Up to date there has been subscribed to the Fletcher Memorial Fund about \$1,700, which has nearly all been paid in. It has been decided to close the subscription list about the end of March, so it is hoped that any who have not yet subscribed to the Fund, but who wish to do so, will attend to this matter at once. The Committee hope to raise at least \$1,800. It has been decided to erect a drinking fountain at the Central Experimental Farm.—ARTHUR GIBSON, Sec.-Treas. of Committee, Experimental Farm, Ottawa.
