

Hon. members will recall that I had estimated that total payments to be made this fall would be over \$100 million. Now that we have the results of the wheat operation I am glad to say that the total will be approximately \$130 million.

During this statement I have given the final payments for each of the principal grades of wheat. With the permission of the house, I should like to put on *Hansard* a table giving final payments for all the grades of wheat—some 339 in number—for each of which a separate pool was maintained by the Canadian wheat board.

It is as follows:

Schedule of Payments to be Made Persons Named in Producers' Certificates Relating to the 1950 Wheat Crop
