NORTHERN WATERS RICH AS FISHERIES

Hudson and James Bays Afford Excellent Conditions for Prosperous Industry.

By a Staff Reporter.

OTTAWA, Oct. 30.—With a view to developing the fisheries of Hudson and James Bays upon the completion of the Hudson Bay railway and the establishment of a line of steamers from Port Nelson to the inside world, the naval service department sent three expeditions last summer to report on the fisheries of these northern waters. The party which went to the east coast of James Bay found conditions north of the east Maine River excellent for establishing a white fish fishery.

Lake herring are also to be caught in great quantities by gill nets, and the establishment of a canning industry might be quite feasible. Specimens of trout of large size are also found, as many as 40 trout averaging 2-1/2 pounds having been caught with a small net. The Indians stated that large quantities of cod weighing as high as 20 to 25 pounds can be obtained in February and March. Sturgeon were found in nearly all the southern rivers, and information from the Indians leads to the belief that inland in the numerous lakes and rivers which will be tapped by the N.E.R. fisheries of the most valuable of all Canadian fish will be found to be most available.

THOUSAND PASTORS WOULD GO TO WAR

This Number Volunteers to Be Chaplains With Second Force.

NO DEARTH OF NURSES

Militia Department Will Allow Only Fully Qualified Ones to Go.

By a Staff Reporter.

OTTAWA, Oct. 30.—About 1000 Canadian clergymen have applied to the militia department to go to the front as chaplains with the next contingent. If the same proportion of chaplains to troops is maintained as was the case with the first contingent there will be one to every thousand men. Thirty-two chaplains went with the first contingent, and it is learned that over 20 were Anglicans, and the most of the remainder were Presbyterians, Anglicans and Presbyterians far outnumbered the members of other religious bodies in the first contingent.

Before the troops mobilized at Valcartier Gen. Hughes intimated that six Salvation Army officers would go with them as chaplains, but it was found that there were practically no members of the Salvation Army in the ranks, and it was decided to send clergymen whose ministrations would be more familiar to the troops.

As to the nurses to be chosen there is some doubt. Nothing definite will be done until information is received from the war office. It is stated that only qualified nurses will be chosen. Many girls and women have applied who have not had a thorough training, and while their offers of service are recognized as highly patriotic, it is certain that the militia authorities will not allow untrained nurses to be sent, and thereby bring about conditions which would result in wounded Canadian soldiers falling into hands of unskilled nurses. There is a scarcity of qualified officers in the militia at present as a result of so many being sent with the first contingent. The government, therefore, will not allow any more officers to serve as privates as was the case with the first contingent.

CAPITAL OF BUKOWINIA OCCUPIED BY RUSSIANS

Czernowitz is in Their Possession for the Second Time.

Canadian Press Despatch.

LONDON, Oct. 30.—A despatch from Bucharest, Roumania, to The Times, dated Wednesday, and which was delayed in transmission, says that the Russians, after beating the Austrians at Bujana, have reoccupied Czernowitz, capital of the Province of Bukovina.

According to a despatch from Nish, Serbia, to the Havas Agency, dated Tuesday, the Austrians attempted a new invasion of Serbian territory on the northwest frontier. They crossed the River San under the protection of artillery and marched toward Ravna and Radenkowitz, where their efforts are said to have failed against the resistance of the Serbian troops.

CANADA CONTINUES ALL PUBLIC WORKS

New Works to Be Entered Upon When Money Becomes Available.

By a Staff Reporter.

OTTAWA, Oct. 30.—The program of public works under construction by the government is being carried out in spite of the financial stringency. The expenditure of ordinary and capital accounts up to the end of October exceeded the expenditure on these accounts last year by about eight million dollars.

To minimize unemployment, all works under contract are being carried on just as the minister of finance in his August budget intimated would be the case.

BRUTAL GERMANS SAVED BY BELGIAN SOLDIERS

Mob at Ostend Would Have Torn Captured Officers to Pieces.

A Toronto reservist attached to the Field Ambulance Corps, writing to Miss Jones, 24 Harvie avenue, Earlscourt, from an unnamed place in France, described the send-off given to the corps from Southampton and an incident which he witnessed on his arrival at Ostend, prior to the German occupation of that city. He writes:

"We had a great send-off from the wharf at Southampton, the people cheering and presenting us with cigarettes, tobacco, cakes and other luxuries. On arrival at Ostend we were just in time to see a large automobile coming in from somewhere on the firing line, with a German officer strapped to the back and two German privates sitting in front. The people howled with rage, and were with difficulty restrained by the Belgian soldiers from tearing the officer to pieces. "I afterwards learned that the officer was one who was known to have ill-treated women, and perpetrated other misdeeds."

The letter was mailed by a wounded soldier on his return to England, to Miss Jones.

URGES STUDENTS TO DRILL

KINGSTON, Oct. 30.—Principal Gordon makes an attack on the students in today's issue of Queen's Journal for their slowness in offering themselves for military drill and instructions. He declared there would be a great demand for trained men in the summer when the college closed and that the students should volunteer for these classes of instruction so that they would be ready. Only about one-quarter of the students have so far enrolled in these classes.

Men of Second Division

Paraded at Armories

Canada's Second Force Looks Well — Kits Are on Way From Ottawa.

Nearly 500 men who are chosen to go with the second contingent to Europe paraded at the armories yesterday. The men look well and are a proof of the severity of the weeding-out process that accompanied the selection. When Colonel Elliott was asked to name the date of assembly at the Exhibition Park, he answered "any time now. As soon as we can get the place ready. They might move in Monday."

Kits are being made, and some are now on the way to Toronto. The task of equipping the troops is left with the department of militia and defence at Ottawa.

The preparations at the park are nearly completed, and the 8th Mississauga Horse will leave today. The canteen has been left in the hands of the Y.M.C.A. and will be "dry." No orders for extra troops are yet at hand.

A meeting will be held at 8 o'clock on Tuesday evening at the Clearing House, corner Yonge and Wellington streets, for the purpose of organizing a Bank Messenger Company as a unit of the Toronto Home Guard Association. S. N. Francis of the Metropolitan Bank, will inform anyone who is interested.

FARM BUILDINGS BURN WITH HEAVY LOSSES

Special to The Toronto World.

CORNWALL, Ont., Oct. 30.—A barn on the Carton farm, owned by the Longue Sault Development Company, of which Charles Cornell is tenant, caught fire from some unknown cause and was completely destroyed, together with two horses, two pigs, all his hay, grain and fodder and most of the farming machinery. Sparks were blown to the Sutton farm, occupied by William Raymond, and set fire to the barn, but was extinguished. The fire then spread to the McLellan farm, and the barn, house and several small buildings were completely destroyed, as well as three pigs, several hens and all the farming tools except a wagon and carriage. Curtis Wells is the occupant of the McClellan farm. The loss in each case is heavy.
