

New Era of National Unity Is Launched In Winnipeg

Citizens Come From All Corners of Canada to Big Winnipeg Parley.

130 DELEGATES THERE

Sectional Problems of Today Will Be Probed—Sir J. Aikens Opens Session.

Canadian Press Despatch. Winnipeg, Nov. 16.—Bringing together representatives from every section of Canada in an endeavor to solve many of the pressing national and sectional problems confronting the country, the dominion conference of the boards of trade and chambers of commerce, the first of its kind ever to be held, opened in the parliament building here this morning at 11 o'clock, following the registration of about 130 delegates. The delegates include economic experts from every province of the dominion, as well as leading financial and political representatives.

Sir James Aikens, lieutenant-governor of Manitoba, officially opened the conference with an address of welcome in which he stressed the importance of the meeting and the hope of a successful discussion looking to the finding of solutions for the eastern and western Canadian problems and a better understanding between east and west.

Sir James was followed by Premier Sir Bracken, of Manitoba, and Mayor Ralph H. Webb, of Winnipeg, who welcomed the delegates to the province and city.

The opening address was delivered by Sir Thomas White, former finance minister of Canada, at 2:30 o'clock, and was followed by John M. Macleod, president of the Edmonton board of trade, who discussed immigration and colonization questions. The discussion of immigration problems will form an important part of the conference, while freight rates, especially in regard to the maritime provinces, will be another problem emphasized.

In the afternoon, Sir James Aikens, lieutenant-governor of Manitoba, and Mayor Ralph H. Webb, of Winnipeg, will discuss the maritime provinces, and the delegates will discuss the maritime provinces, and the delegates will discuss the maritime provinces.

The delegates will discuss the maritime provinces, and the delegates will discuss the maritime provinces, and the delegates will discuss the maritime provinces.

The delegates will discuss the maritime provinces, and the delegates will discuss the maritime provinces, and the delegates will discuss the maritime provinces.

The delegates will discuss the maritime provinces, and the delegates will discuss the maritime provinces, and the delegates will discuss the maritime provinces.

SIR JAMES AIKENS, lieutenant-governor of Manitoba, who opened the national conference of boards of trade and chambers of commerce in Winnipeg this morning.

NOTICES MAILED TO CITY ELECTORS

Instructions as to Place of Voting Sent Out by City Clerk.

BIG VOTE IS URGED

Proposed Expenditure of City Is Set Forth in Concise Way.

Electors of the city qualified to vote in the municipal elections to be held Dec. 7 will receive from the city clerk's office in the course of the next few days official notice as to where they may vote and instructions as to the various ballots they are entitled to cast.

A number of these notices have already been mailed. Accompanying the notices is a neat pamphlet calling attention to the elections, a stockholders' meeting of the city of London and urging every citizen to "vote as you please, but vote."

The pamphlet prepared by the Kiwanis club as a piece of public service draws attention to the fact that last year only 45 per cent of the voters cast a ballot in the civic elections.

A concise printed statement also accompanies the notice setting forth the proposed expenditures of public money for the forthcoming year. It states:

Expenditures. "It is interesting to note that in 1925, as compared with 1924, according to the clerk's estimates: 'The proposed expenditure for general government is increased \$13,416. The increase was brought about mainly by the overdraft of 1924 being the sum of \$24,740, occasioned by the loss of expected taxes in the annex as a result of a decision of the court and an increase of \$16,000 in special grants, \$9,000 expended in housing greater than anticipated, and the Springfield park driveway and West Park buildings took an extra \$15,000. There was also the necessity for the construction of the storage yard, itself by increased efficiency. Careful economy in committee work fortunately reduced the amount of the overdraft. The revenue received was \$2,000 less than expected. The revenue from taxation increased 25 cents per capita. Finance general—salaries, wages, etc.—increased \$4,000 due to the growth of the business of the city; the departmental costs are being reduced by the introduction of economy. A little increase was made in general organization costs.

"The proposed expenditure for protection of person and property is increased about \$14,477.18. The increase was brought about mainly by an increase of \$500 in police department, \$1,000 in fire department and \$2,000 in motorization, \$1,500 in town planning costs, and \$2,000 in street lighting. The revenue received was about \$600 less than expected.

The increase was reduced by economy wherever possible.

Health and Sanitation. "The proposed expenditure for health and sanitation decreased \$17,050.77. The decrease was brought about by plumbing and sanitation work, by the reduction of \$1,000, bacteria beds reduction \$4,000 and debt charges \$ 6,000. The proposed expenditure for highways increased \$2,811.71. This increase was brought about by provincial highways \$16,610, street repairs \$15,000, suburban area county \$4,000. There was a decreased cost for snow removal of about \$3,500.

"The proposed expenditure for education is \$18,571.58. The college institute expenses increased \$5,000, the public schools \$10,000, the technical school \$8,000 and the separate schools \$2,000. There was a decrease in university payments of about \$8,000.

"The proposed expenditure for charities and correction increased \$28,492.75. This increase is due to an increase of \$600 in industrial school costs, hospital \$7,200, city general relief \$3,000, unemployment relief \$2,000, with a reduction in Byron sanatorium costs of \$1,500 and mothers' allowance of \$1,000."

The main features of the work of the year in council are then outlined.

STEPHEN TOWNSHIP MAN REMOVED ANOTHER WEEK

Tom Ryan, Stephen township farmer, who was removed to jail a week ago on a charge of assaulting his wife, was removed for a further week when he appeared before County Magistrate Zappé today.

Howard Cliff, appearing for the prisoner, asked that the man be examined as to his sanity.

GEORGE PARTRIDGE, who died Saturday, one day after his 65th anniversary, and who was buried today on the 34th birthday anniversary of Mrs. Partridge.

MRS. O'BRIEN IMPROVING. Mrs. W. J. O'Brien, wife of a former well known Londoner, principal of the O'Brien Business Colleges here, is in hospital at Windsor where she is undergoing a slight operation. She is progressing favorably.

LEGLESS MAN WILL TRY TO GIRD WORLD. The picturesque figure above looks like Long John Silver of buccaneering fame. But in reality it is Lieut. Georges Pernot, former French airman, who lost both legs during the war, and who has now undertaken to walk around the world to win a prize of 7,000 francs offered by a French society. He has 20 years in which to complete the journey. He is shown above as he reached Vancouver recently.

BATTLE RAGES IN WESTERN ONTARIO

Two Armies Fighting For Possession of Cobble Hill.

CAMPAIGN ON PAPER

Officers From All Over District Are Taking Part in the Test.

Today a battle is raging in Western Ontario. Two armies are advancing on each other to the point of convergence in the vicinity of Cobble Hill.

Both forces consist of infantry, cavalry and artillery brigades. It is only a matter of hours till these opposing armies clash and the war is on.

It is not a real war, but a war on paper. The officers of the different Western Ontario units of the Canadian army are occupied in repulsing an imaginary invader. The attacking army is advancing on London from Woodstock, and it is the problem of local officers to protect the city.

This problem includes the appreciation of the situation, the selection of outposts and positions, and the attack.

Solved On Paper. Instead of solving these problems on the field, the officers are solving them on paper as answers to written tests. Many of these men are service men and that is the problem of local officers to protect the city.

The officers in charge of the activities are: Col. E. Reid, D.S.O., of London; Lieut.-Col. Seely-Smith, Lieut.-Col. Chesham, Major Thomas, Major A. K. Hemming, all of London; Major J. B. James, Walkerton; Major C. D. Row, M.C., Guelph; and Capt. G. H. Wilkes, Galt.

BOY KING'S DEATH LIKELY CAUSED BY TUBERCULOSIS

Scientists Scout Murder Suggestion After Cursory Examination of King Tut's Wasted Form—Wealth of Jewels in Coffin Dazzles Egyptologists.

By JOHN L. BALDERSTON. Special Correspondent of The Advertiser and the North American Newspaper Alliance. Luxor, Egypt, Nov. 16.—An official bulletin was issued today signed by Carter and Lacau, summarizing their examination of the mummy of King Tutankhamen up to noon Friday.

NATIONS 'ON GRAB' PREACHER ASSERTS

Church Strong Point in Civilization, Declares Rev. C. W. Gordon.

Picturing the nations of the world as "on grab" today, as compared with "on guard" before the war, Rev. Chas. W. Gordon, D.D., (Ralph Connor), Winnipeg, graphically portrayed before the Rotary club today the position of the church as the strong point of civilization.

"In 1914 the great nations of Europe, America and Asia were on guard," declared Dr. Gordon, "expending vast sums of money maintaining their armies. Britain stood guard with that line of defence, her navy, for which we thank God today as the saviour of civilization, while other nations, Germany in particular, stood on guard to the point of an attack."

And instead of being at
