have been made on the “*INVINCIBLE*” Bicycle, viz.:—One mile, 2 m. 59 $\frac{1}{8}$  s.; two miles, 6 m. 28 s.; three miles, 9 m. 39 $\frac{1}{3}$  s.; five miles, 16 m. 6 $\frac{3}{4}$  s., and ten miles, 33 m. 32 s.

This is the most convincing proof that these Machines are superior and faster than any others.
