving became unmanageable and ran onto the sidewalk, where Muirhead and Muirhead's wife were walking with Barned's wife. Barned said he didn't even know Muirhead. Had just met him the night before. Barned admitted, however, his domestic life was turbulent because of another man, but he avers Muirhead was not the man.

Barned maintains an impenetrable front. "They've got nothing on me," he says. "I'm going back because I know I can win the case."

DOMINION'S DEBT SHOWS DECREASE

Figures For October \$9,057,776 Less Than Total For September.

Canadian Press Despatch.
Ottawa, Nov. 6.—The net debt of Canada decreased by \$9,057,776 during the month of October, in spite of a decrease of approximately seven million dollars in ordinary revenue. The debt now stands at \$2,376,349,075, as compared with \$2,385,406,851 on Sept. 30 last. Ordinary expenditure during the month of October was approximately four millions less than during September, amounting to \$18,000,081. Last year the net debt of the dominion decreased by \$11,422,589 during October.

Ordinary revenues of the dominion for the seven months of the fiscal year ending Oct. 31 last were \$22,855,603 less than in the seven months period of 1923-24. Total ordinary revenue collected this year was \$214,494,342 while during the seven months of the previous year it amounted to \$247,349,745. There were marked decreases in revenue from customs and excise taxes. Customs revenue during the seven months of the present fiscal year amounted to \$64,745,876, as against \$72,157,272 for the same period a year ago, or a decrease of \$8,411,496. Excise tax collections during the year totalled only \$47,890,911, as compared with \$73,229,911 in 1923-24, or a decrease for this year of \$25,339,000. Income tax collections increased from \$47,681,290 last year to \$50,514,911 this year.

During the month of October alone excise tax collections totalled \$7,515,270, as compared with \$12,382,112. The decrease in revenue from excise taxes is accounted for to a great extent by modifications in the sales tax. Ordinary expenditures for the seven months just ended totalled \$152,385,204, as compared with \$154,769,583. The largest single item under this head, interest payments on the public debt, totalled \$22,836,334, as compared with \$63,838,121 a year ago. There was a small increase in the total disbursed for pensions, and a decrease in expenditures for solid and civil re-establishment, which totalled \$4,300,748 during the seven months.

O. T. A. VIOLATORS WILL BE HARD HIT

Ferguson To Introduce Stern Amendments To Act at Next Session.

Canadian Press Despatch.
Toronto, Nov. 6.—Premier Ferguson has under consideration amendments for the tightening of the O. T. A. and unless something unforeseen occurs, amendments to that act making it more all-embracing and enforceable than at present, will be introduced at the next session of the legislature by the government.

In addition, Attorney-General Nickle has under review the whole provincial police organization for the purpose of, as he states, "securing the maximum efficiency" in the enforcement of the law. If changes or additions in the force are necessary to secure this goal, they will be made. It was indicated that the amendment of the various branches of the act, including those sections governing penalties, would be aimed chiefly at those who sold liquor for gain. It was indicated that if the infractions of the act were discovered where breweries or distilleries sold beer, or where a man sold it over the bar, or where liquor was sold in dives, that the government would regard the principle in all these cases as the same, and punish accordingly. There was to be no discrimination; anyone proved to be selling intoxicating beverages in breach of the act would be punished.
