Do YOUR part in building a great City of Campbellton, and the growth of the Bay Chaleur County, by patronizing Campbellton and Bay Chaleur Merchants and Factories. Every dollar you spend in Campbellton and Restigouche county circulates and leaves a profit in every hand that holds it. Money sent away frrom here rarely returns—when you send it away you are deliberately sapping the life and strength of your community. To patronize home industres is a duty every citizen owes to himself and those he loves.

The CYCLONE.

The fury and danger of the Cyclone is nothing compared to the destruction is used by the mail order business. The havoc caused by this evil will never be known. It can be a recoked ned in figures. One well-known mail-order house alone issued and circulated in party or twenty million catalogues. Towns have been wired out of existence, land values wrecked, farms depopulated and business brought to a standstill. Thinking people of all classes—farmers, recrebants, manufacturers—are now alive to the danger and have begun work to counteract its effects. Every town is being u rged to wage a can aign of eduction to arouse the thought of the people. The imaginary, long-distance bargain has never yet measured up to the standard and value of HOME bought go ods.
