**TIMBER MARKET.**—Prices of timber and deals continue the same as our last quotations. By our extracts it will be seen, that serious con- flicts had taken place in China between the British troops and Chinese, in which our Government has gained important colonial privileges and a triumph of arms.

#### ST. ANDREWS & QUEBEC RAILWAY.

We congratulate the public upon the favourable prospect as regards the success of this project. In our last we published the Prospectus of the Compa- ny, by which it appeared that the countenance and support given to the undertaking in London, was sufficient to ensure its success.

By the July mail, letters have been received from our indefatigable and zealous Delegate, Captain JOHN J. B. MURPHY, who remains in London, giving most encouraging accounts of the prospects of the Company. Additional shares have been disposed of and stock paid in, and we learn that the Right Ho- nourable Lord ALBERTON, has become one of the London Board of Directors. The following is a copy of his Lordship's letter to Capt. Robinson:

[COPY.]

SIR.—In reply to your note, I beg to say, that I will take with pleasure a small interest of (£500) five hundred pounds in the St. Andrews and Woodstock Railroad Company. I am getting too old for any extensive adventures of this or any other kind; but I feel so strongly interested in the settling of your fine Colony, that I am tempted to take this trifling investment in a useful undertak- ing connected with it.

I congratulate you on having Lord FITZWILLIAM to place his name at the head of your London sub- scribers; you could not possibly appear before the public more advantageously than you are.

Your very obt. Servt.

ALBERTON.

J. ROBINSON, Esq.

The public Lord will prove a powerful auxiliary to the Board. Captain W. D. FOSTER, R. N., and George BUNGE, Esq., both highly influential gen- tlemen, have also been added to the Directorship. The Directors seem determined to take active and en- ergetic measures for the furtherance of this enter- prise, and it becomes the Shareholders' duty, and the pub- lic generally to render their support. We still ad- vocate the principle of depending upon ourselves. Let us respond cheerfully to the calls made by the Directors, and at once pay up the 10 per cent. upon the £50,000 of stock to be taken in this country, that upon the arrival of Capt. Robinson, who will be ac- companied by an Agent sent out by the London Stockholders, all may be found prepared on this side the water, for immediate work—that our En- glish friends, who are so nobly assisting us, may find that we ourselves have done all that was in our power, and all that could be done in furtherance of the work in which we are so deeply interested.

We are happy to hear that the Stockholders are daily paying in their 10 per cent. and taking out their Stock Certificates. It will, we believe, be six months before another call will be made.

MEXICO.—There is nothing definite from Mexi- co. Santa Anna was fortifying the city and cast- ing cannon. Several U. S. regiments had arrived at Vera Cruz.

FIRE.—On Wednesday night last, about half past 9 o'clock the School House on the Commons, near the residence of Mr. Charles Stevenson was discovered on fire. When first seen the flames had not made much progress; but owing to the absence of the male members of the inhabitants, who were attending a Meeting in Town, the upper end of the building was consumed, before assist- ance was had; and we learn, that had it not been for the fortitude and activity of some females, the House would have been burnt to the ground. The fire is said to be the work of an incendiary, brush having been piled against the house and set on fire. This is the second attempt made this season to destroy the building by fire—and we trust the party will be discovered, and receive that punish- ment which he merits.

MADRAS SCHOOL.—We have been requested to state, that the Madras School in this town, will be opened on the 26th inst. The Teachers of both Departments come highly recommended.

NEW POTATOES.—On Thursday last Mr. Alex. McCurdy brought to town some new Potatoes, raised on his farm, many of which weighed 4½ oz. and measured 3 in. by 2½. These were the first new ones brought into our market this season.

It was rumoured in Boston, that the Hon. Daniel Webster had been severely gored by one of his imported bulls on Saturday last, at his farm Marshfield.

One of the passengers by the Alabama, says the N. O. Bulletin, informed us that Gen. Pierce, with a large train and a column said to be 2000 strong, consisting of reinforcements for General Scott, would leave Vera Cruz in a few days, prob- ably about the 6th. These troops had arrived since the departure of the last column under Gen. Pillow, and embraced nearly all the balance of the reinforcements belonging to the ten new regiments, and with the troops of Generals Pillow and Cad- waller, would make an addition to Gen. Scott's army of between five and six thousand men.

The Chinese junk Keying, with a cargo of manufactures from the Celestial Em- pire, arrived at New York on Saturday last, after a passage of two hundred and twelve days! She is 700 tons burden, and manned by a large crew.

Mercantile Fluctuations.—Mr. Chandler writes in his recent Valetictory, says the Phil- adelphia Post, that there is not one mercan-

tile firm in Philadelphia, that was in exis- tence twenty-five years ago.

**A Nunnery in Pennsylvania.**—The Roman Catholics have purchased the beautiful estate of Mr. Cowperthwait, on the Delaware River, near Andalusia, Bucks county, for \$30,000, for the purpose of a nunnery.

The Baptist Association of this Province held its annual meeting for this season at Jacksontown. It commenced on Saturday and continued its proceedings until Wednes- day, when they were brought to a close. We understand that a resolution was passed divid- ing New Brunswick into two districts, so that in future there will be two Associations of that denomination in this Province.—This no doubt will be found a good arrangement, saving both time and expense.—Woodstock Telegraph.
