

## Cure Every Form of Indigestion

After you have eaten a meal, the stomach should do two things—pour out a dissolving fluid to digest the food—and churn the food into a completely digested and liquified. Sour Stomach, Belching Gas, Indigestion, Dyspepsia, simply mean that the stomach is not doing its work properly.

"Fruit-a-tives" strengthen the stomach and increase the flow of gastric juice.

"Fruit-a-tives" make the liver active and regulate the bowels. There will be an end to those Bilious Headaches, too, as soon as you start curing your Dyspepsia and Constipation with Fruit-a-tives.

"Fruit-a-tives" contain the wonderful medicinal properties of fruit—in an active and curative form. 50c. a box—6 for \$2.50. At all dealers.

## Fruit-a-tives

OR FRUIT LIVER TABLETS.

## IMMIGRANTS' JOURNEY HAD A FATAL ENDING

Fifteen Killed by Accident to Canadian Pacific Express Train

NAMES OF DEAD ARE ASCERTAINED

Wreck Caused by Broken Rail—Bodies of Victims Buried in the Wreckage of Cars

Winnipeg, April 11.—An official statement made by the management of the C. P. R. with reference to the terrible disaster to the westbound express yesterday near Chapleau station, shows that there were 15 lives lost. Nine adults and six children went down to their death, and their bodies were cremated. Their names are: Wm. Day, London, Eng.; Charles and Susan Horton, Charingheath, Kent, Eng.; C. S. Goulding, his brother and his brother's wife, all of Charingheath, Plawston, Essex, England; Mrs. B. Jorkland and children, of Worcester, Mass.; Mrs. R. B. Chapman and baby, Mrs. R. Davidson and baby.

There were a number of passengers injured and taken to Fort William hospital, but it is stated that none were injured seriously. According to the official statement, the train was running at the usual speed, about twenty-two miles an hour, west of Chapleau, being the regular transcontinental train which left Montreal on Tuesday morning. The train was partly derailed by a broken rail. Two cars ran down an embankment and caught fire, said to have been from the cooking range. It is believed that most of the dead were occupants of the tourist car, were pinned down in the wreckage, and were either killed outright or cremated as the fire consumed the wreckage.

The Canadian Pacific has been fortunate in a number of cases in the past year both in the east and in the west in the matter of railway derailments. The coaches used by the company are from year to year increasing in weight and strength, and to this cause the freedom of the company from accidents resulting fatally is said to be in many cases due. The smaller cars used in former years had not the resisting power of the coaches now constructed, and on railway lines on which lighter cars are used the mortality has been on the Canadian Pacific.

Rheumatic sufferers can have a free sample of Dr. Shoop's Rheumatism Remedy with book on Rheumatism by simply writing Dr. Shoop, Redwood, B.C.

Dr. Shoop's Rheumatism Remedy successfully drives Rheumatism out of the blood, and gives relief only. It aims to clear the blood of Rheumatism poisons, and then Rheumatism must die a natural death. Sold by Cyrus H. Bowes.

## OFFERS TO CONTRIBUTE \$100,000 TO UNIVERSITY

Philanthropist Submits Proposition Through Mayor Kearney of New Westminster

New Westminster, April 11.—Mayor Kearney announced this evening that he had received a cablegram from a well-known philanthropist in England, who offered to contribute \$100,000 towards the establishment of a British Columbia university, on condition that the university be located in New Westminster and Vancouver.

The Mayor has taken the matter up with a number of citizens, and a deputation from this city will proceed to Victoria to lay the proposition before the Minister of Education.

## WINNIPEG INDEPENDENT

Winnipeg, April 11.—The Manitoba government offered to guarantee bonds of the city of Winnipeg in order that money required may be raised without difficulty, but the city declined the offer. Winnipeg has assets of \$200,000,000 and a debt of \$15,000,000. Arrangements are about completed for raising \$4,000,000 from the Bank of Commerce at 6 per cent. The overdraft at the bank is now nearly \$5,000,000.

## DISTRIBUTED MANY GERMS

Unfortunate Case of a Woman Cook in New York

New York, April 11.—An unusual case in medical history is now occupying the attention of the health department in the shape of a cook, Mary Jenson, by name, who is a veritable walking typhoid culture. She received typhoid culture in the Willard Park Reception hospital after spreading sickness and death in half a dozen families in which she has worked since 1902, and infecting at least twenty persons with the disease.

The cook is what is called a "carrier" of typhoid bacilli. She went through an attack of typhoid several years ago, but never completely threw off the infection and continued to spread the bacilli abroad wherever she went. Apparently in perfectly good health herself and ignorant at her enforced detention in a hospital, she is as dangerous to those about her as suffering from an attack of the most virulent kind.

Cases have been known where a person has carried typhoid bacilli for ten and even twenty years. The best of the time during which a patient can carry the germs after recovery is indicated by the fact that she has had the disease in childhood having been known to throw out bacilli after reaching middle age, but few cases are on record where "carriers" actually have spread the infection and given the disease to those around them.

## CLERGYMAN DEPOSED

New York, April 11.—Rev. W. Howland Murray, vicar of St. Matthews Episcopal church, who was arrested by the police at a house in the Tenderloin district on March 13, when he had gone in company with a negro woman, was deposed from the ministry today by Bishop Condit of New York. Bishop Condit stated that he was not satisfied with the conduct of the clergyman, and that he was deposed from the ministry in view of making sociological investigations.

## LAKE CHAMPLAIN TERCENTARY

Albany, N. Y., April 11.—The assembly hall and means committee today reported favorably a concurrent resolution providing for the celebration of the tercentary of the discovery of Lake Champlain, consisting of the governor, three assemblymen and three senators, to represent the province, and a committee from Vermont and Canada, to arrange for the proper observance of the tercentary of the discovery of Lake Champlain.

## BURNED TO DEATH

Stratford, Ont., April 11.—Mrs. Harriet Dewing was burned to death early this morning. In the absence of his wife, she had been keeping house for the past two weeks for Leopold F. P. Koeller. Koeller, who slept down stairs, was aroused shortly after 3 o'clock by hearing Mrs. Dewing moaning, and, proceeding upstairs, found the woman in the bed, which was on fire. He extinguished the flames, but Mrs. Dewing was dead before a doctor could arrive.

## ANOTHER WILD SCENE IN HOUSE OF COMMONS

Unfortunate Insurance Report Stirs Up Row Among Members

SOME HARD LANGUAGE IS USED

Messrs. Fowler and Foster Object to Assurances Insinuating Wrong On Their Part

Ottawa, April 11.—The debate on the insurance report was continued until a late hour. Colonel Hughes moved to reduce the vote by \$30,000. This was defeated by 75 to 17, and then the item passed.

In the senate today Hon. Mr. Scott said the government knew nothing of a new sealing arrangement. The matter had been discussed informally. A discussion took place on the new customs tariff, on which the government presented facts to show that a combine existed among the manufacturers of building paper. Richard Cartwright promised the matter would be looked into.

The acting premier intimated that Sir Wilfrid Laurier and his colleagues when in Europe would like to take advantage of the fact to approach the several continental countries with which Canada had trading probabilities, to avail themselves of the offer contained in the intermediate tariff of Canada.

The house today witnessed one of the most extraordinary scenes in many years. Mr. Fowler was speaking upon the report of the insurance commission. He declared that the government had purchased their lands from the Canadian Pacific in the open market and on the same terms as any one else, and was proceeding to argue that they had the same right to do so as anybody else. Mr. Fowler's remark was met by a number of unparliamentary remarks from the hon. gentlemen. Mr. Fowler's remark was met by a number of unparliamentary remarks from the hon. gentlemen.

Immediately there was an uproar. Cries of "order" came from the Liberal benches, to which Mr. Fowler replied that the jackals could howl but that he did not care. Mr. Aylesworth

## COMMITTEE PASSES THE UNIVERSITY BILL

Debate on the Estimates is Continued in the Provincial House

The bill entitled "An Act to Aid the University of British Columbia by a Grant of Provincial Lands," or, as amended, "The University Endowment Act, 1907," passed through the committee stage in the provincial legislature Thursday afternoon. This measure, which was introduced by Mr. Wright and others, provides for the grant of 2,000,000 acres of the public lands for the purpose of endowing the university, his being the most critical stage, despite strenuous opposition, and now is well on the way towards becoming law. The remainder of the time of yesterday's sitting was occupied in the debate on Finance Minister's budget. Tomorrow, it is expected, this discussion will be resumed in order that their produce might be laid before the assembly.

## FORCED BY ILL HEALTH TO GIVE UP POST HE HAS HELD SO LONG

Lord Cromer Retires from Office in Egypt

Stratford, Ont., April 11.—Mrs. Harriet Dewing was burned to death early this morning. In the absence of his wife, she had been keeping house for the past two weeks for Leopold F. P. Koeller. Koeller, who slept down stairs, was aroused shortly after 3 o'clock by hearing Mrs. Dewing moaning, and, proceeding upstairs, found the woman in the bed, which was on fire. He extinguished the flames, but Mrs. Dewing was dead before a doctor could arrive.

## TRIBUTES IN HOUSE OF COMMONS

Successor is Sir Eldon Gorst—No Change in British Policy Will Be Occasioned

London, April 11.—Foreign Secretary Grey made the very unexpected announcement in Parliament today that Lord Cromer, Great Britain's great plenipotentiary on the Nile, has resigned. It had been known for some time that the health of Lord Cromer, who has been British agent and consul general in Egypt since 1883, was affected, but there was no idea, when he issued his voluminous report on the progress of the Egyptian government, early this month, that his retirement was impending.

Secretary Grey, in making the announcement, said that Lord Cromer, who followed him, spoke with deep emotion of Lord Cromer's unexampled services to the empire, and voiced the nation's regret at his leaving his post in a difficult position. The Foreign Secretary declared that it was the greatest personal loss the public service of the country could suffer.
