

FOR BEST RESULTS WITH LEAST TROUBLE AND EXPENSE USE

BROWN'S AUTO-SPRAY

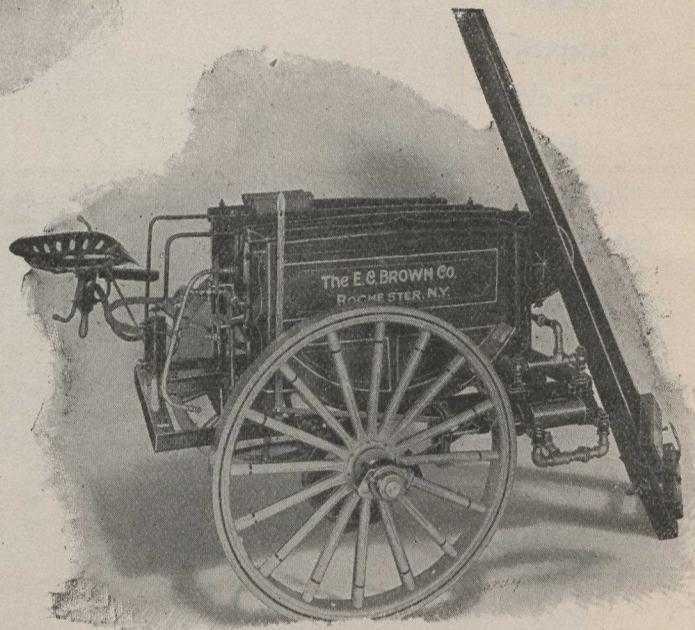

A SPRAYER FOR EVERY PURPOSE, EACH GUARANTEED TO SATISFY OR MONEY REFUNDED

TRACTION POWER "AUTO-SPRAY" No. 28

¶ Traction Power Sprayer, No. 28, has been designed especially for the largest operations and is giving perfect satisfaction wherever used. It gives more power than any gasoline engine outfit, yet the power costs you nothing in labor or money. It is generated by gearing to the wheels of the cart. It is entirely automatic in action throughout. The solution tank has a capacity of 250 gallons, the air chamber a capacity of 30 gallons.

¶ Vineyard Auto-Spray, No. 15. This is one of our most popular outfits and is universally recognized as the best traction sprayer built for the purpose. While its regular equipment is for vineyard use, it is quickly and easily converted into an ideal orchard and general purpose sprayer. These machines are made in 65 and 100 gallon capacities and develop 150 pounds pressure. They throw a spray in the form of a thoroughly penetrating mist or fog.

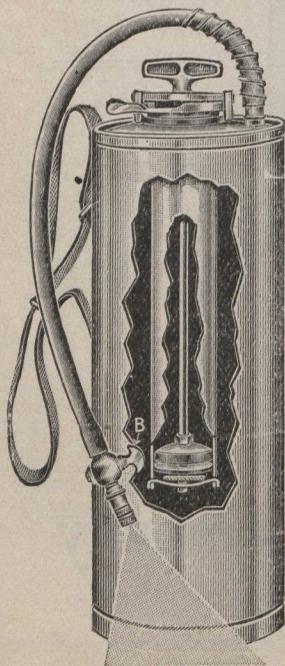

VINEYARD "AUTO-SPRAY" No. 15

¶ Hand Power Auto-Spray, No. 24. For a hand power sprayer our No. 24 has no equal for efficiency and ease of operation. It is low in price, has a wide range of usefulness and develops power sufficient for four nozzles when desired. We furnish this pump fitted to barrel, complete ready for operation, or we sell the pump separately. It operates so easily that one may work it a whole day without unusual fatigue. Made of the best materials throughout, entirely free from complicated parts, it is good for a lifetime of use.

¶ Hand Power Auto-Spray, No. 1, is the giant of all small sprayers. Compresses in 15 seconds enough air to spray 10 minutes. Best for field crops, small fruits, vineyards, greenhouses, poultry houses and all such purposes. Holds 4 gallons and is conveniently carried over the shoulder. Fitted with Auto-Pop Nozzle, it will do better work than any other and save half the solution.

Send for free Catalog and Spraying Calendar. Our catalog illustrates and describes the largest and finest line of sprayers made and our calendar is the most instructive and comprehensive ever compiled. Write to-day.
