PROCEEDINGS OF THE ANNUAL SESSION OF MUNICIPAL COUNCIL

Reports Read and Passed at the Annual Meeting Held at Annapolis Royal

REPORT OF COMMITTEE ON TENDERS AND PUBLIC PROPERTY

To the Warden and Councilors of the Municipality of Annapolis:

Gentlemen:—Your Committee on Tenders and Public Property beg to submit the following report for the year ending December 31st, 1921:

In introducing this report we wish to state that it has been the object of your Committee to discharge their duties in an impartial way, endeavoring to safeguard the interests of the Municipality by only authorizing such expenditure as seemed necessary, but notwithstanding our efforts we have to report an increase in the cost of maintaining our outside poor and the Contingent account. Much, it not all, of this increase has been due to sickness, and our doctors' bills in the past year have been more than three times the average amount for the three previous years.

The Hospital and County Home have maintained their past record and under the efficient management of their respective superintendents continue to be probably the best conducted institutions of their kind in the province, and though during the past year they have been occupied by their fullest capacity the health of the inmates has been generally good and their comforts provided for.

The farm operations and general work about the buildings furnish a certain amount of employment for such of the inmates who are physically fit for work, and we must thank the people of Bridgetown for the religious services and entertainments furnished in the Recreation Hall for the inmates of the institutions.

Some minor improvements have been made about the buildings of which might be mentioned, the laying of several floors in the colored quarters and the building of a summer house in the yard for the comfort of the women and children.

It has been suggested by Dr. Hattie that toilets might be installed in each of the large dormitories which would make the sanitary conditions of the County Home fairly satisfactory.

The board of the inmates of the County Home amounted to about 5,000 weeks.

During the past year we have bought two horses and three cows at a cost of about \$675.00 which accounts for some of the extra expenditures and which, we hope, will not have to be repeated for some time. The horses purchased have, however, proved to be a very fine team for the farm.

STOCK ON FARM

12 milk cows,
2 heifers,
2 horses.

During the past year your Committee has endeavored to conduct a satisfactory ferry service and have, we believe, approached as nearly to it as in the past, and though the net cost to the county has been large we are pleased to report this service does not show as great a deficit as last year.

But now we have the bridge, we feel like shouting Glory Hallelujah, "It is finished," and hope your Committee will soon feel safe to mingle with the citizens of Annapolis Royal and Granville Ferry.

We advertised for tenders for supplies for three months, beginning December 1st, 1921, and the following were accepted:—
