## Structural Steel Co., Limited

Main Office and Works

MONTREAL

SAUVEGARDE BUILDING,  
MONTREAL

In Montreal alone, a number of the most prominent buildings are equipped with the G & G Telescopic Hoist.

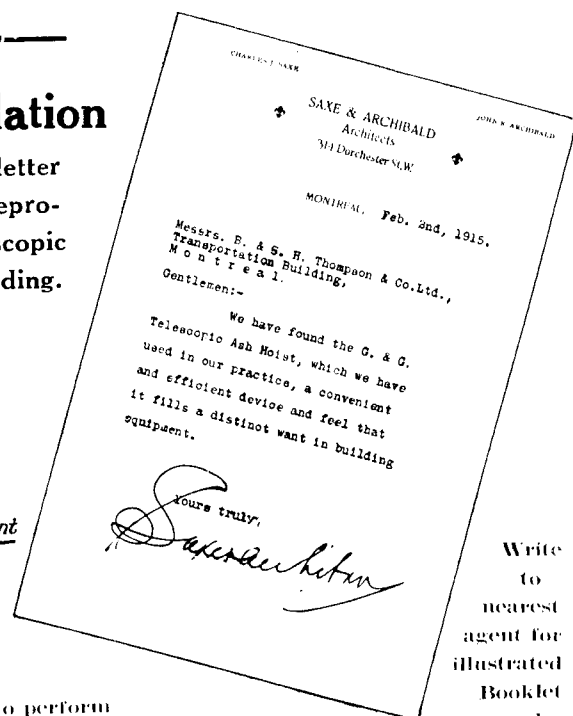

## Another Letter— And Another Installation

Messrs. Saxe & Archibald whose letter to our Montreal agents is here reproduced, specified the G & G Telescopic Hoist for the La Sauvegarde Building.

Raises a maximum load of 500 lbs. at a speed of 30 feet per minute. Operated from sidewalk. Clean, safe and noiseless in operation. Only ash hoist with which it is practical for one man to perform entire removal of ashes.

"Made in Canada"

## YOU NEED HAVE NO FEAR

In considering the question of installing a Semi-Septic Sewage Purification Plant for a Country Cottage or Mansion, a Hospital, School, Sanatorium, or village.

The Semi-Septic System, patented by Tuke and Bell, Ltd., and installed in over 300 places, all of which are completely satisfactory, is reasonable in cost, requires the minimum amount of attention, and can be guaranteed free from smell, and to give a clear, inoffensive effluent.

It is automatic in action, and removes all the dangers and troubles of the old unhealthy cesspool system.
