

December 9th, 1926.

R. R. Blacker, Esq.,
Pasadena, California.

Dear Mr. Blacker:-

Our Librarian, Dr. Lomer, has informed me that once more you have been generous to the McGill Library and that you and Mrs. Blacker have now made it possible for a perfect catalogue of our zoological material to be made up. Anything that Dr. Casey Wood and Dr. Lomer undertake will be well done and a credit to all concerned in its production.

You must derive great satisfaction from having made it possible to collect such an outstanding Zoological Library. I am sorry that you have never seen it and I most earnestly suggest that you consider coming to Montreal on the occasion of our annual Convocation exercises, which take place on the last Friday in May. It would give us great pleasure to have you and Lady Currie and I would feel honoured if you and Mrs. Blacker would stay with us during your visit.

With all good wishes and the assurance that your gifts have been much appreciated by McGill University, I am,

Yours faithfully,

Principal.
